24. LAST WORD

Yes, again we in HYSTERIC strike back with the absolute phenomenal BULLET PROOF #5, spread on the ruling LIGHT party in Sweden. Since the last issue it took again 3 months to blow this new issue out. During this time F4CG blew their cool PIRATES out, SUNRISE the cool MILESTONE and SUCCESS+DOMINATORS the lame ZEROPAGE (you can also say to it BULLET PROOF 2, sorry but that's my opinion). Normally I want to do a papermag together with TANJA and EROTYC, but this was not that good as I thought. It splitted, coz of the unactivity of the copy dude and the name. I don't want to change the name, coz I think BULLET PROOF has a name and is really good. Okay fast the new BULLET PROOF editor status.

DENSE/HYSTERIC	(Editor, Organization, Photos, Lay Out, Copy)
ANS/SPIRIT	(Copy, GFX, Photos)
HAMMERTIME	(Copy, Photos)
GERHARD H./U COMICS	(GFX)
CRAZE/HYSTERIC	(Photos)

Also ACPT can't copy the BULLET PROOF anymore, coz of problems with the father from the copy dude. So ICARUS from LEGACY takes his place now, but may be the copies will loose a bit on quality. I think he will do his job quite cool. I will see how good the pictures are. Also STEPPENWOLF (soon HYSTERIC) will soon join our staff, coz of his help and the prints. Well, we'll see what the future is bringing the BULLET PROOF...

Also I must blow out a megathax to GRIZZLY ADAMS from DOMINATORS DESIGN and to EXULT from ACRISE for painting a few very cool pictures for the Bullet Proof. Remeber to vote! Well also ANS painted this time again a really cool cover and also his other GFX are really asskickin...

Remeber that we must take now a little money for the Bullet Proof. Yes, it's lame, but I pay me dead and I don't like it (who likes paying 70\$ for copies) !? Well I hope you understood my decision and will also read the Bullet Proof when it costs you 2 disx ! Okay, now enjoy reading it...

Well, this is an interview with DRAGON/CENSOR DESIGN, I met him on the CRYSTALS and BONZAI party. He's a quite funny dude. Let's start the session...

DSE :Hmm,sumething different.I can imagine you painted a fucken cool GFX in a WONDERLAND demo.I think it was a IRON MAIDEN picture.How long was you sitting in front of your computer ?

CD :Well,you must know that the picture wasn't ready at this time.The picture had a few colour faults,which I didn't liked.But the other dudes said it is okay,so we used it.Normaly I think I need for such a picture 14-16 hours.But it is perfect than.So I painted it in ca. 13 hours .

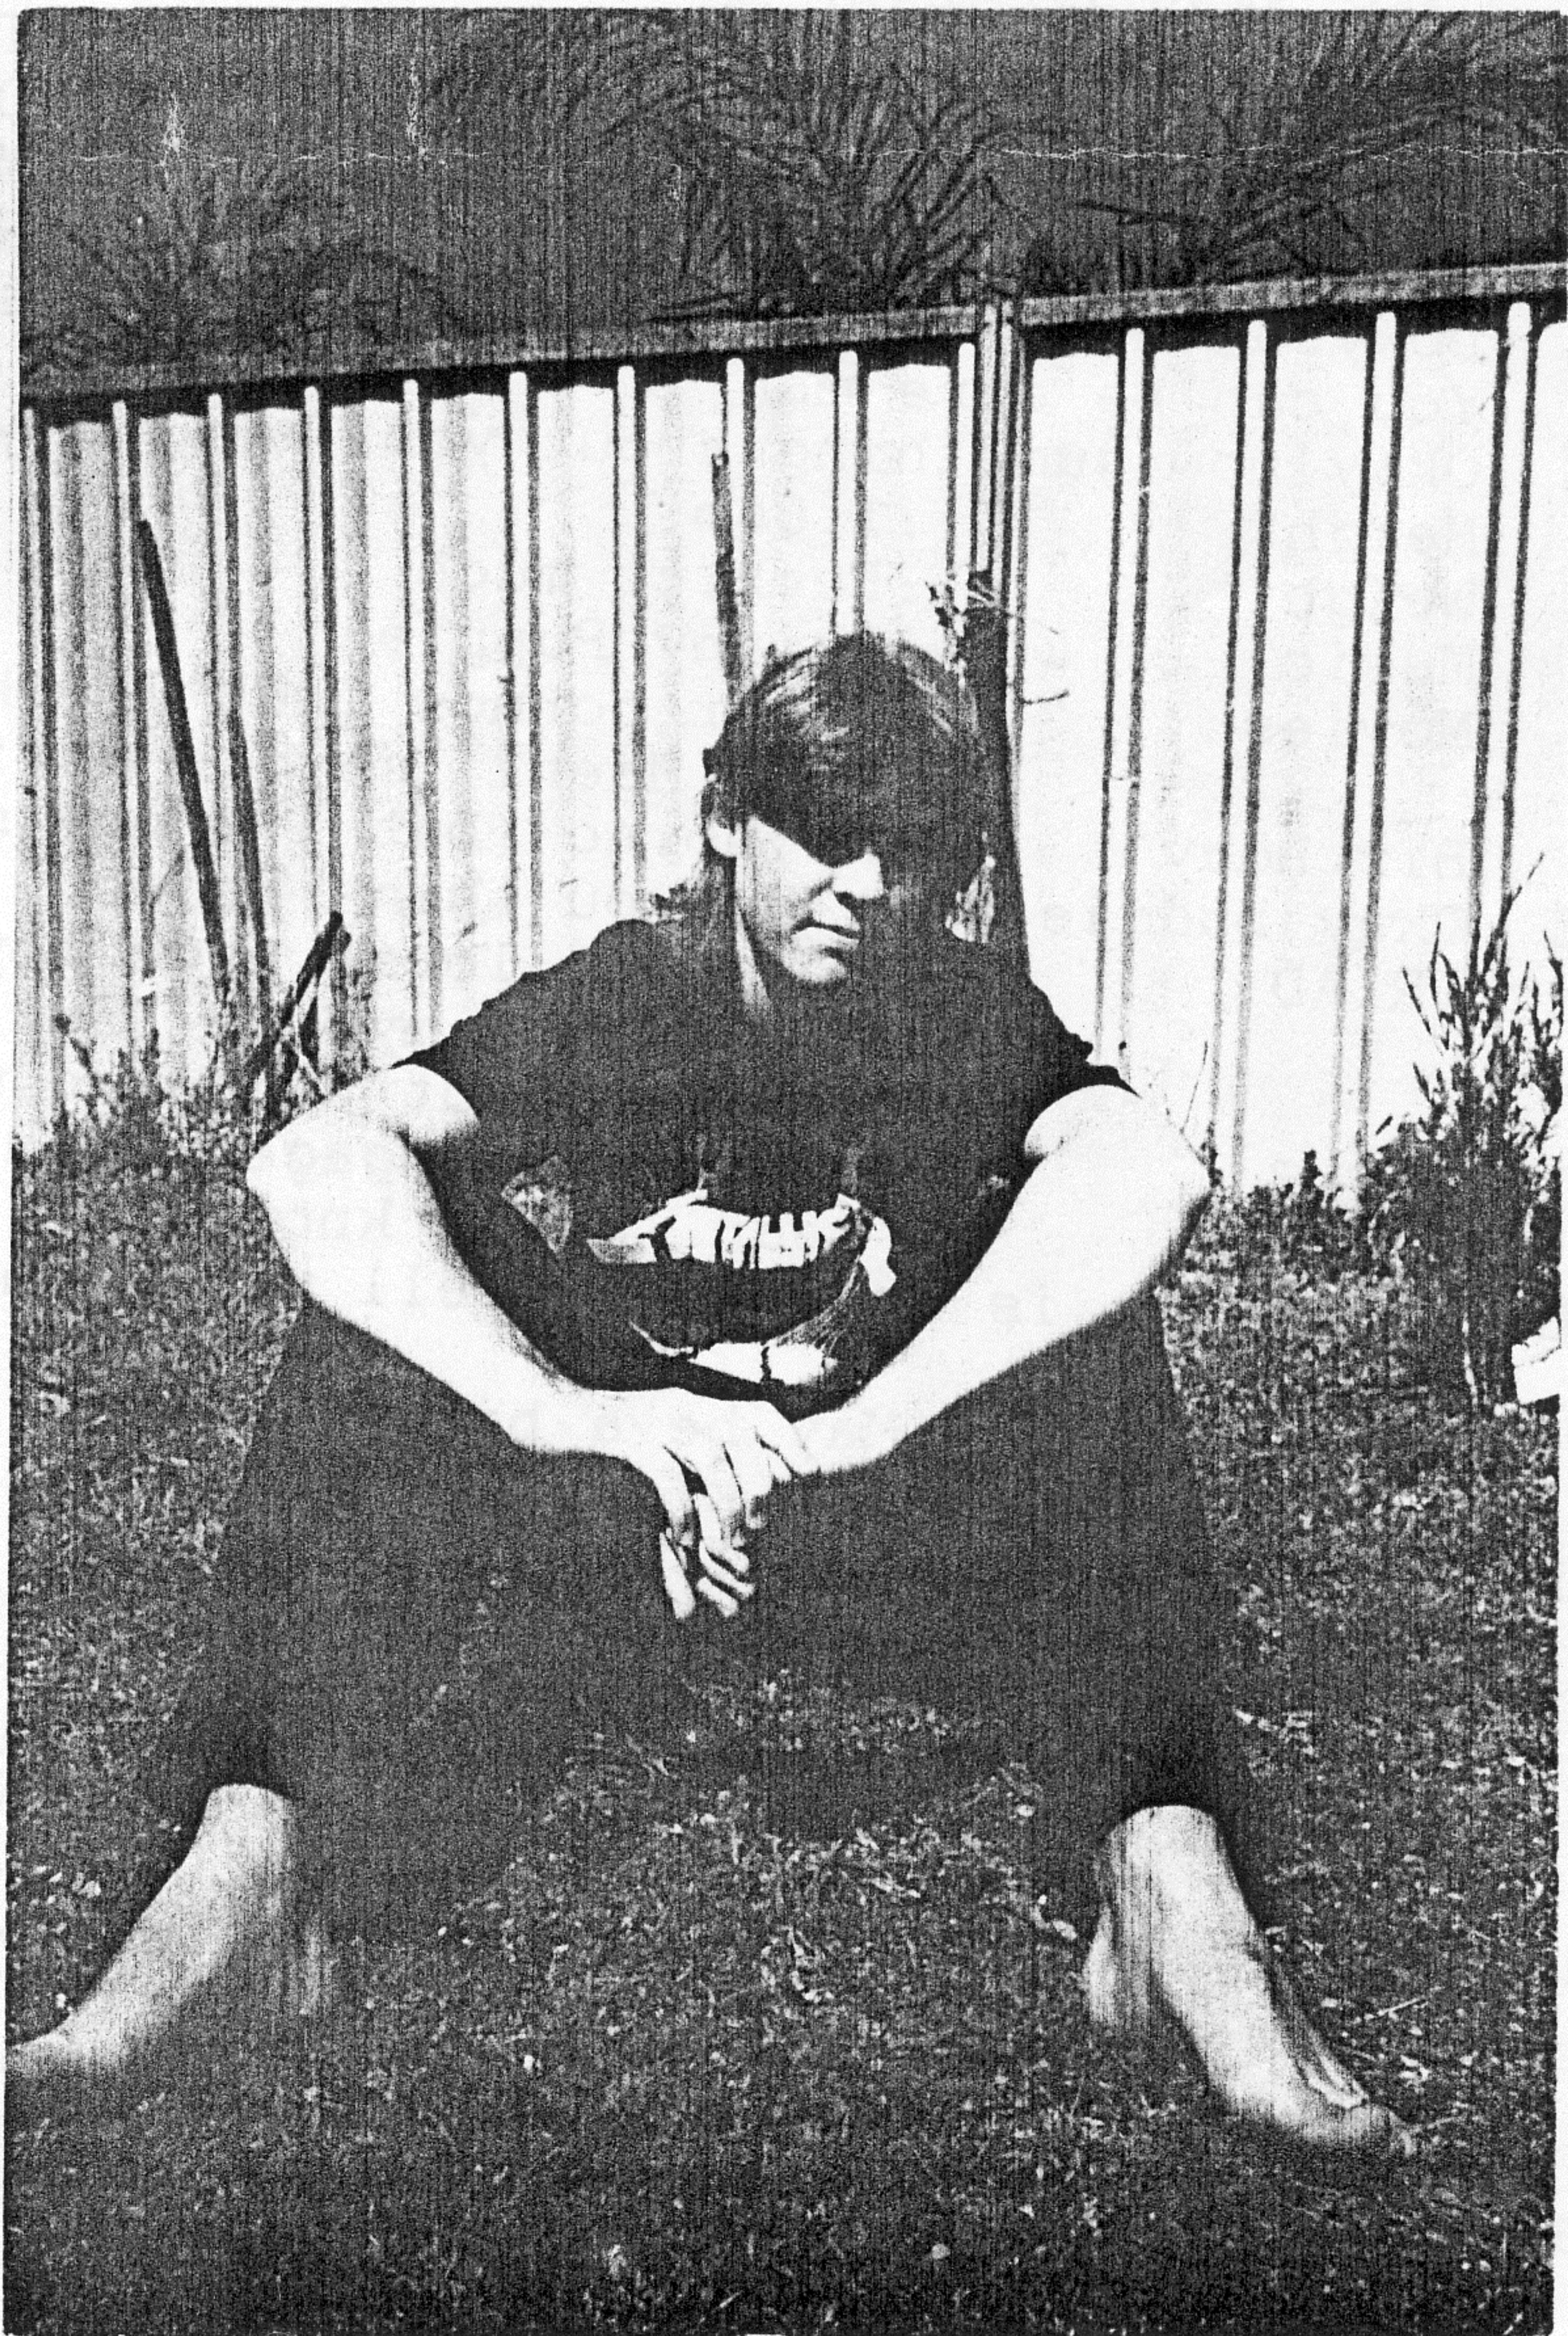

DSE :Puuuh,13 hours and I didn't saw the colour faults.That's really cool.Okay man,thanx for the interview.May be we will see us next year on the easter party!See ya dude and hold your dick warm...

