EDITORIAL

Yoyoyo...
Here's our new papermag, it's with
less text but with many photos.
It's a so called photo-mag with 39
photos and 54 Dudez.
On a meeting in 1993 at SGT. PEPPER's
house we had the idea to make a paper-
mag. The name 'LOGBOOK' is an idea
from ECHO/ex-EXCESS now CP. He say
that we can take 'LOGBOOK' coz at
this time he was in EXCESS!
So LOGBOOK' was our new paper-photo-
mag. I hope it's interesting for you...

NITRO

There's a life after CRUNCHERREVIEWS

When we released NITRO#14 we never expected such bad reactions to the CRUNCHERREVIEWS. All happened during our big intern problems. NITRO was near the death as many members were lazy in that time. This issue was delayed 5 weeks, and it was a wonder that we released it. Maybe it was one of the lamest reports ever written in any magazine! But we can't change it anymore. In future we will check all texts better than before. We hope you enjoy the forthcoming NITROs...

About IKARI...

Yep Dudez...

Some words about IKARI, everyone know, that IKARI was a fake!! HUNTER cracked some budget games, which should be better and about some he said they get a fix, but nobody on the boards saw a HUNTER-Release (fixed) on the boards!! IKARI wanted to release MAMBA, look at the both Votesheets, do you see what's the same on both sheets? If not, look at the sign or at the Disks! They have ripped some things from the IMMORTAL FLASH sheet.

NEWS AND RUMOURS:

MAMBA wasn't release, I don't know why, but they released a fake issue of da Mag CORRUPTION... It was released with a old CORRUPTION outfit! I want to print the CORRUPTION sheet but I don't find it! So I discripe it a little bit. Over it was a loqo, ripped from the Intro of it. The other part was the same as the MAMBA sheet! So, if someone say IKARI was no fake, I can't help anymore!!! I can only say. Be fair and friendly, before you end as HUNTER/WOW/TALENT/LEGENT/SUCCESS/ALPHA FLIGHT/... (and in all groups where he was in)

