Track-IT® Suite 2003

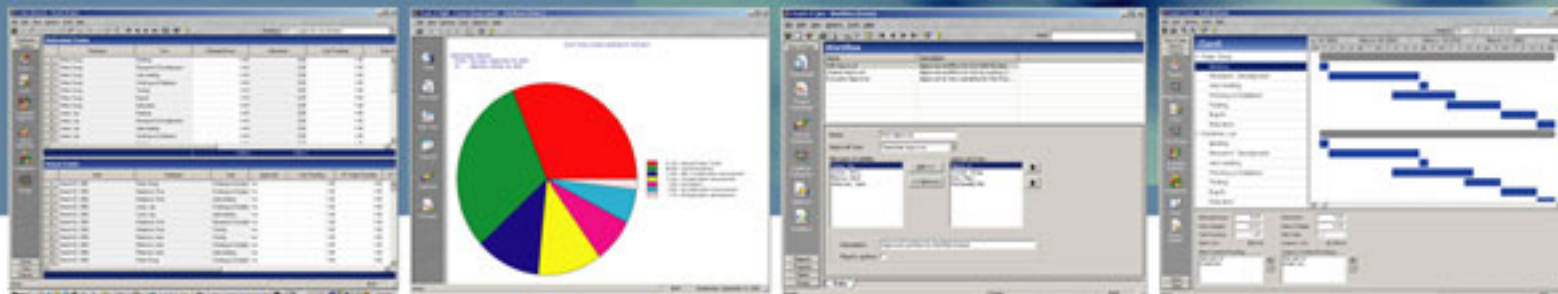

Your Enterprise-Wide Solution

**" Install and Deploy Track-IT
throughout your entire organization
in a matter of hours "**

DOVICO is a 'Time Management Company', so our time management software is created to be time efficient and very user friendly. For example: Employees whose companies are using Track-IT® Suite timesheet software, don't need to pick one tool for timesheet entry, as they can easily enter their time sheet and expenses through multiple integrated Timesheet Entry Tools™ (Wireless, PDA's, ASP, Web, WWW, Internet, Intranet, Local Area Network (LAN), WAN, Thin Client Servers, and E-mail

"... Wanted to let you know the Track-IT Software from Dovico has worked effortlessly since we had installed it 9 months ago. The program is extremely stable and the learning curve is extremely low. "