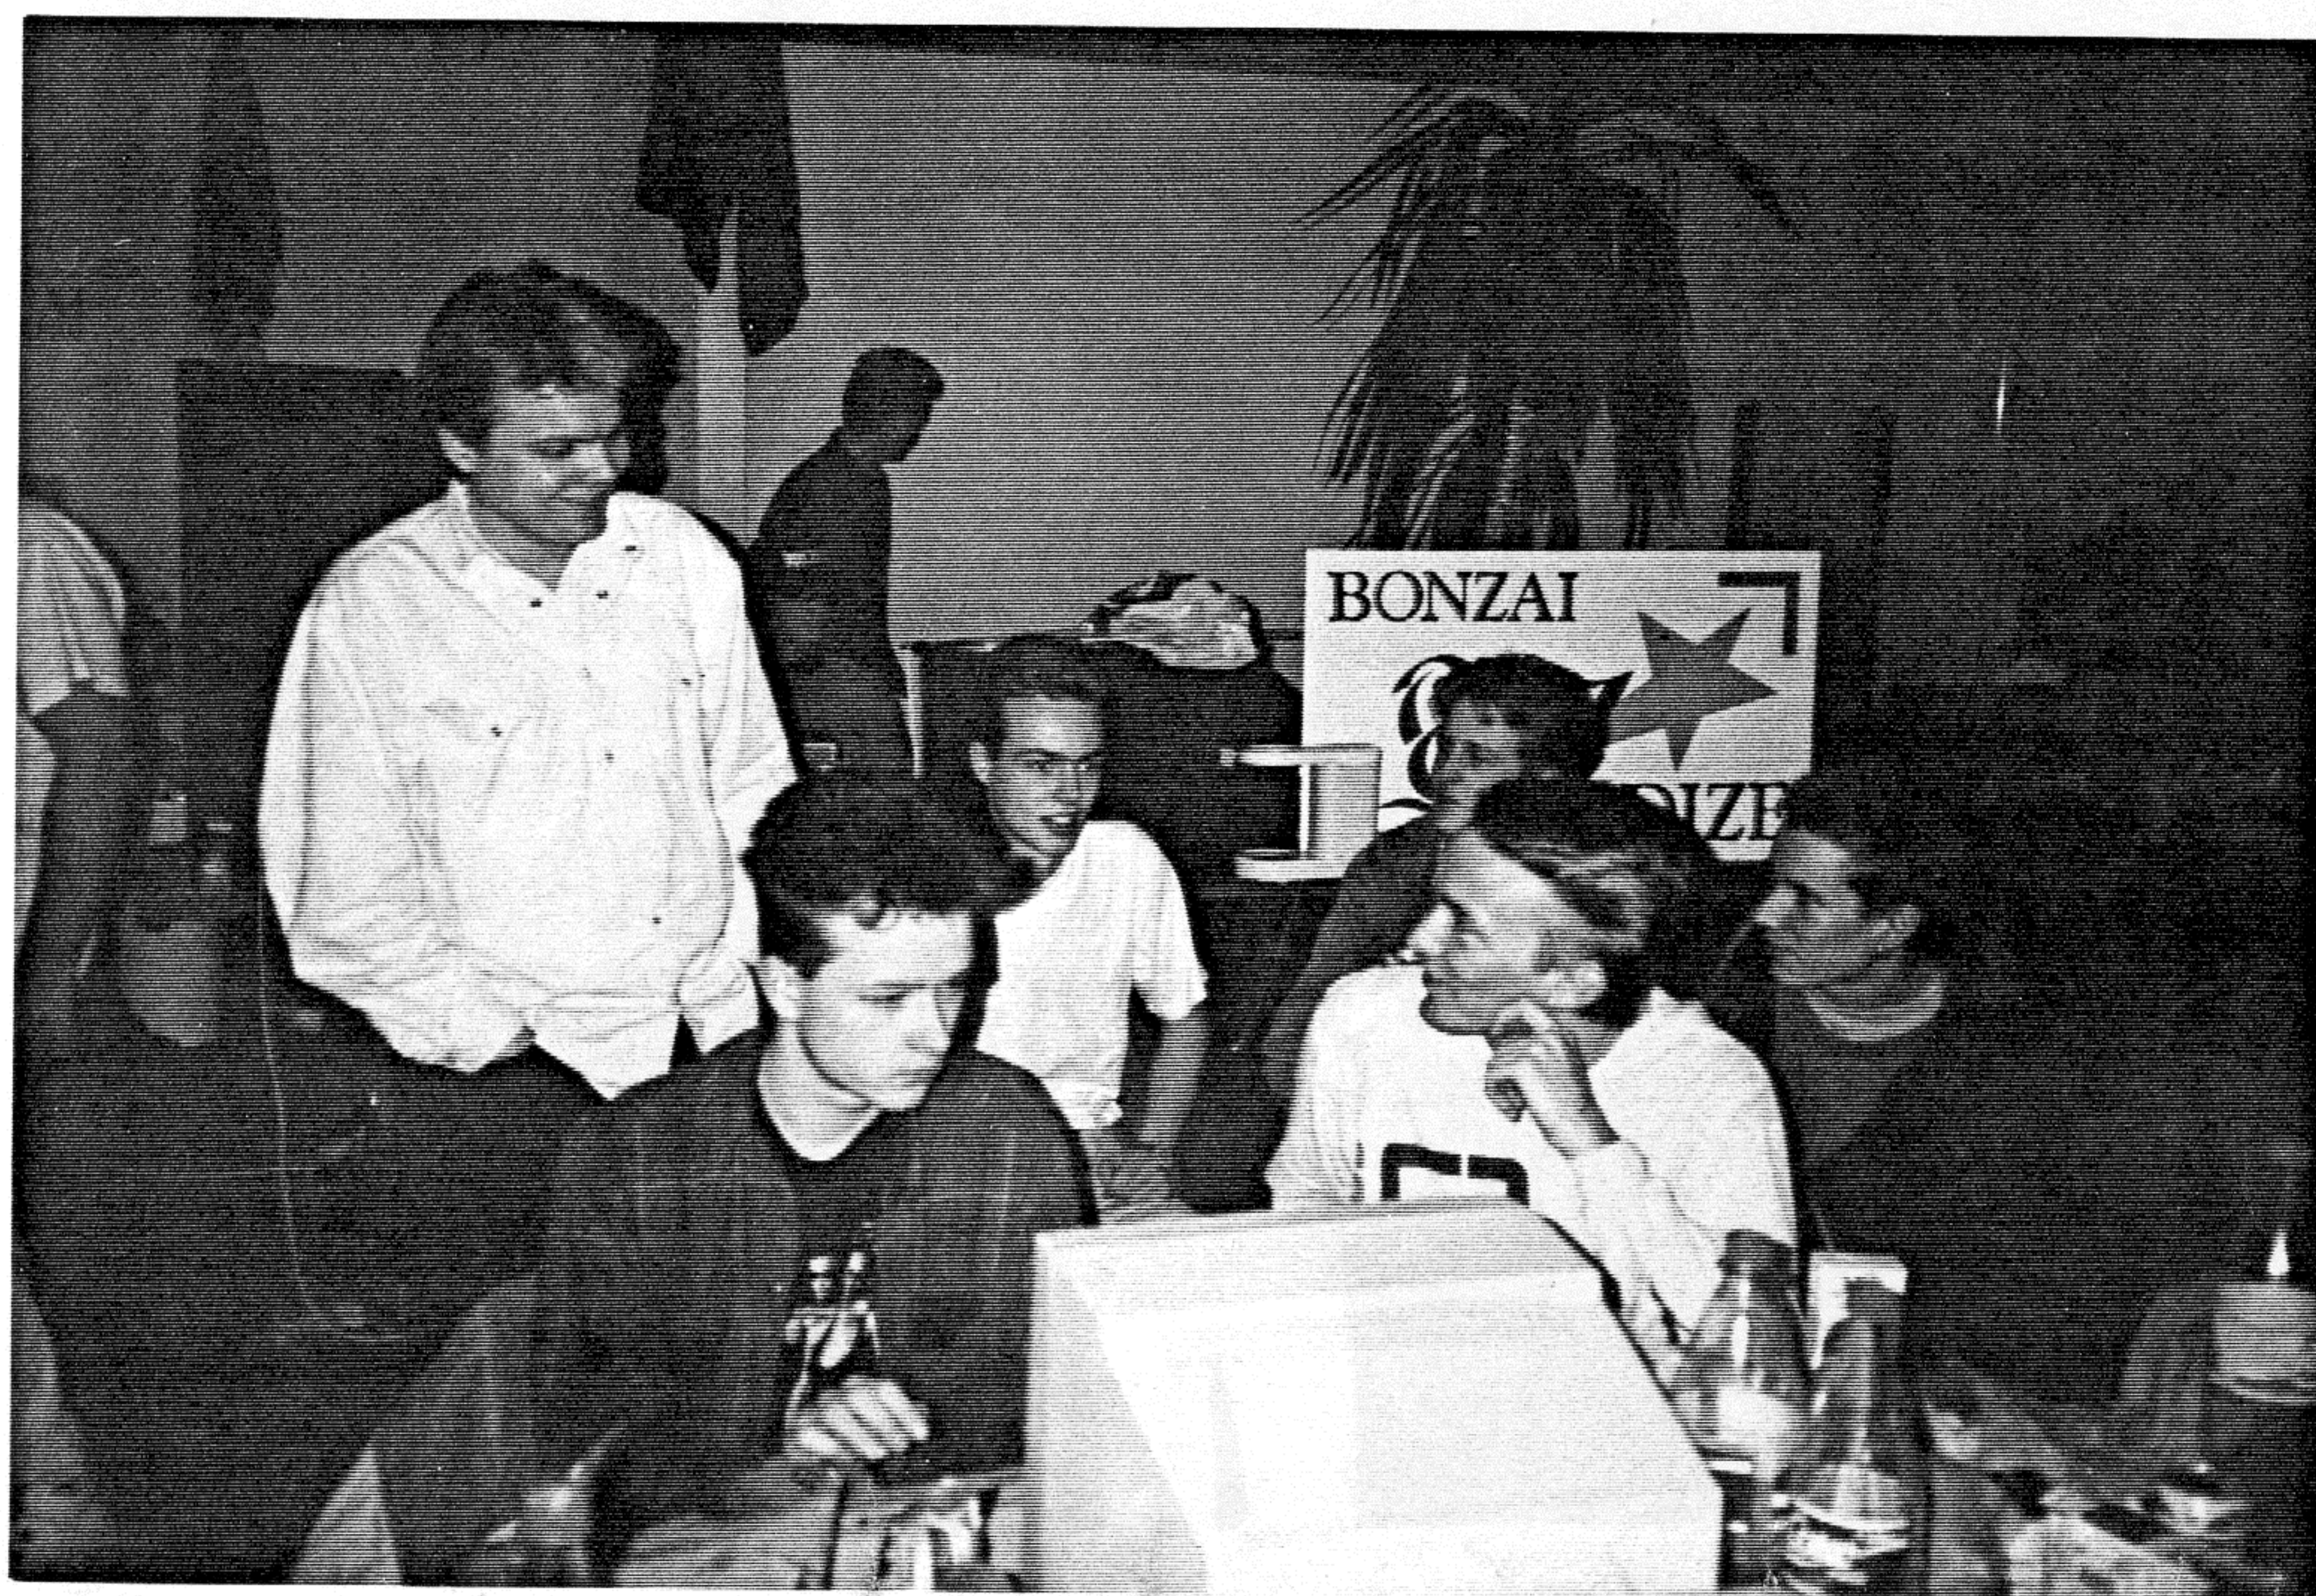

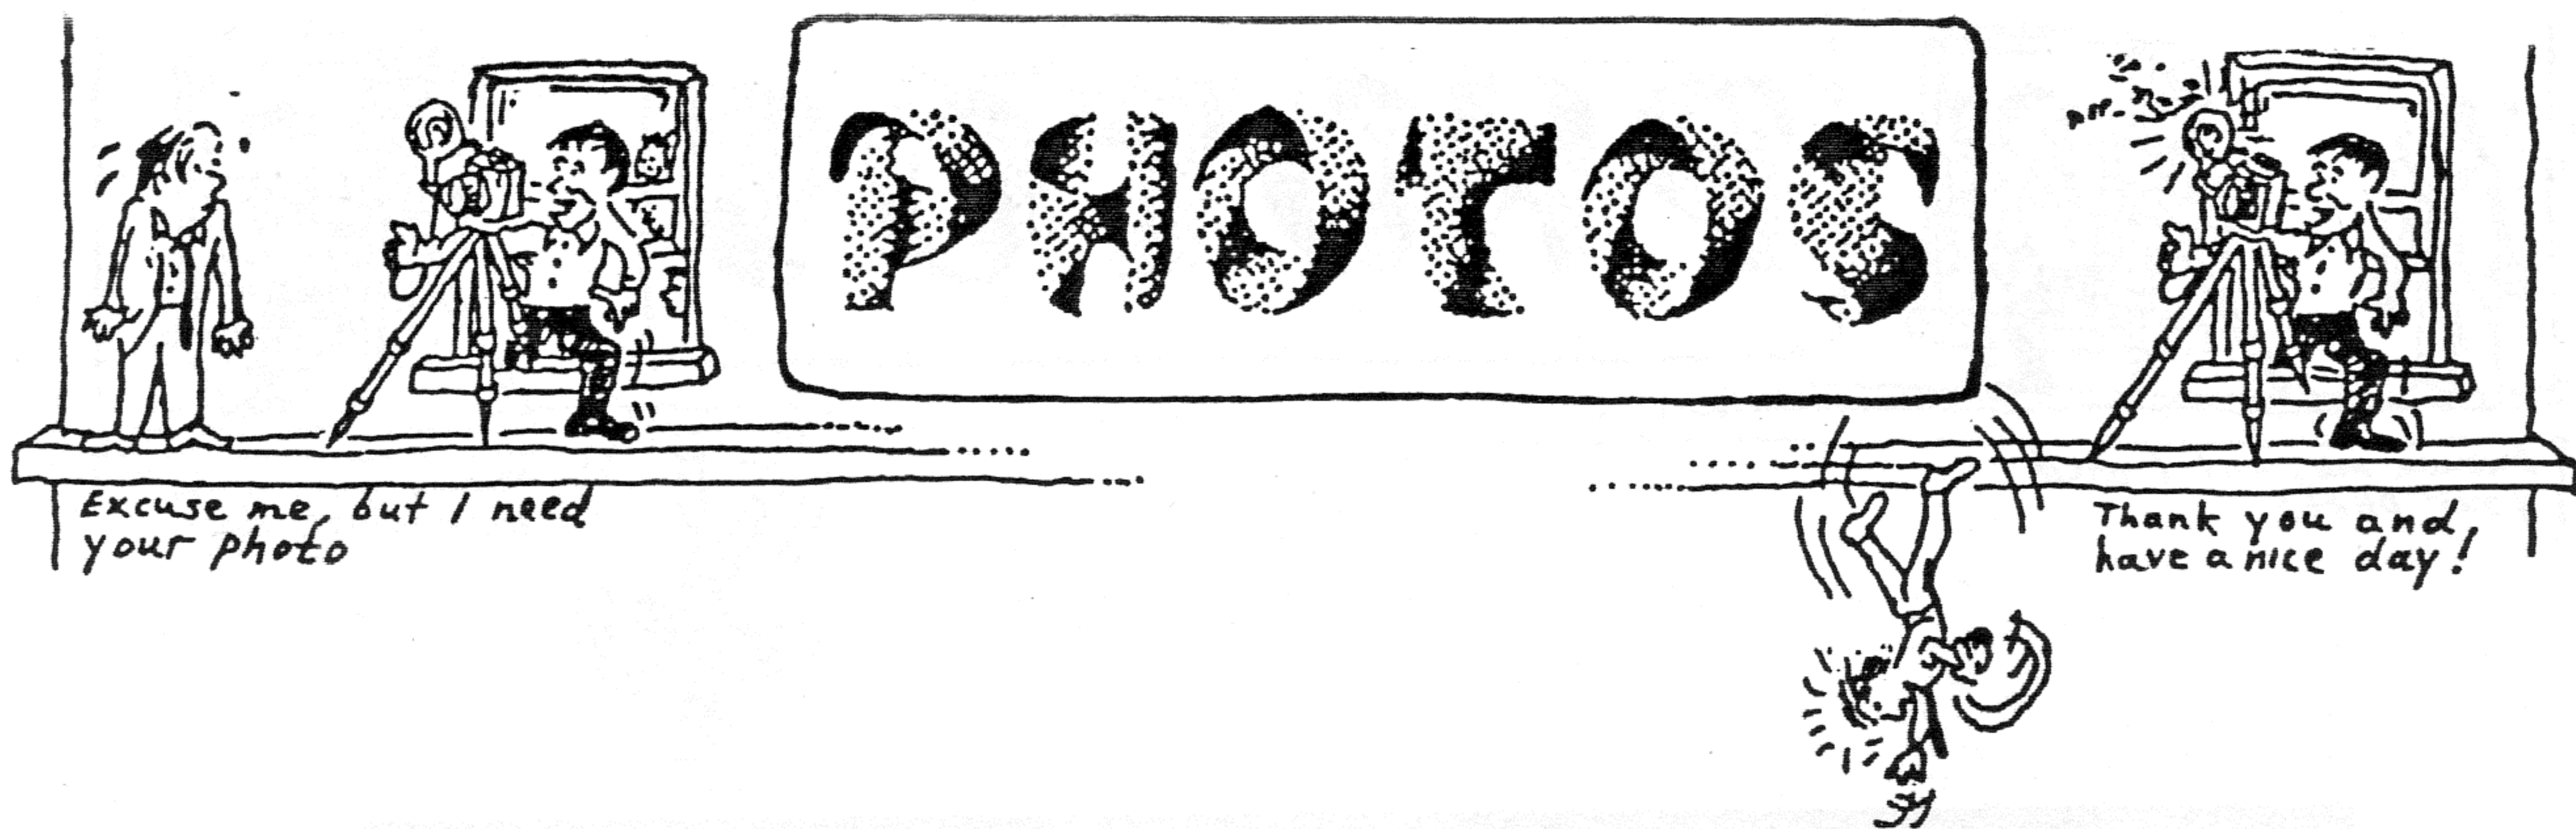

CD :He,he,he no problem.See ya...

This dude (who is looking a bit damaged) is nobody else than the boozing, puking, Bonsai, party animal (EA, BFBPA member) DRAGON OF CENSOR LESSEN.

This cool metal dude is the australian SHOCKER from BATTERY. the photo was taken in October 1991 on a private party.

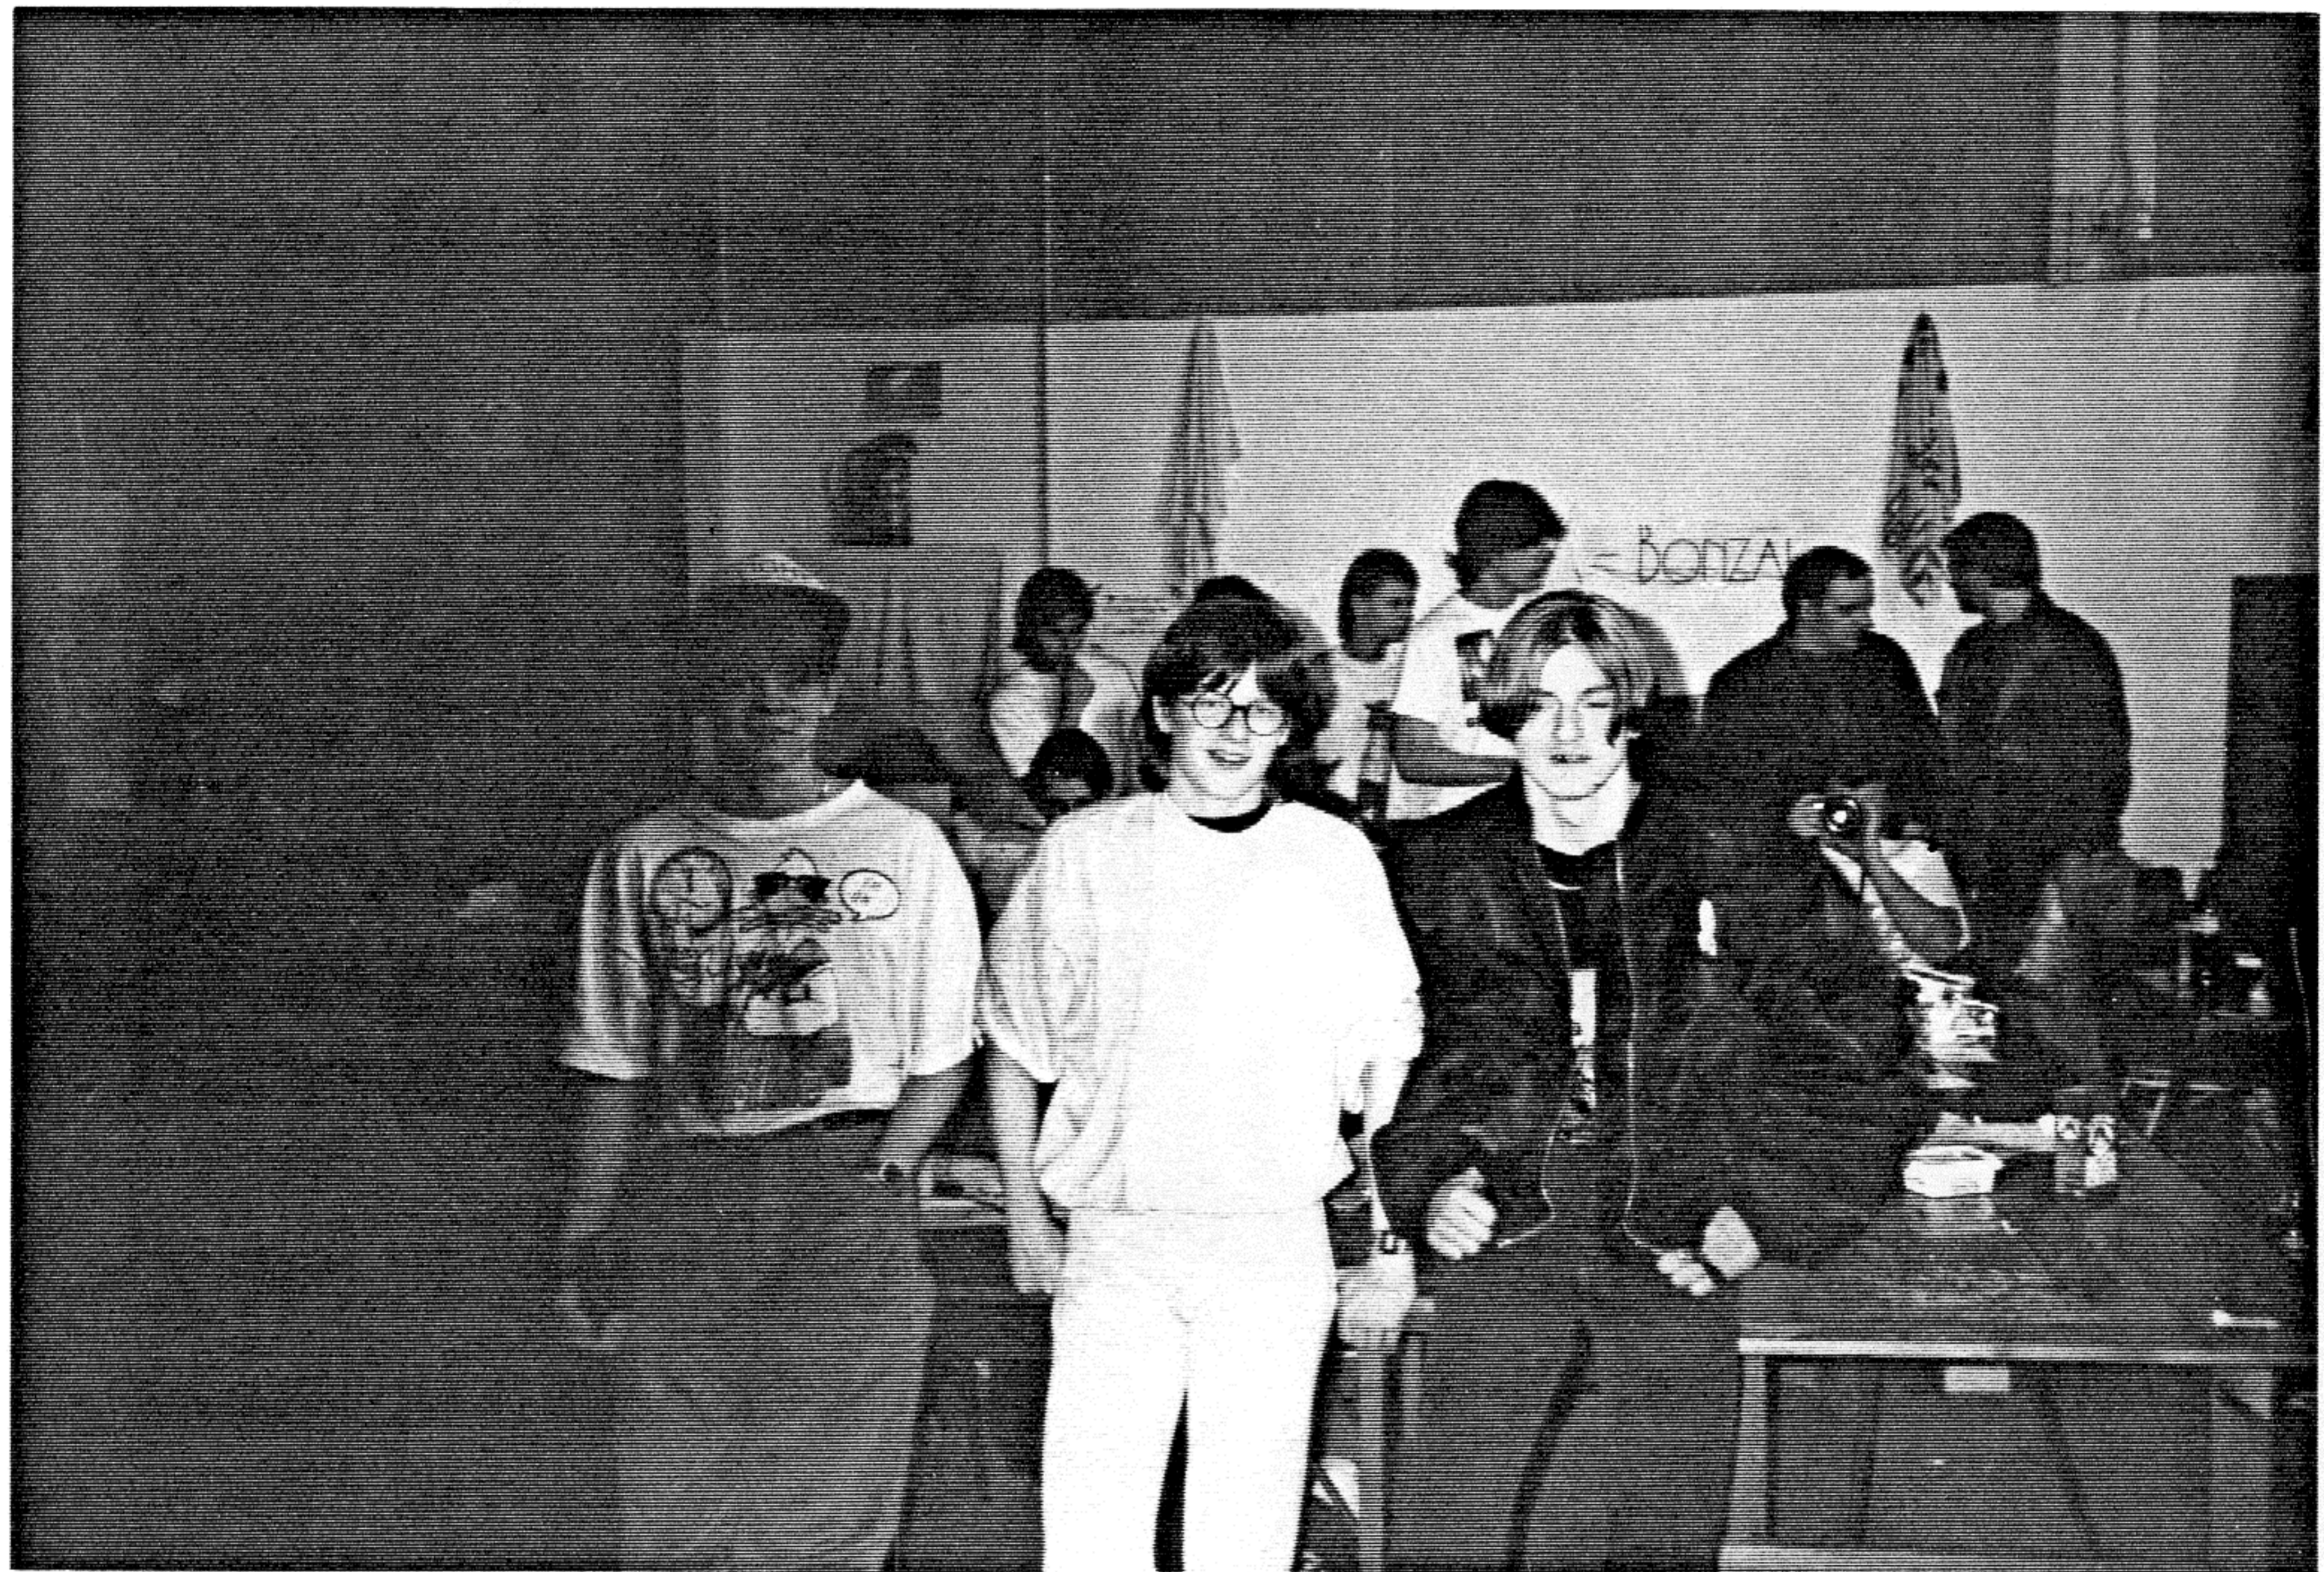

These 6 dudes are from left ROOZE (standing), ZOOLOOK, ANIMAL (behind ZOOLOOK), DOGFRIEND, JACK DANIELS (behind DOGFRIEND) and on the right SILENT. All boyz from the DOMINATORS clan. After cracking a game (can't imagine what a game), suddenly all dudes disappeared. Fuck, parties are no cracking session. Better take an example on the party animals in CD or FLT. Hmmm, but the dudes are okay.