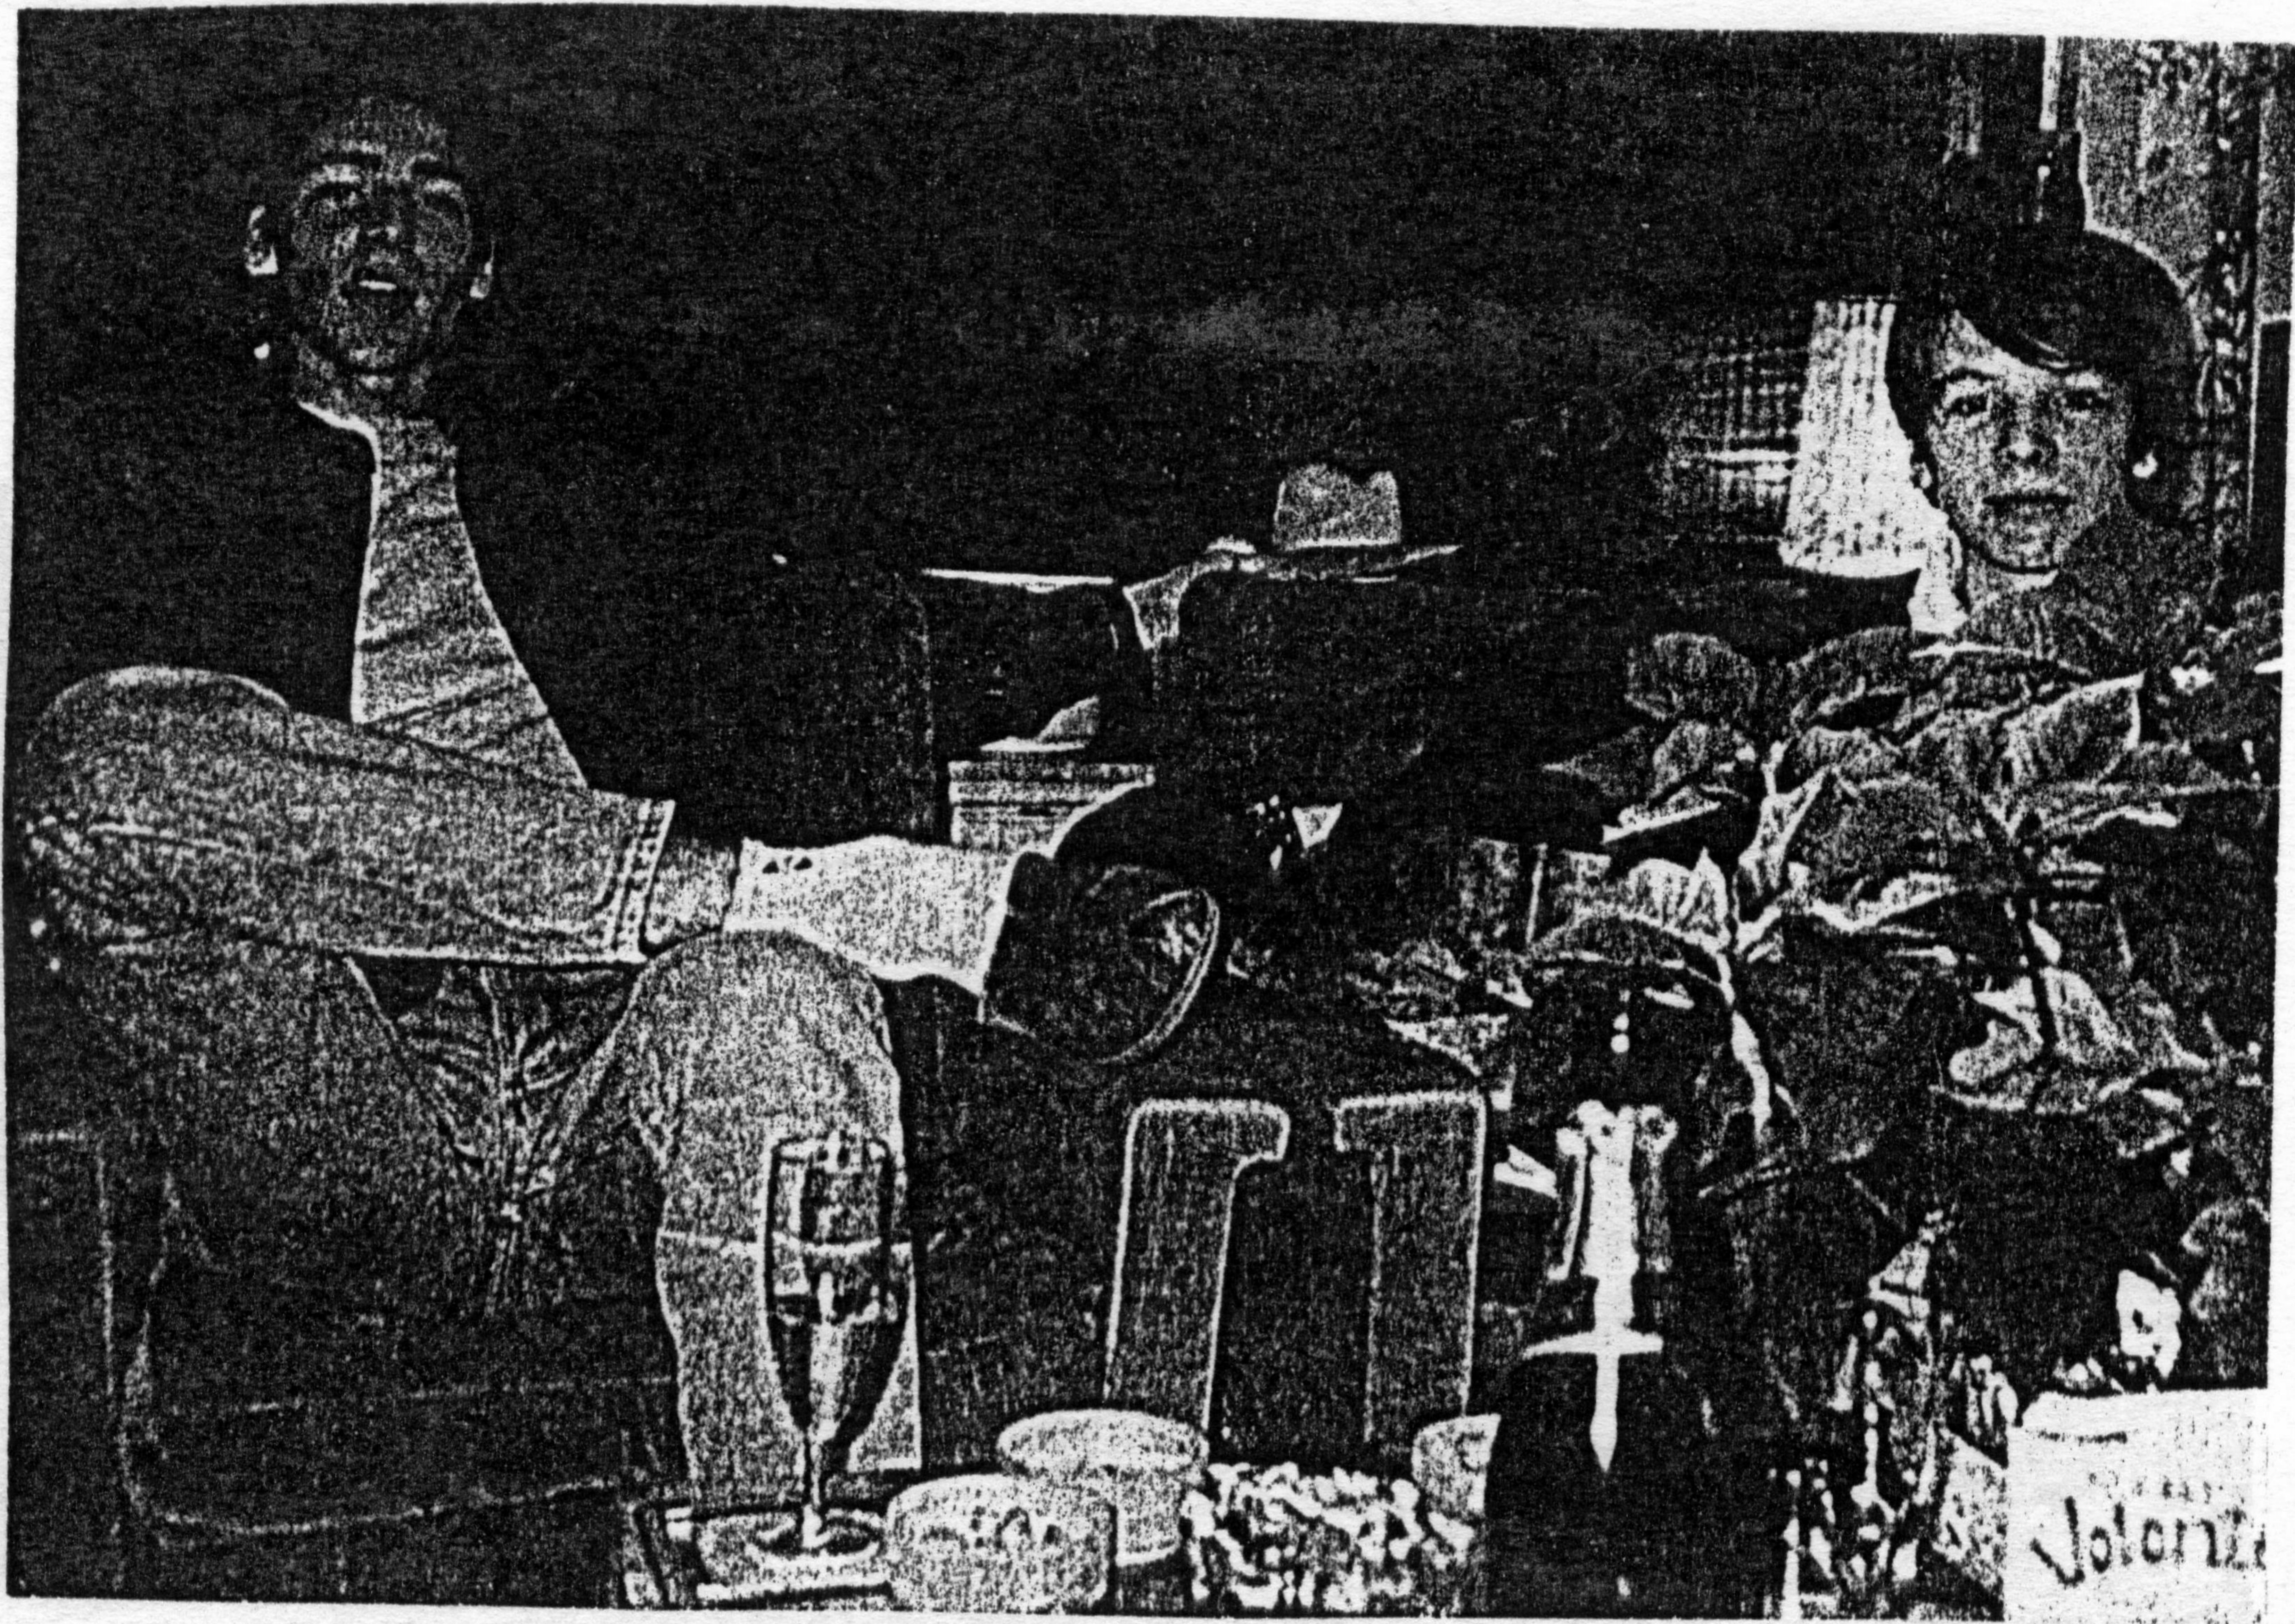

The Mean Machine and
Dusty, all Accept...