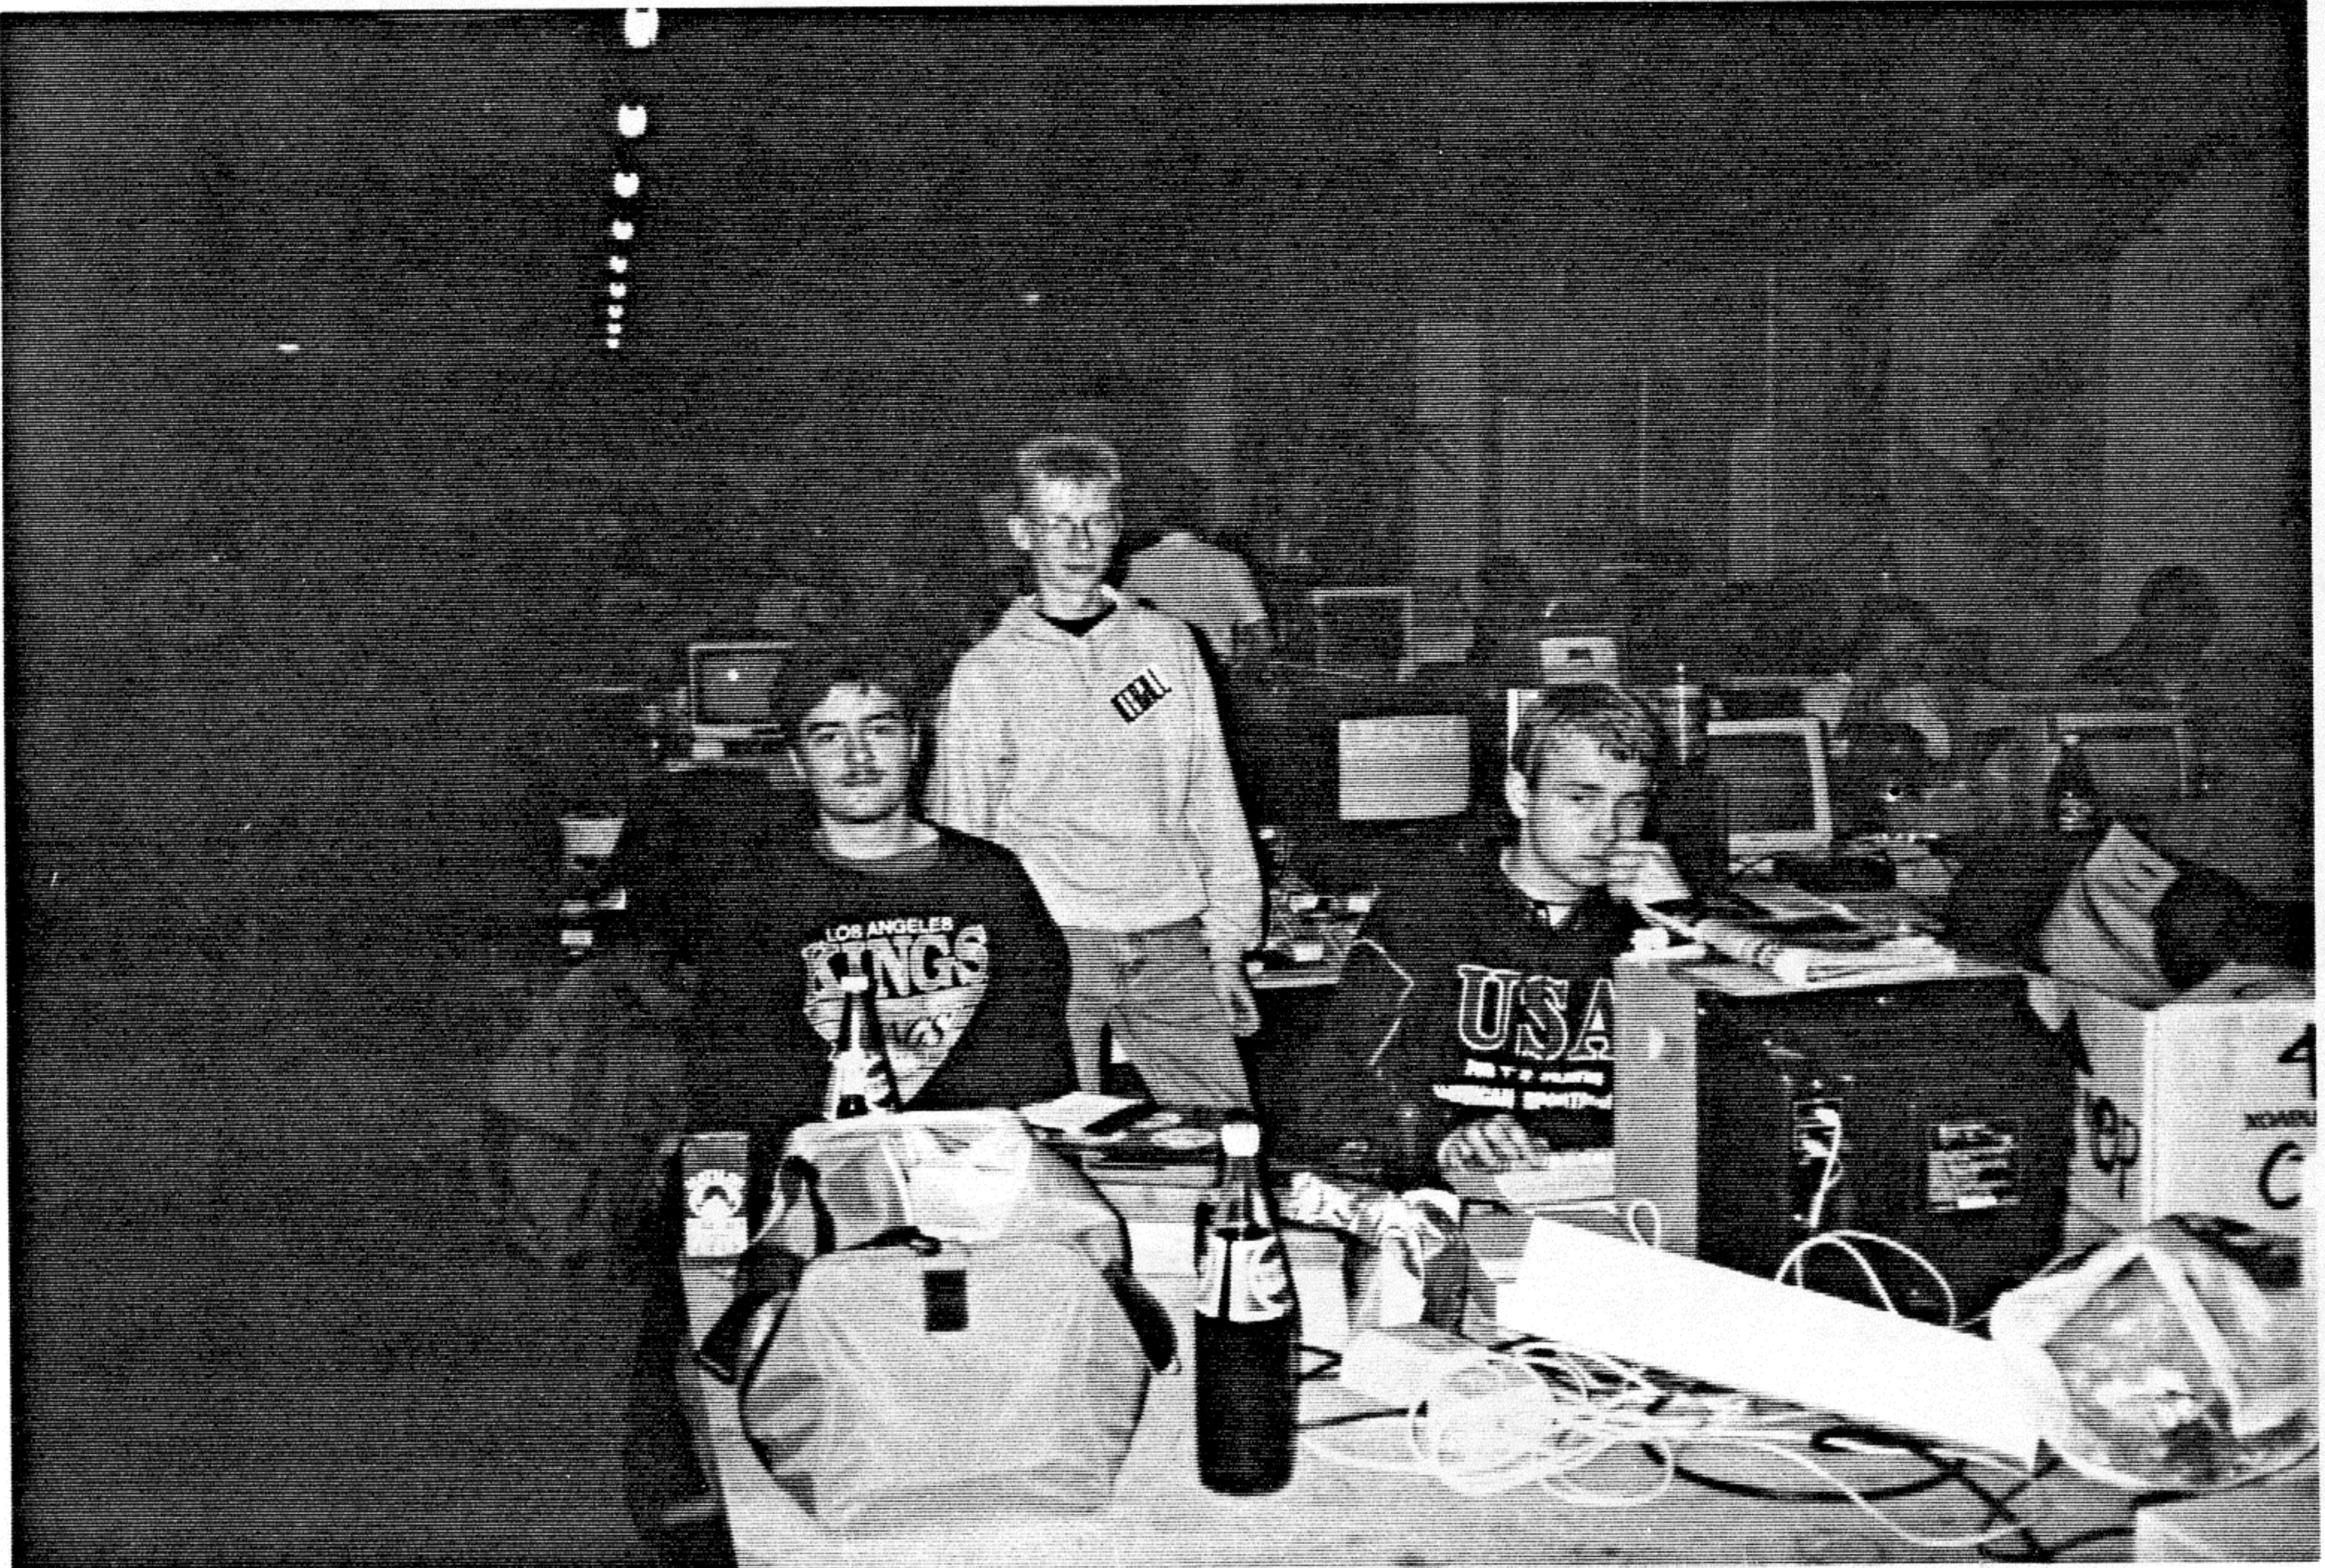

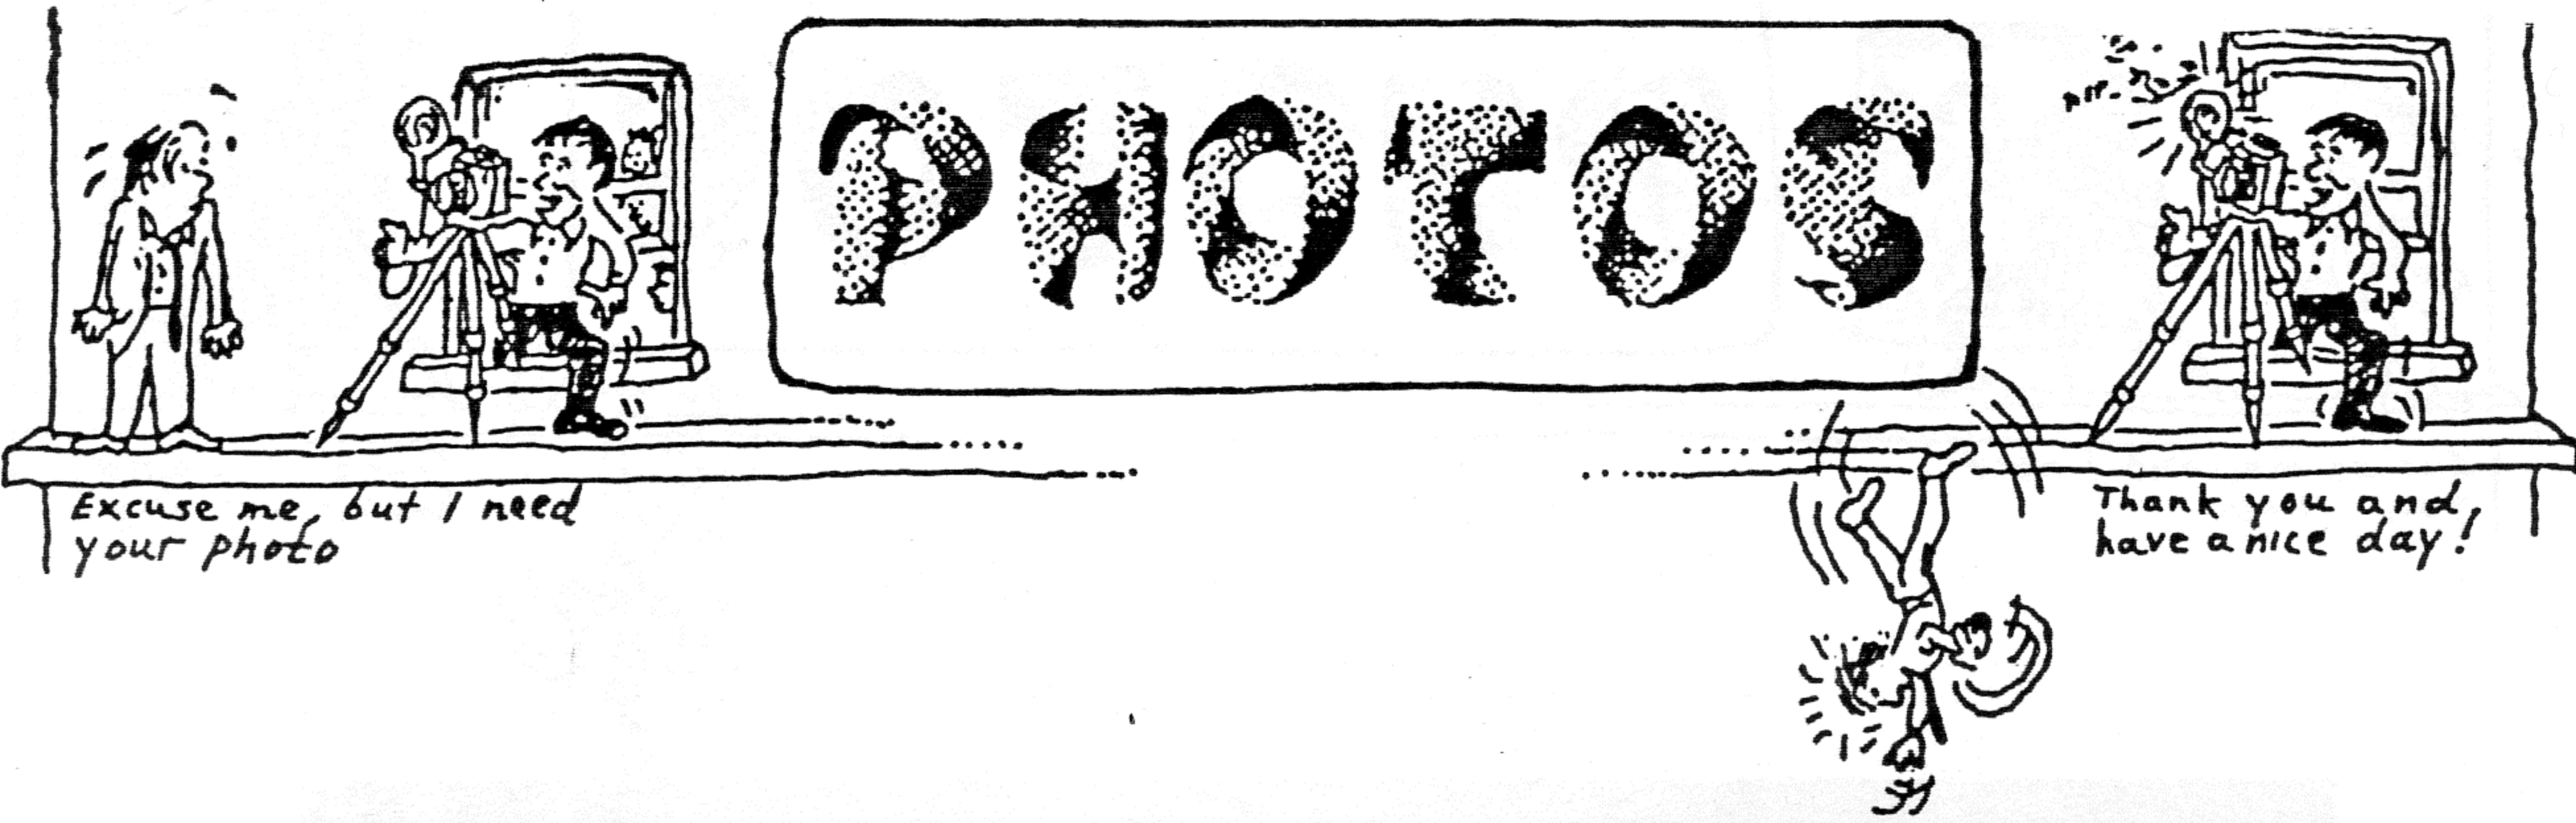

These 2 Terminators (okay Freddie?) are FREDDY and MARC from TITRON. Well 2 Terminators... Okay, okay...

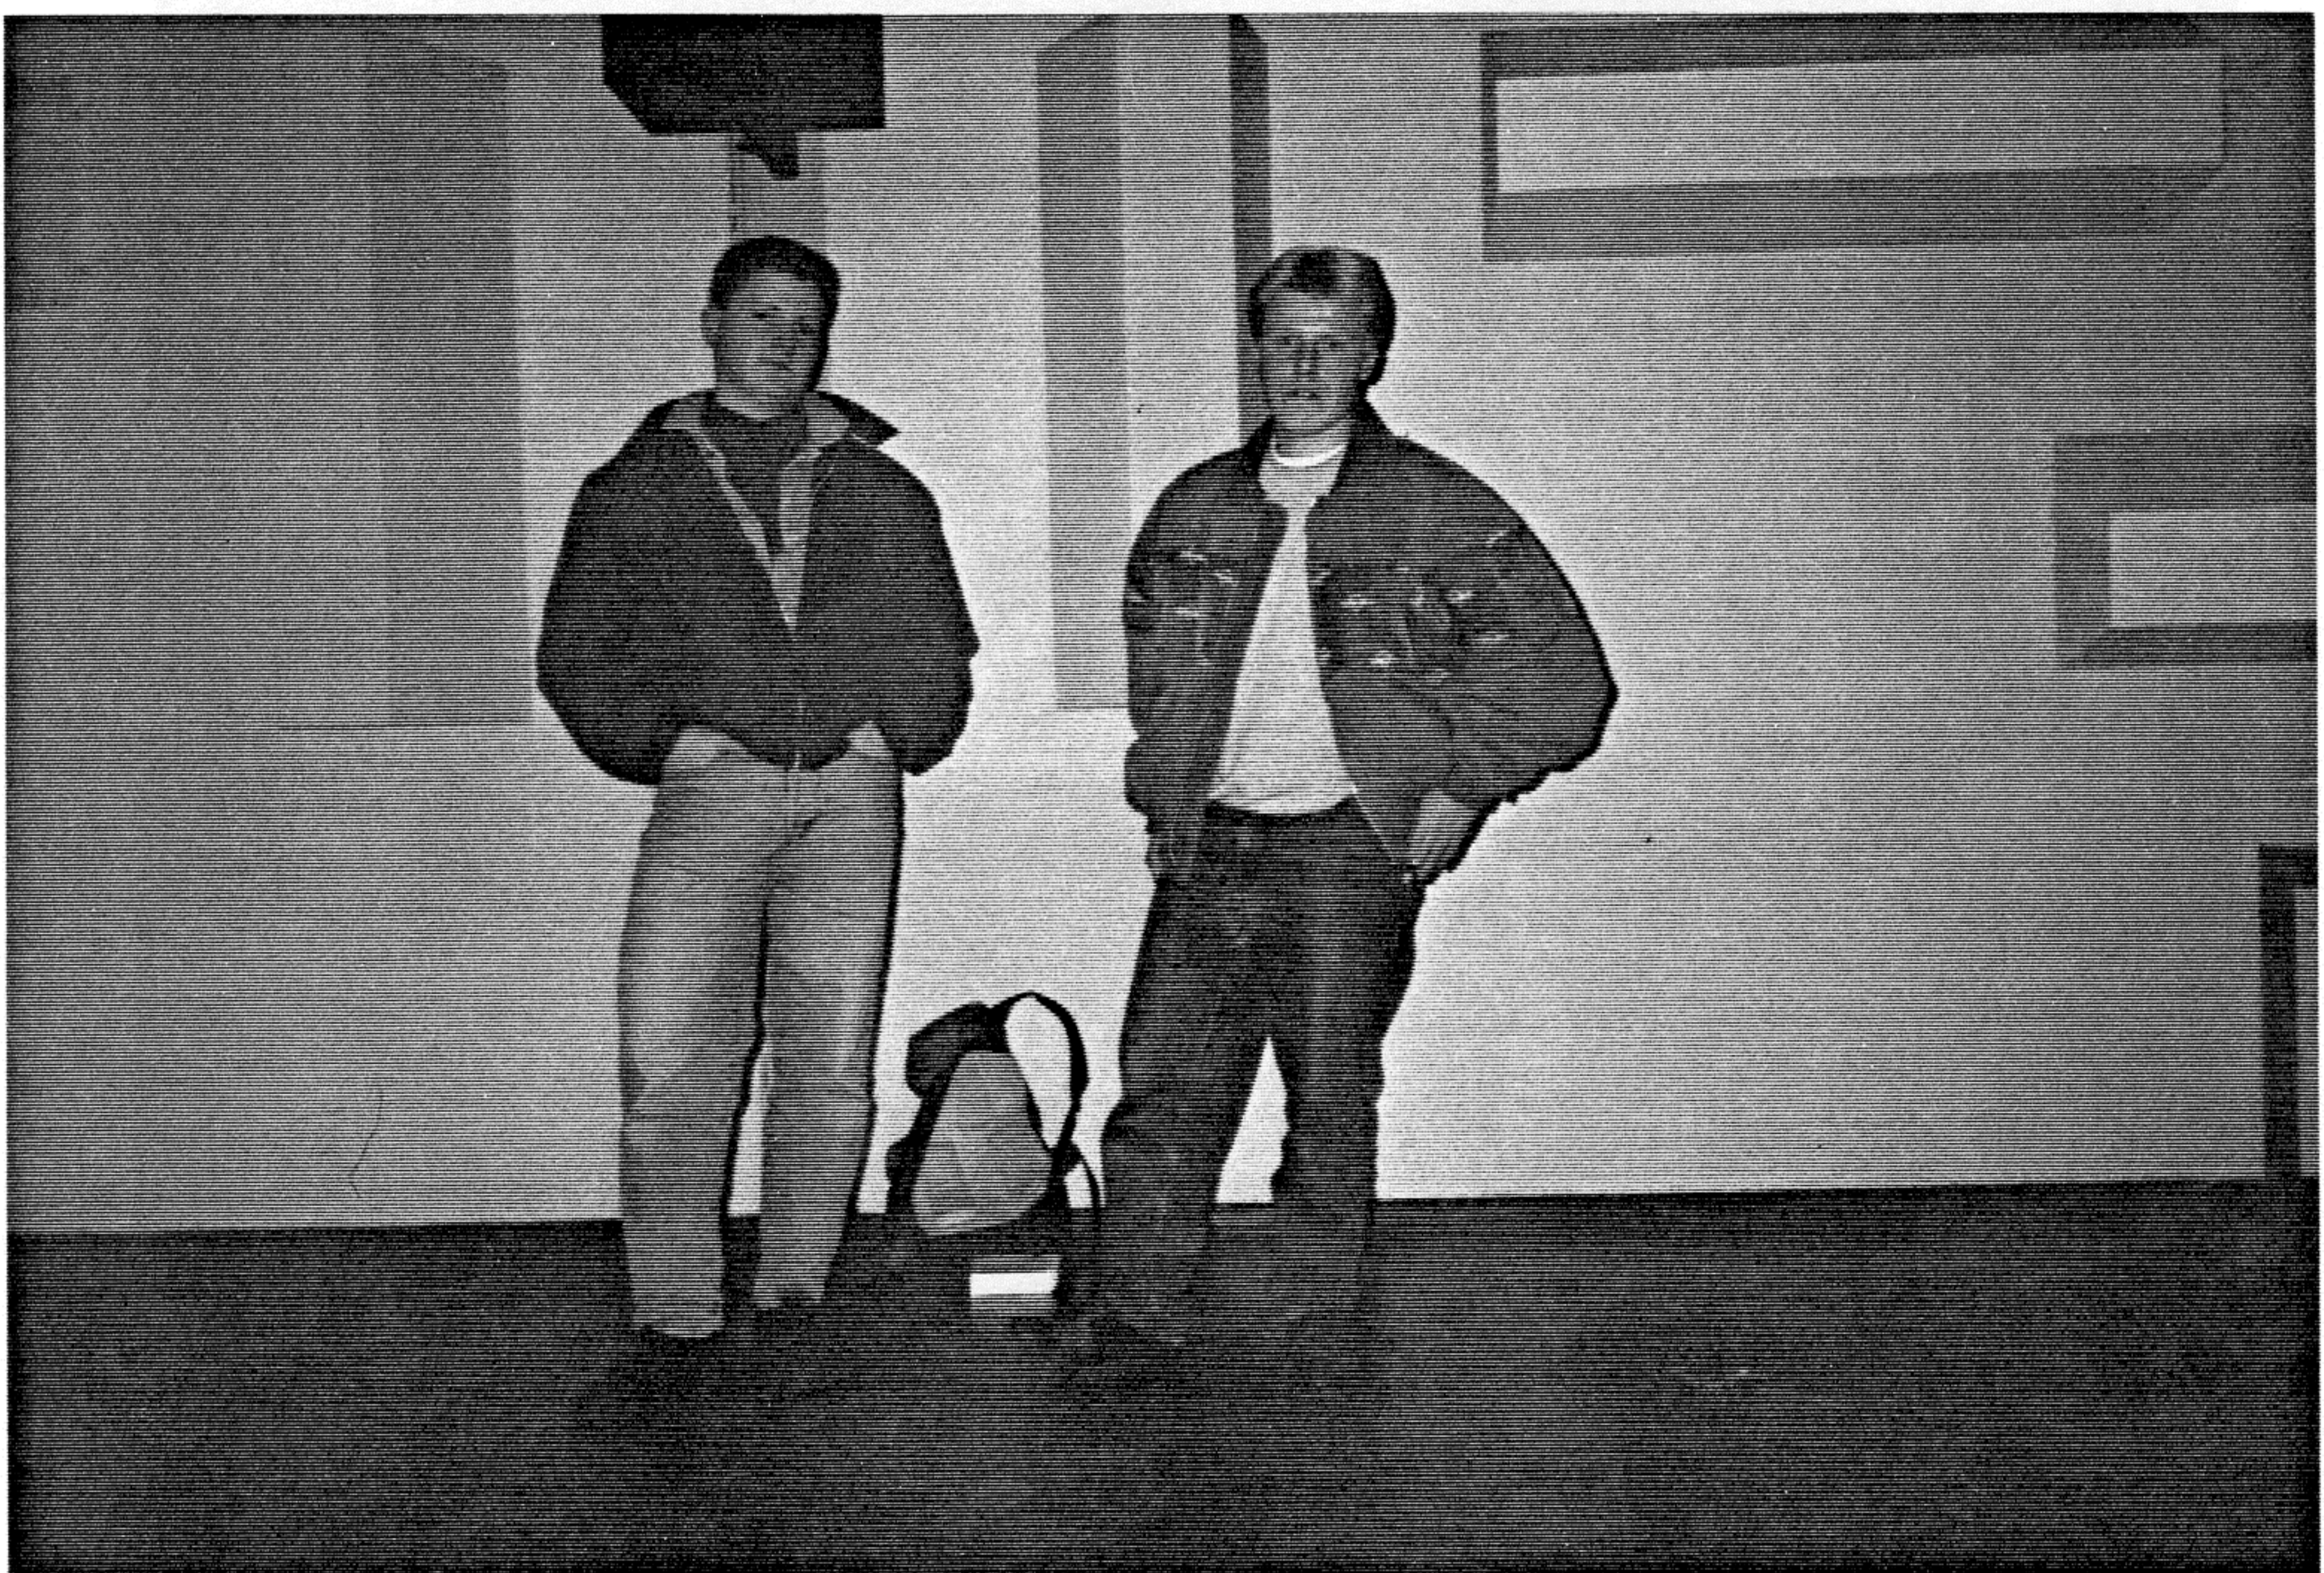

These 3 cool dudes are SCOOBY/LIGHT (who is looking like a girlie,he,he,he, take it easy man...), THE REAPER/LEGACY (Tripper?) and NUMSKULL/OFFENCE (thanx for the cookies) also jumping around on the BONZAI party... May be you see behind them a few guyz jumping around. There we watched some really prevert porno films. You missed sumething,erm...

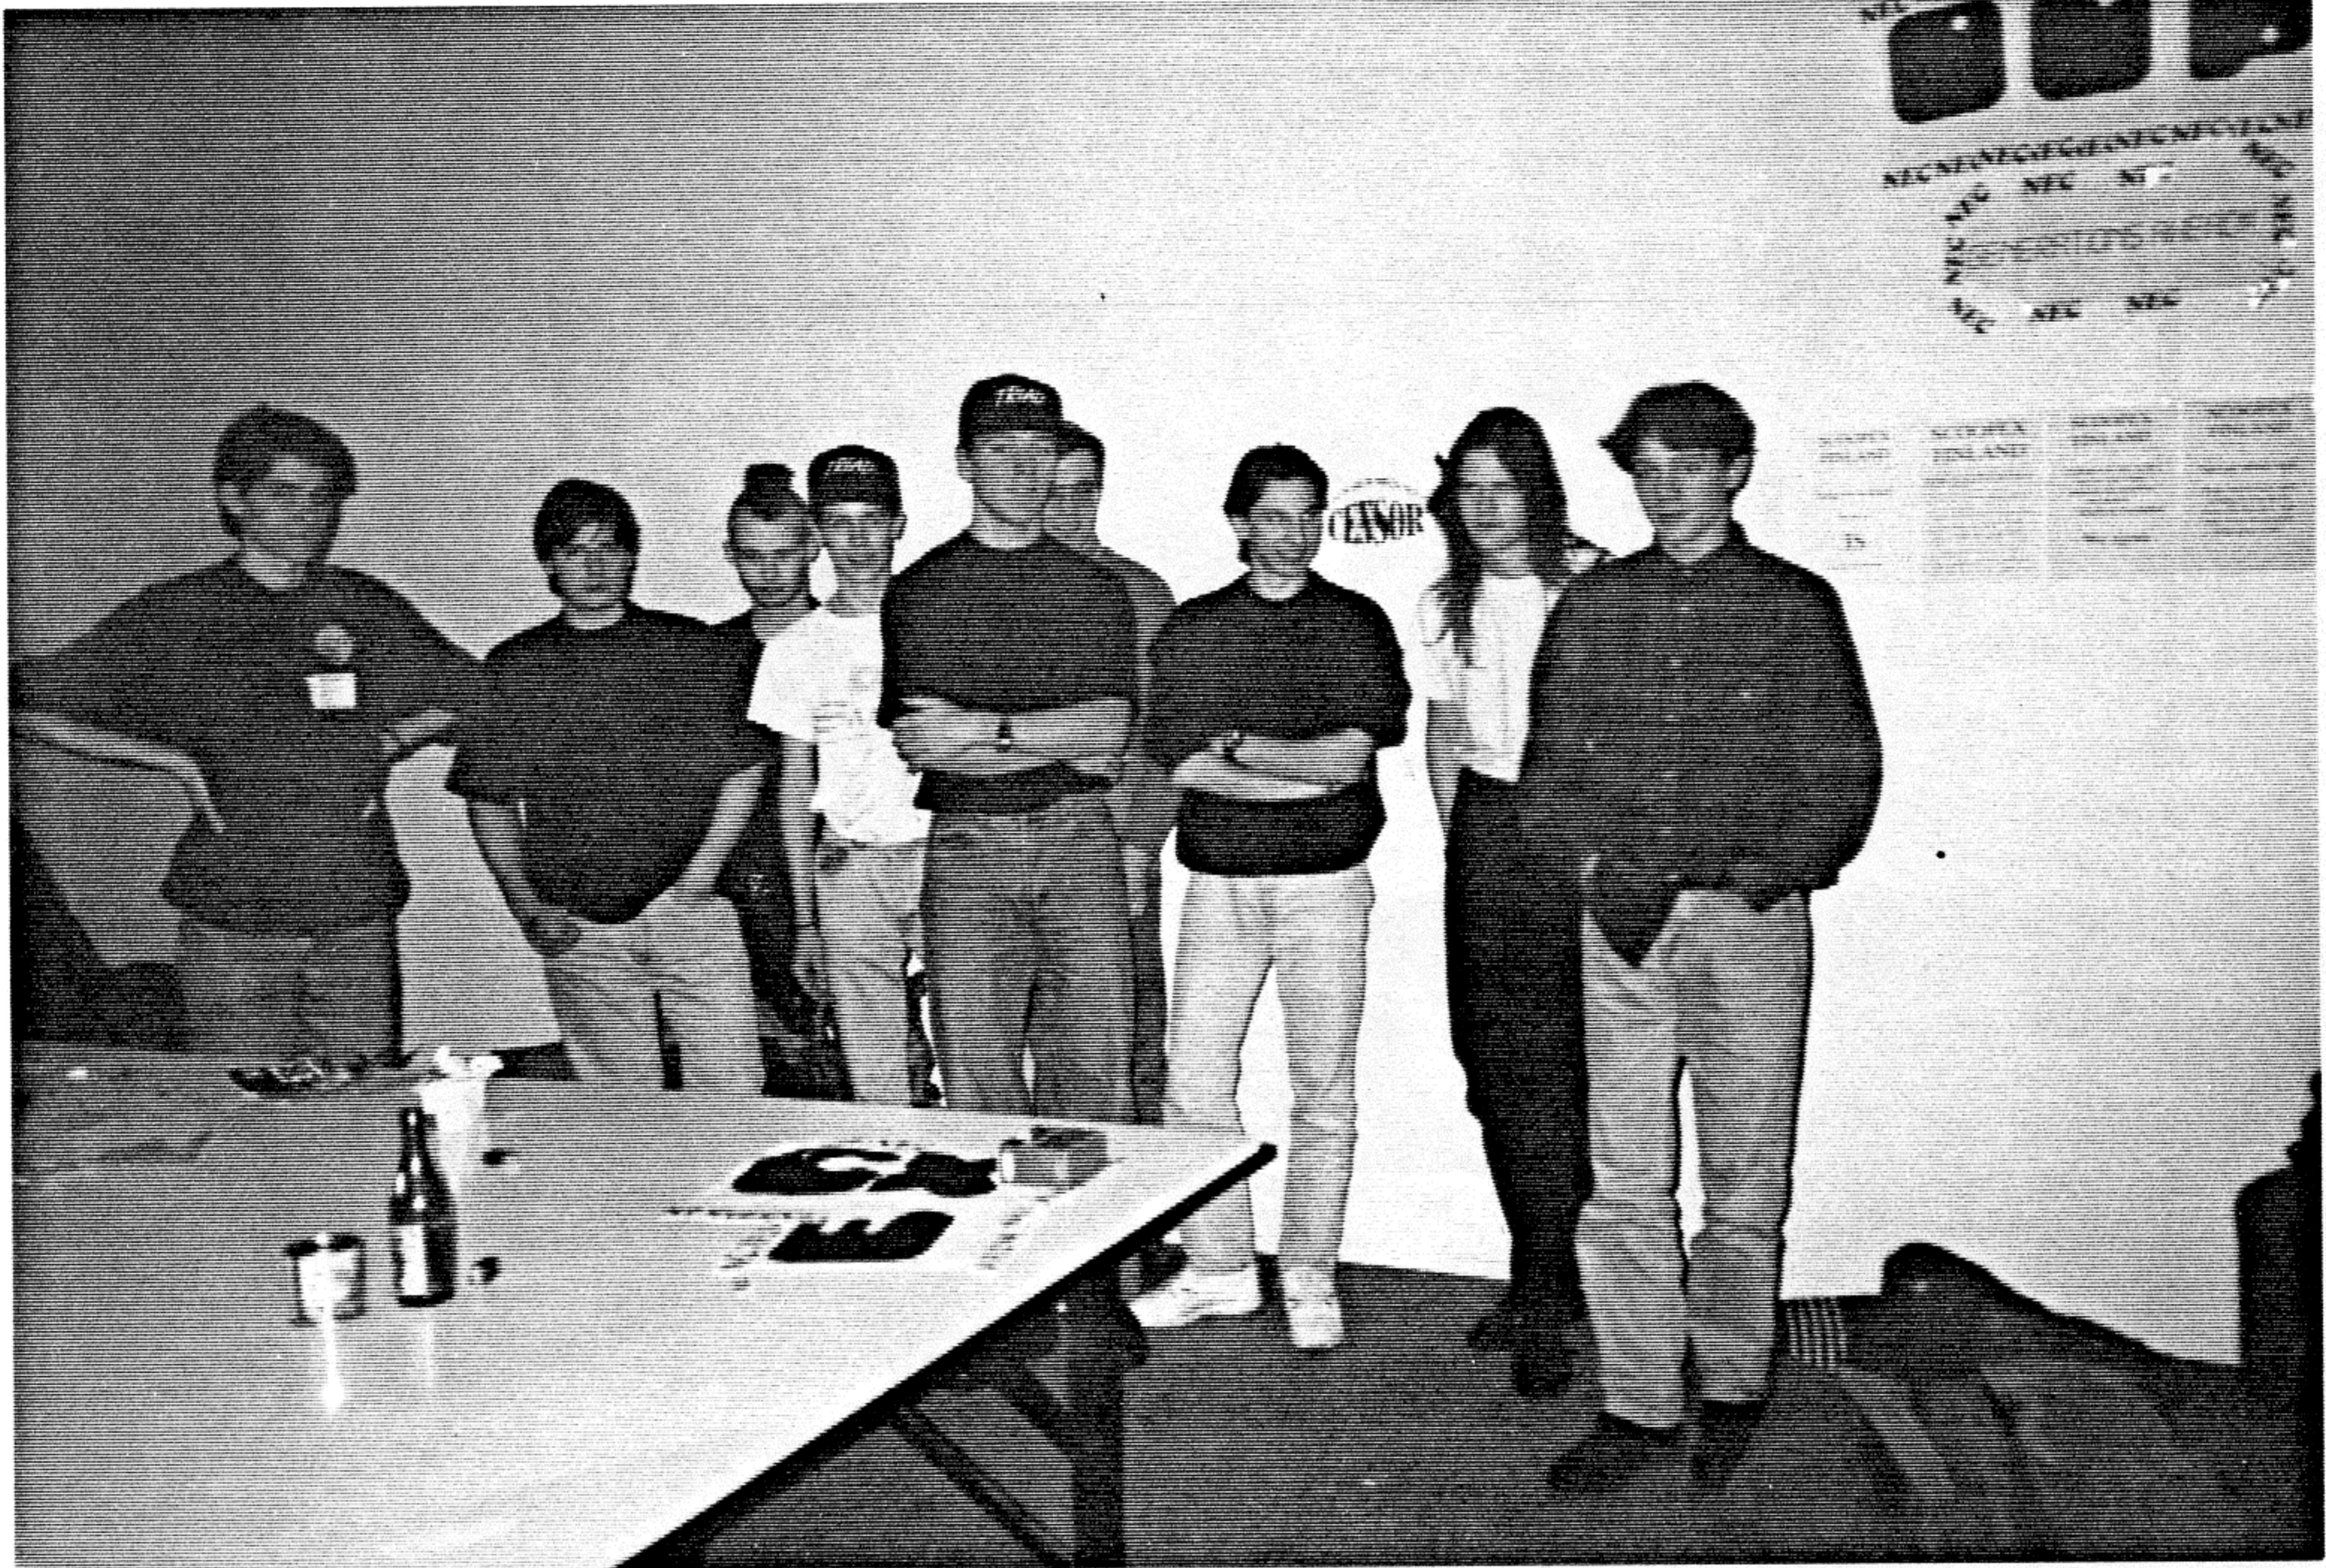

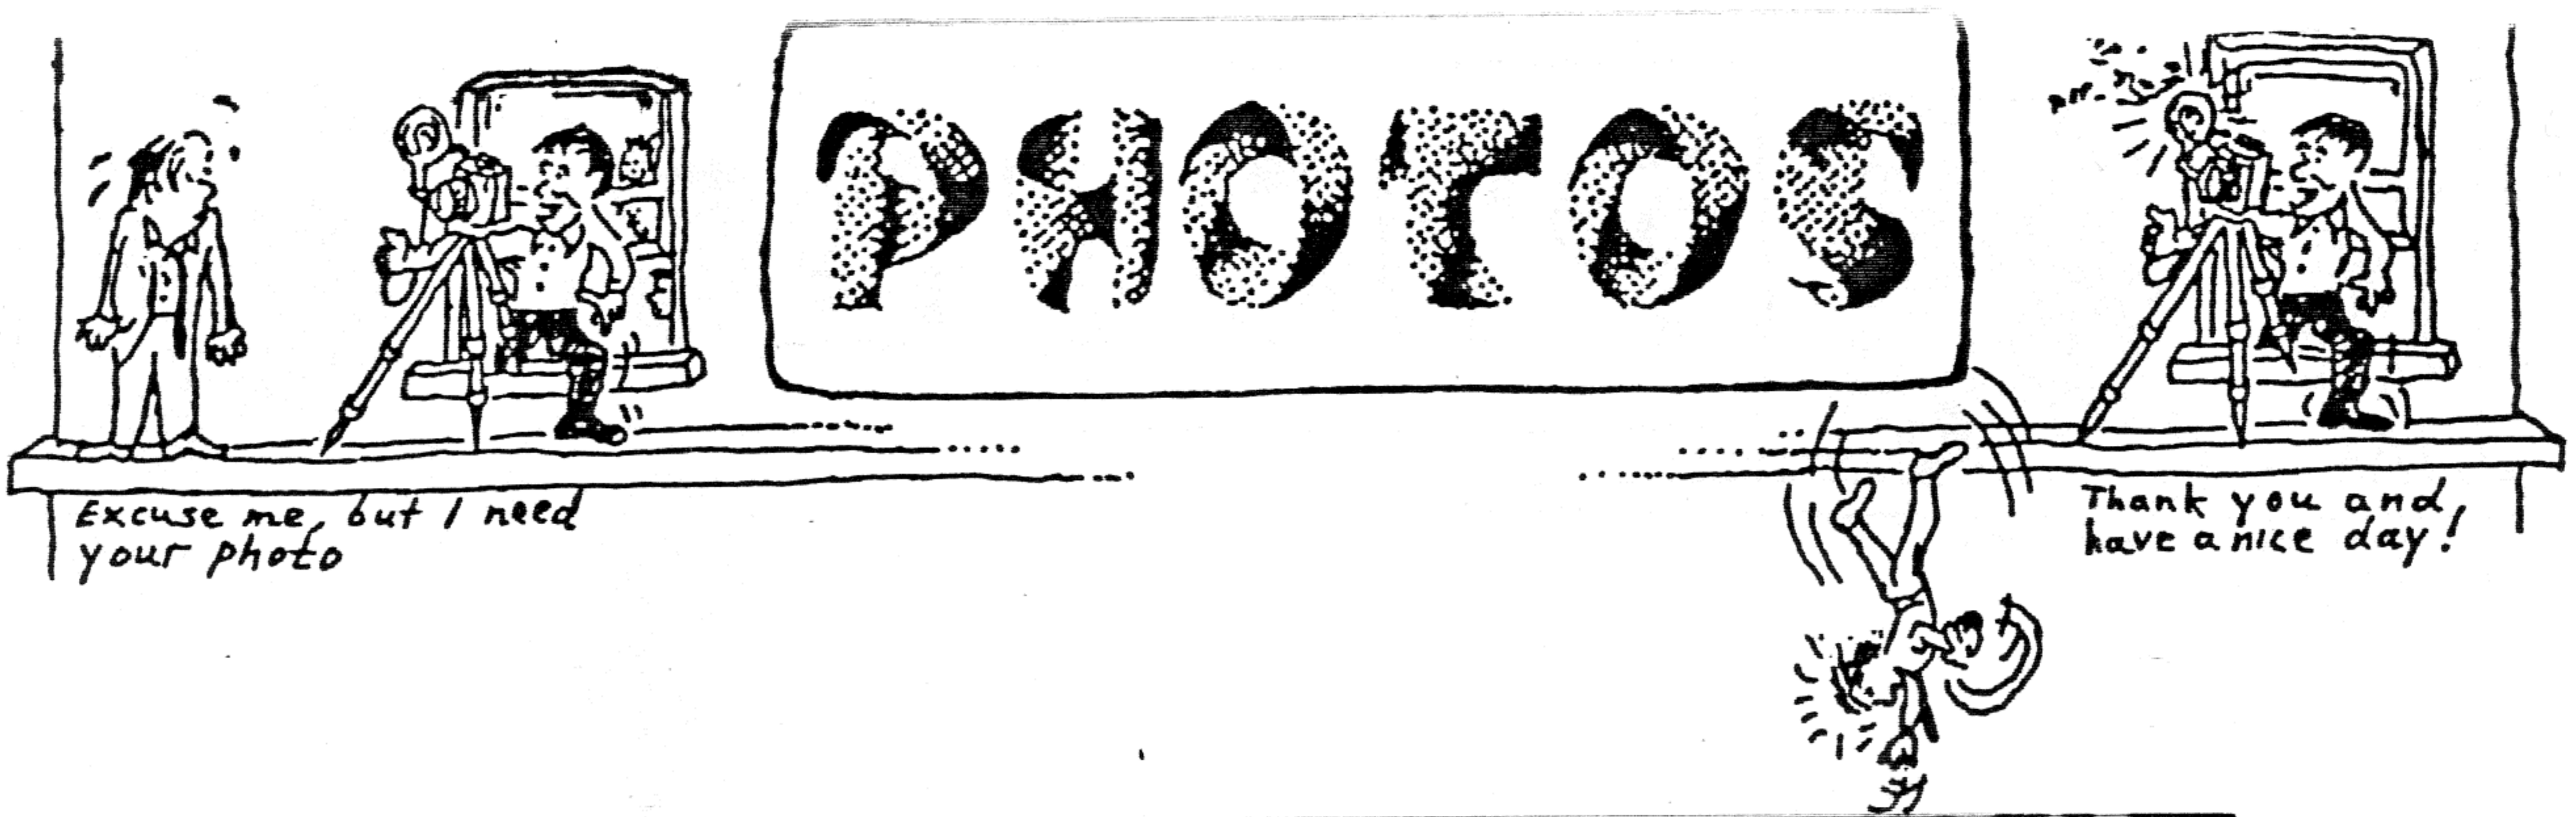

This is my fan club from FLASH INC. (only ZODIAC is missin,he,he,he).The evil rapers are from left THE SPY,MORPHEUS and UNIFIER on the BZ party.I hope you didn't missed their brilliant party demo,he,he,he...