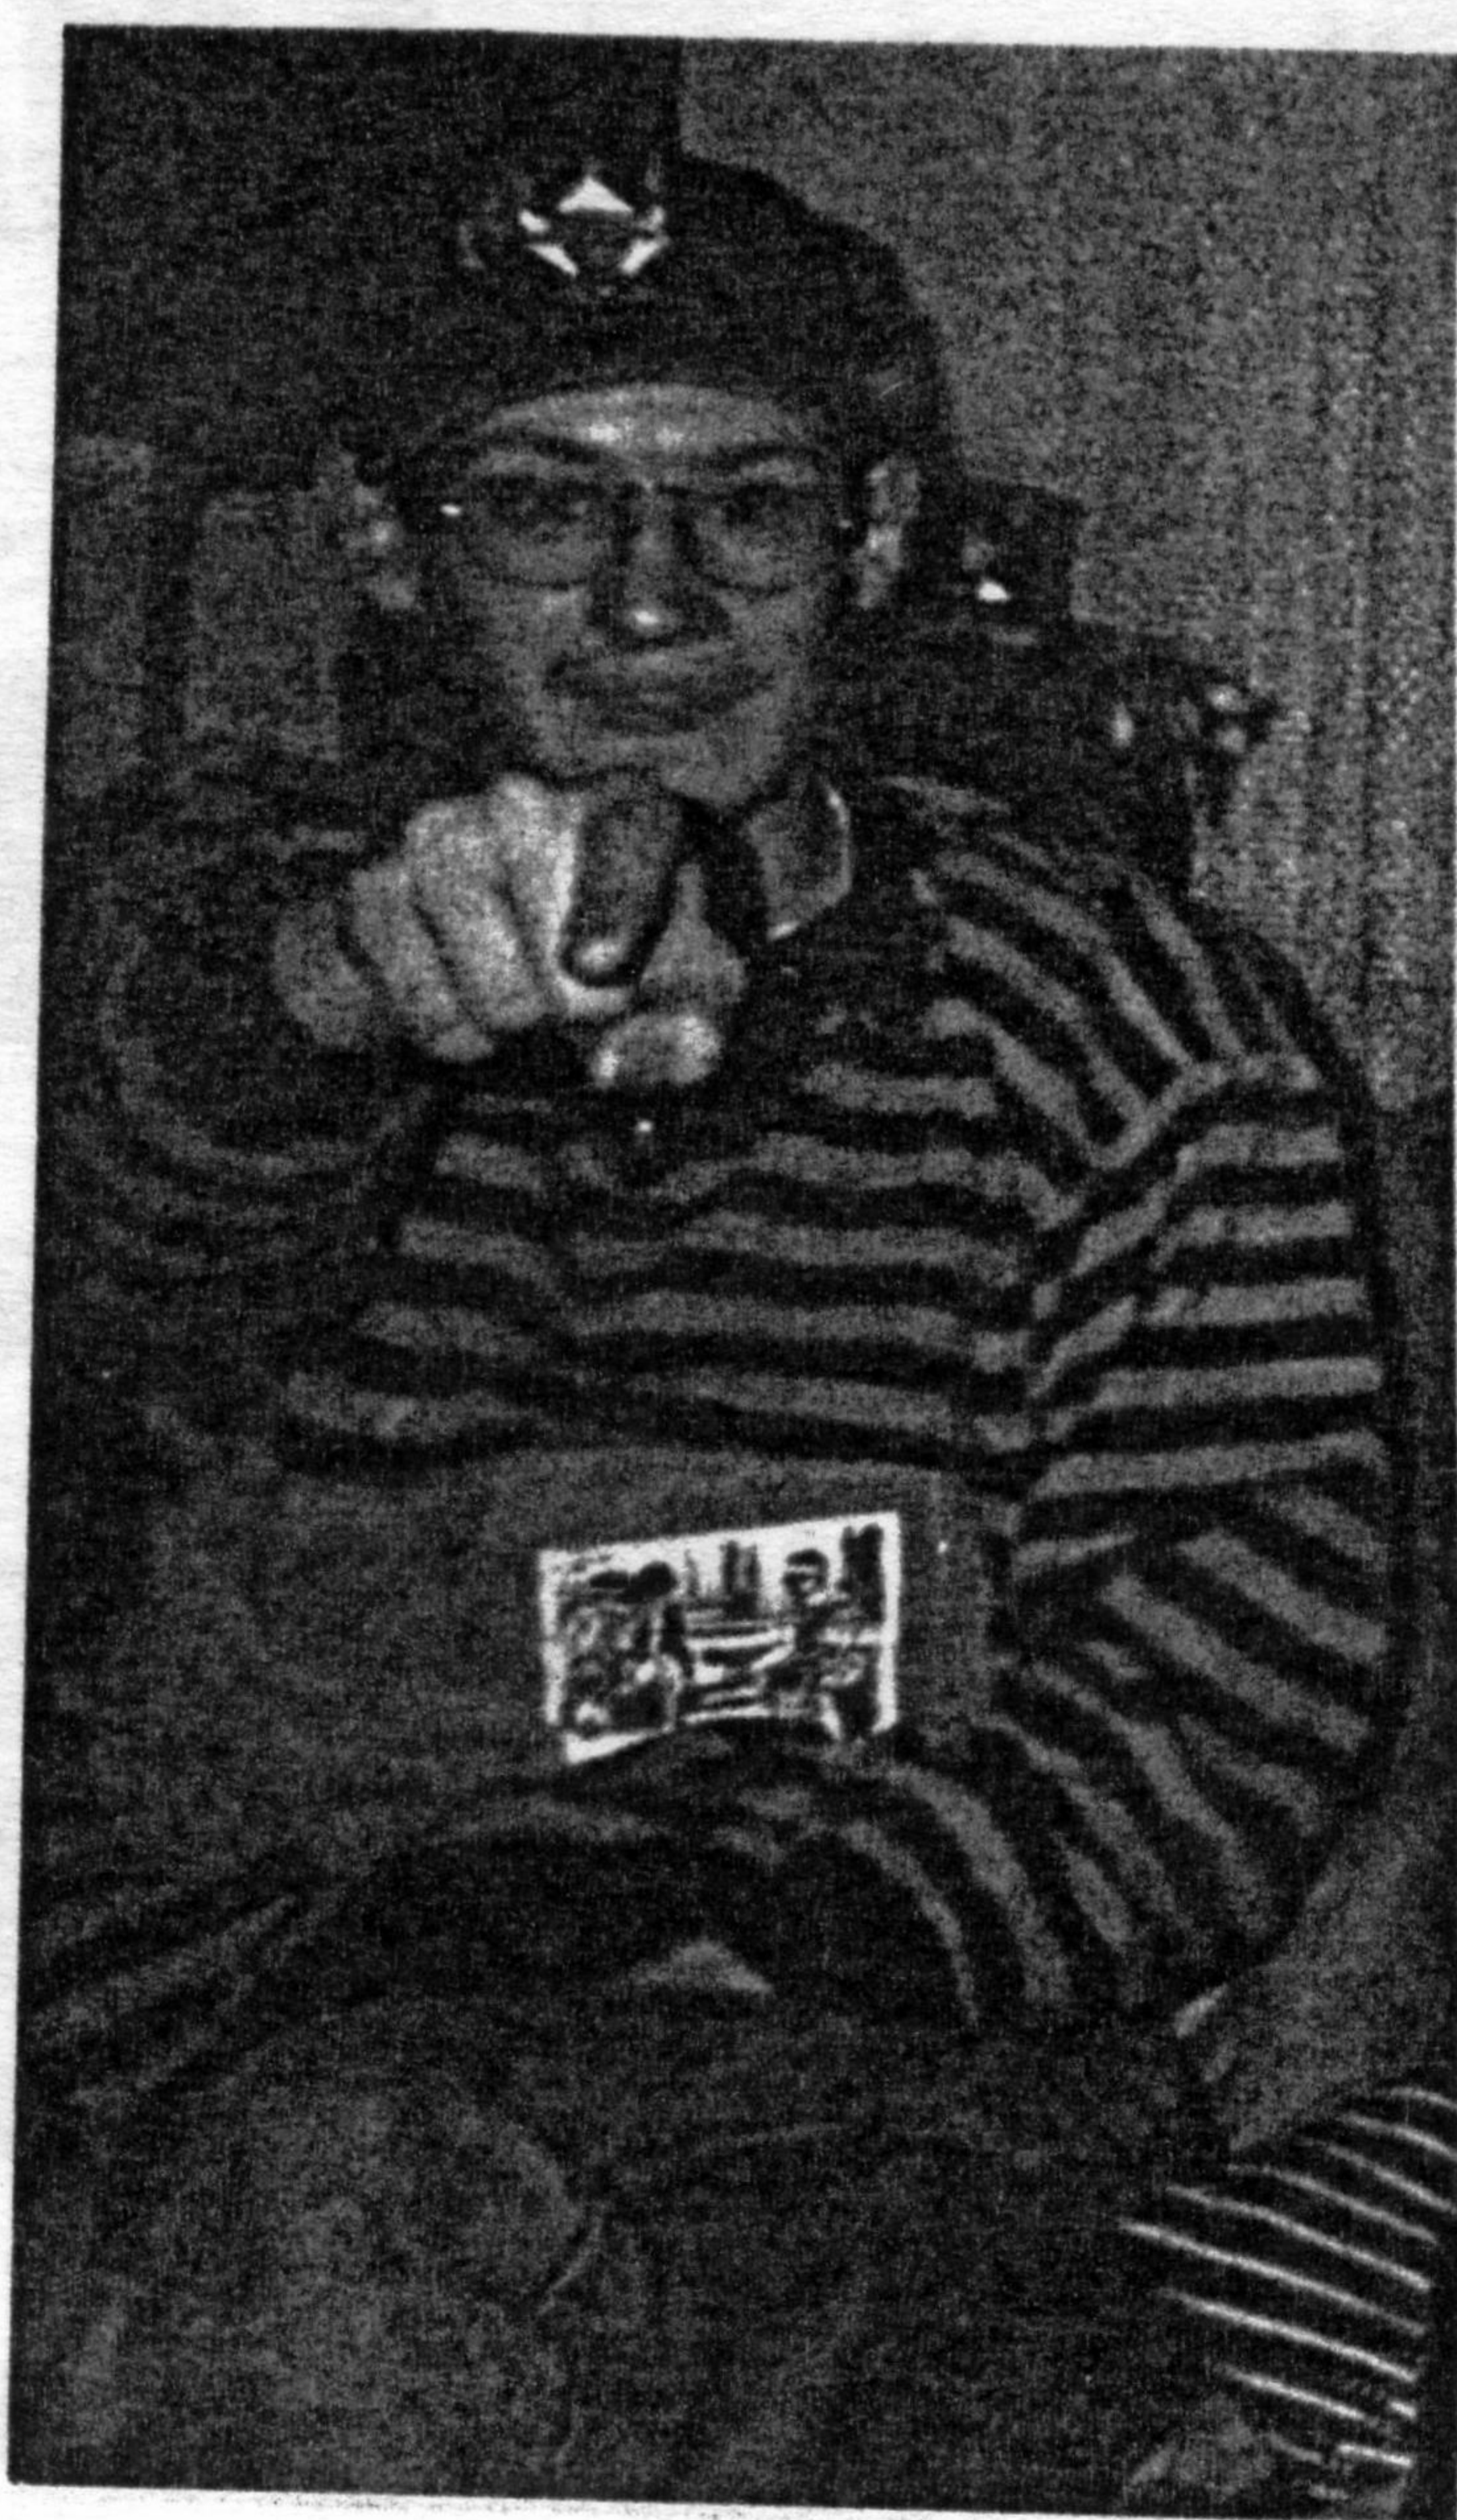

And again Vain...