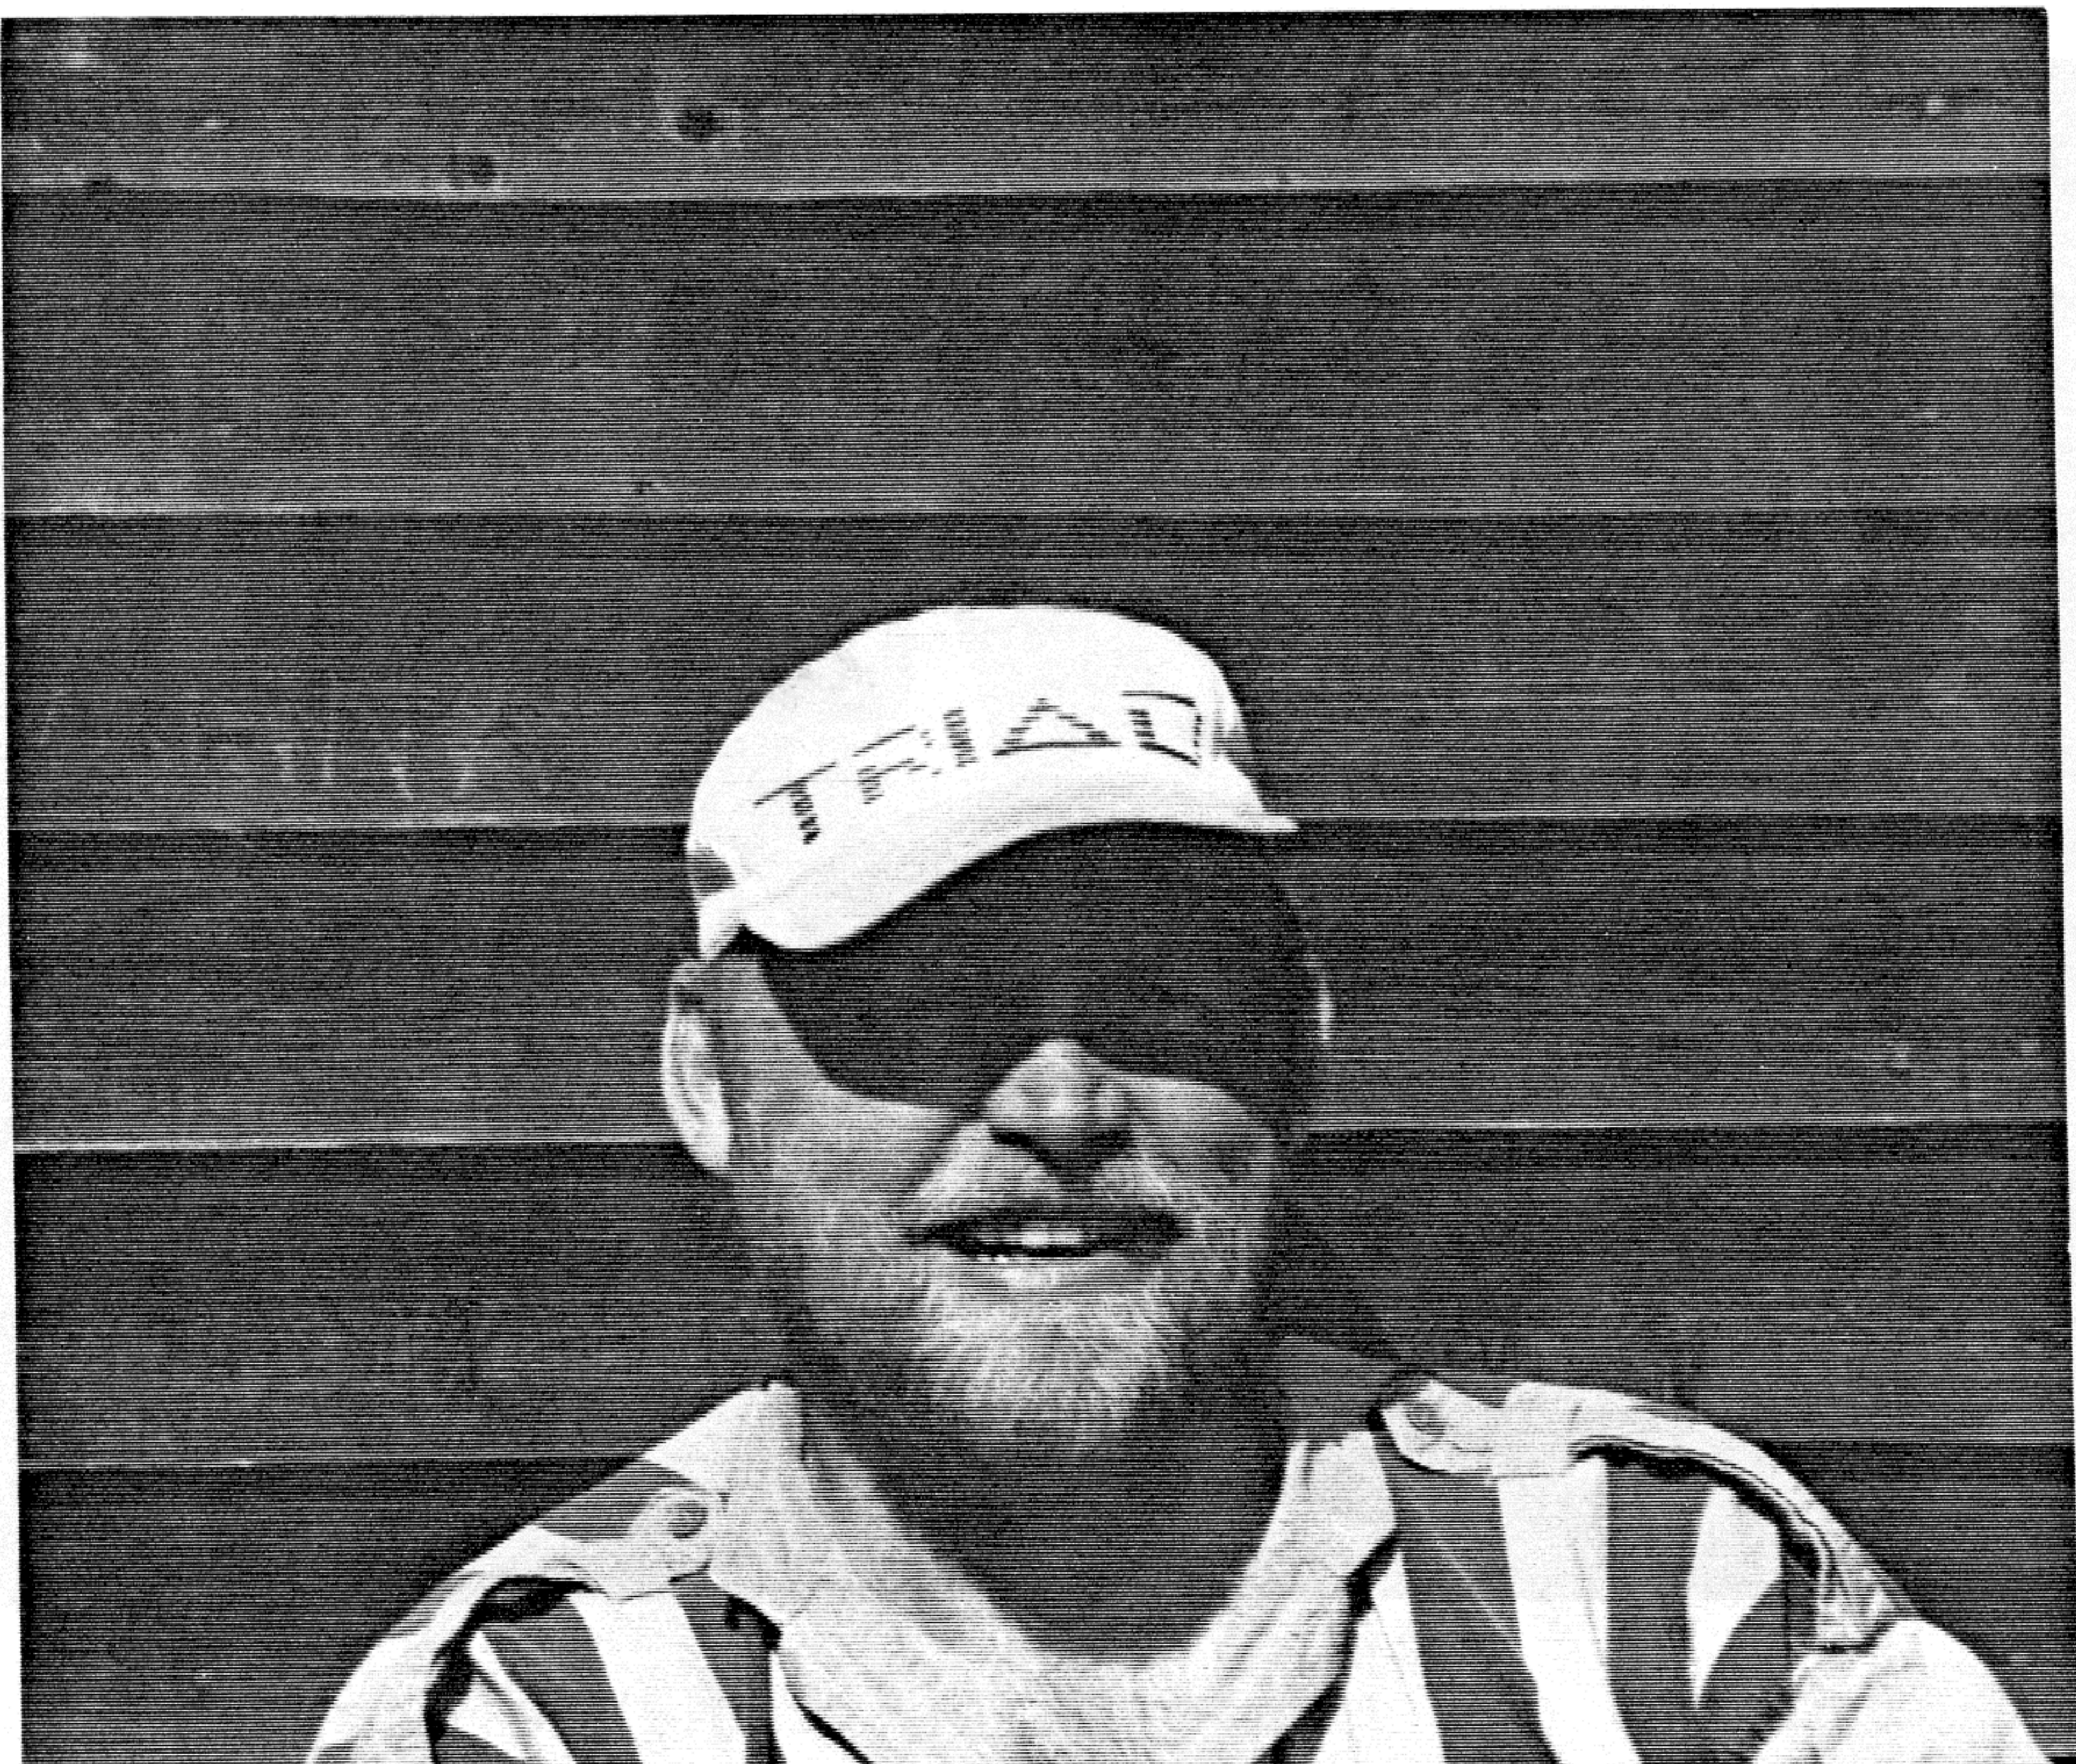

These 3 dudes are MC/CONFRONT, ICEBALL/CONFRONT and the other one is no one else than JANEK/GENESIS... Did you know that JANEK went a half day, with a paper on his backside, around the party... where this stood... Hello. I'm JANEK/GENESIS PROJECT where are you MURDOCK. He, he it was really funny, you guyz must have seen it.

These 2 dudes are nobody else than, the dick fanning COMMUNIST/F4CG (await next issue some doped pictures from him!) and the dude on the right is TRIGGER/ENIGMA !

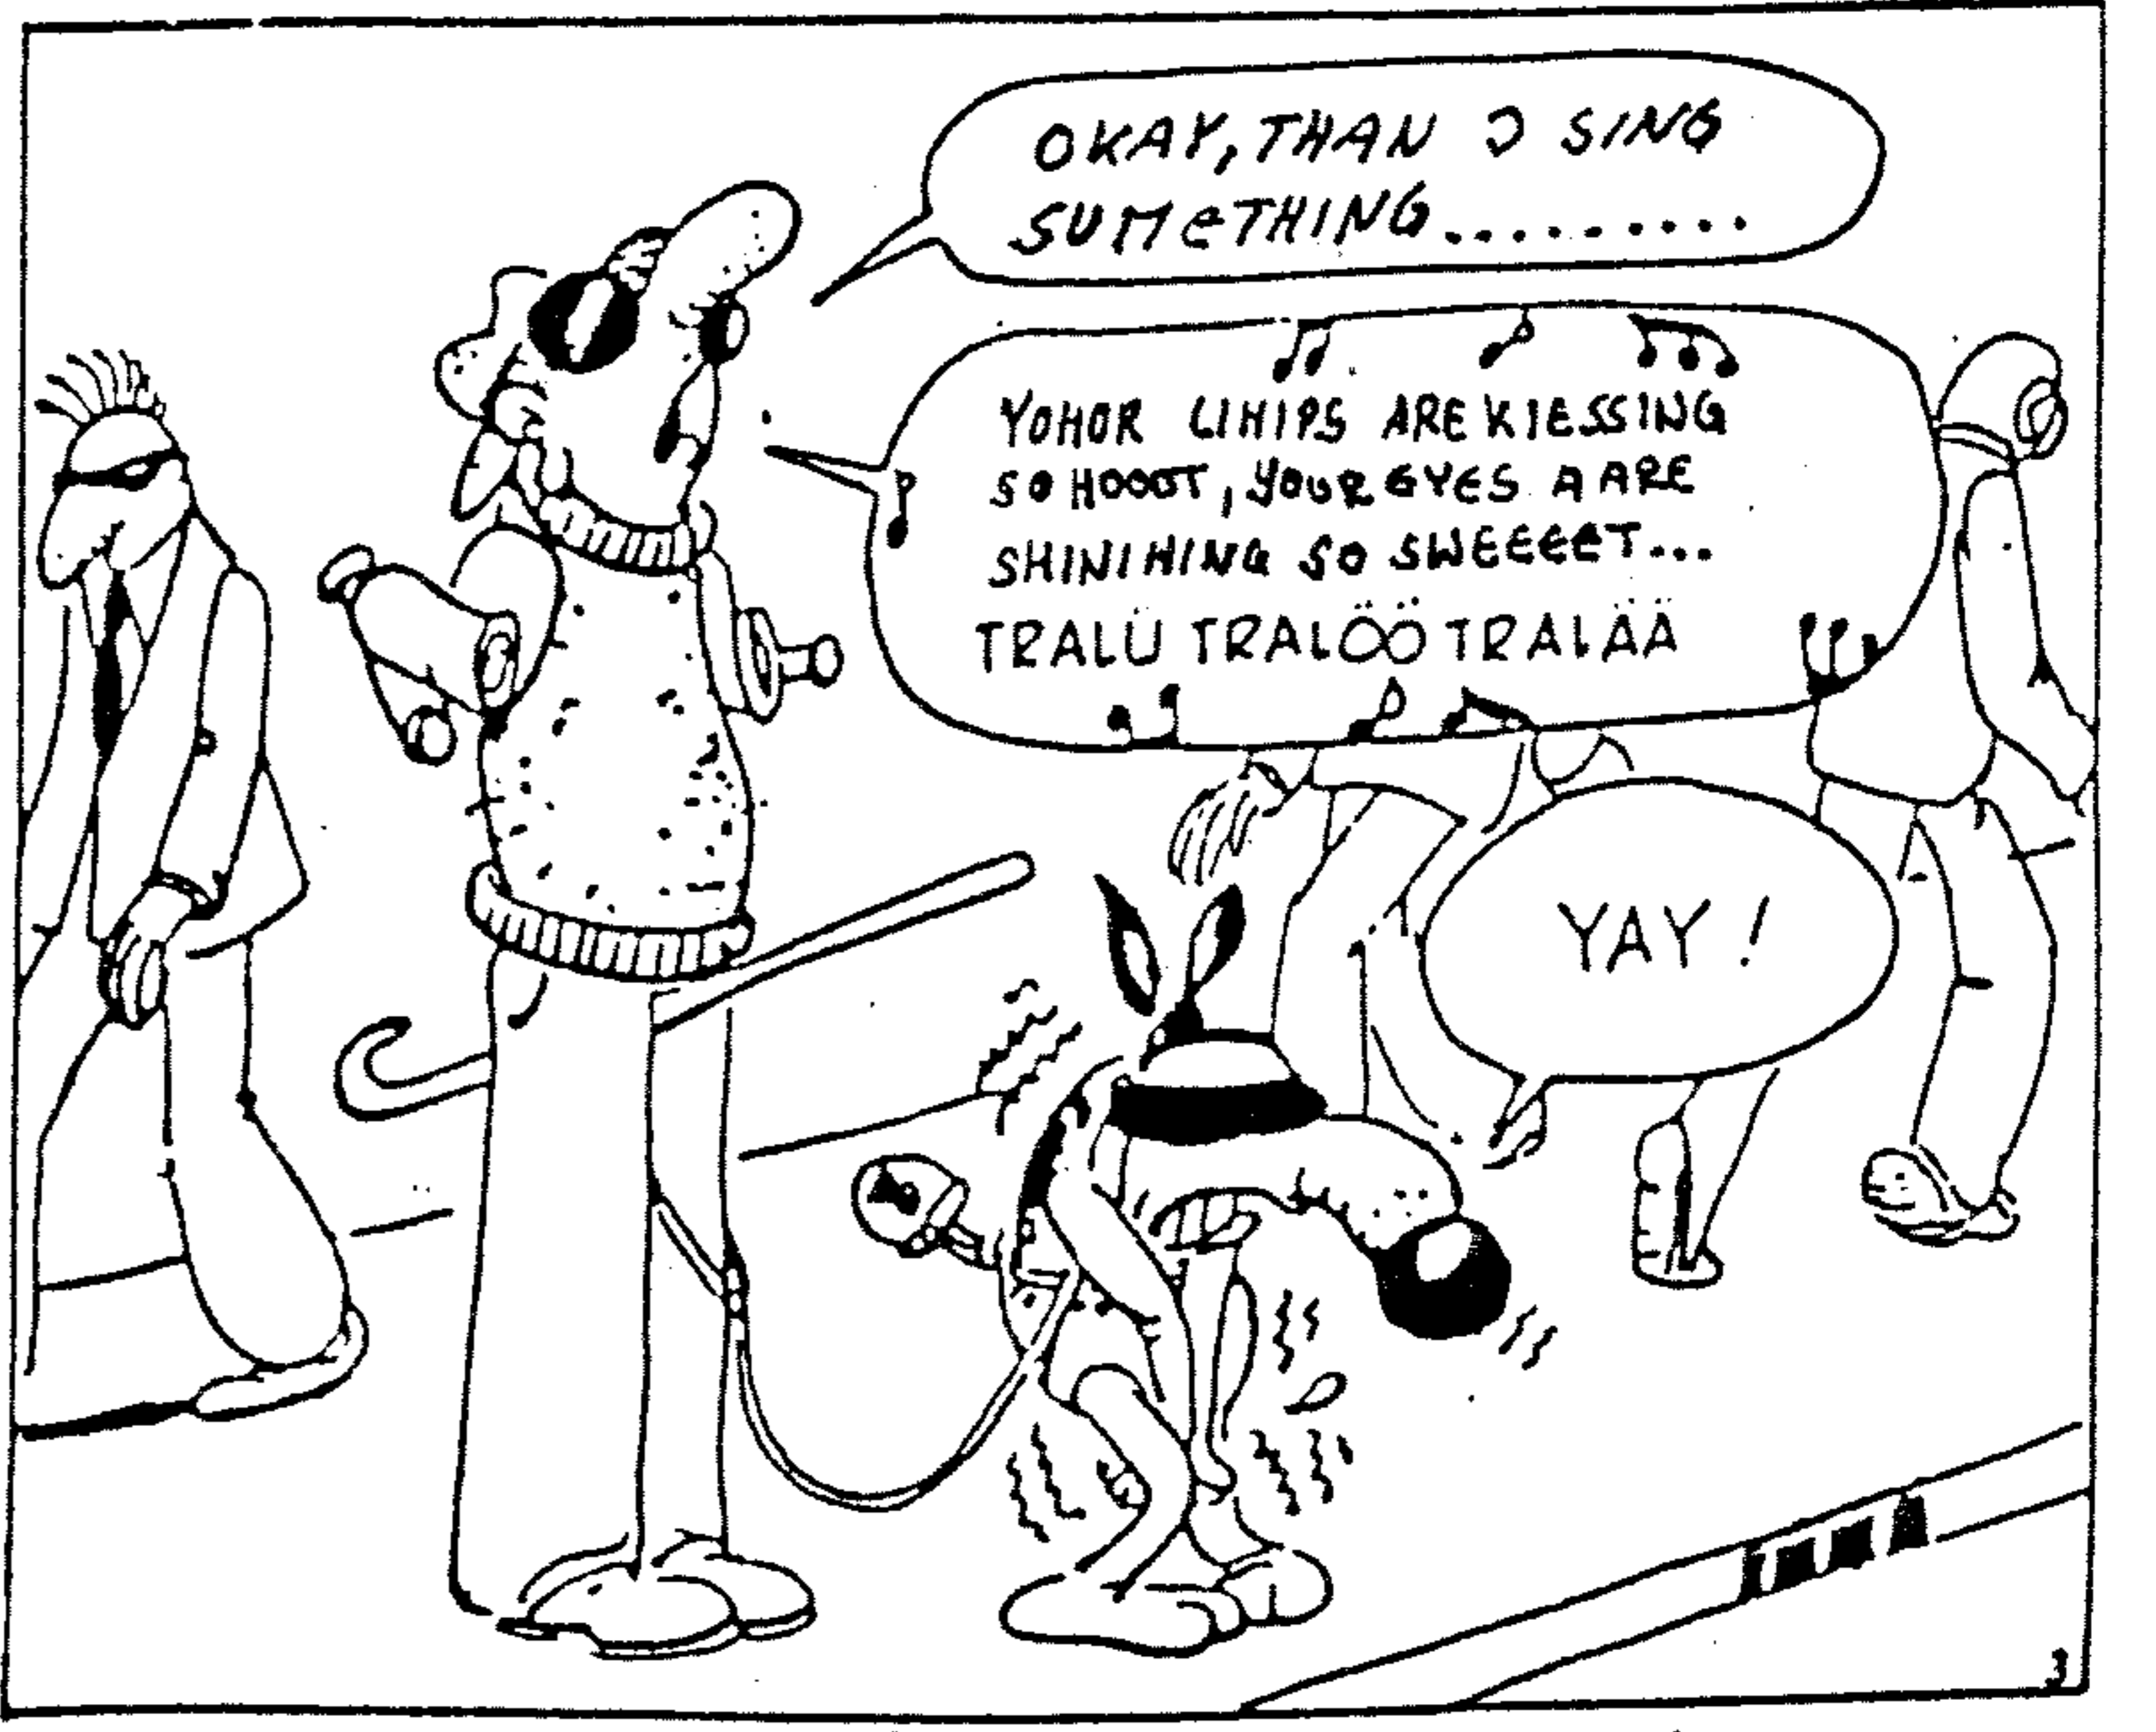

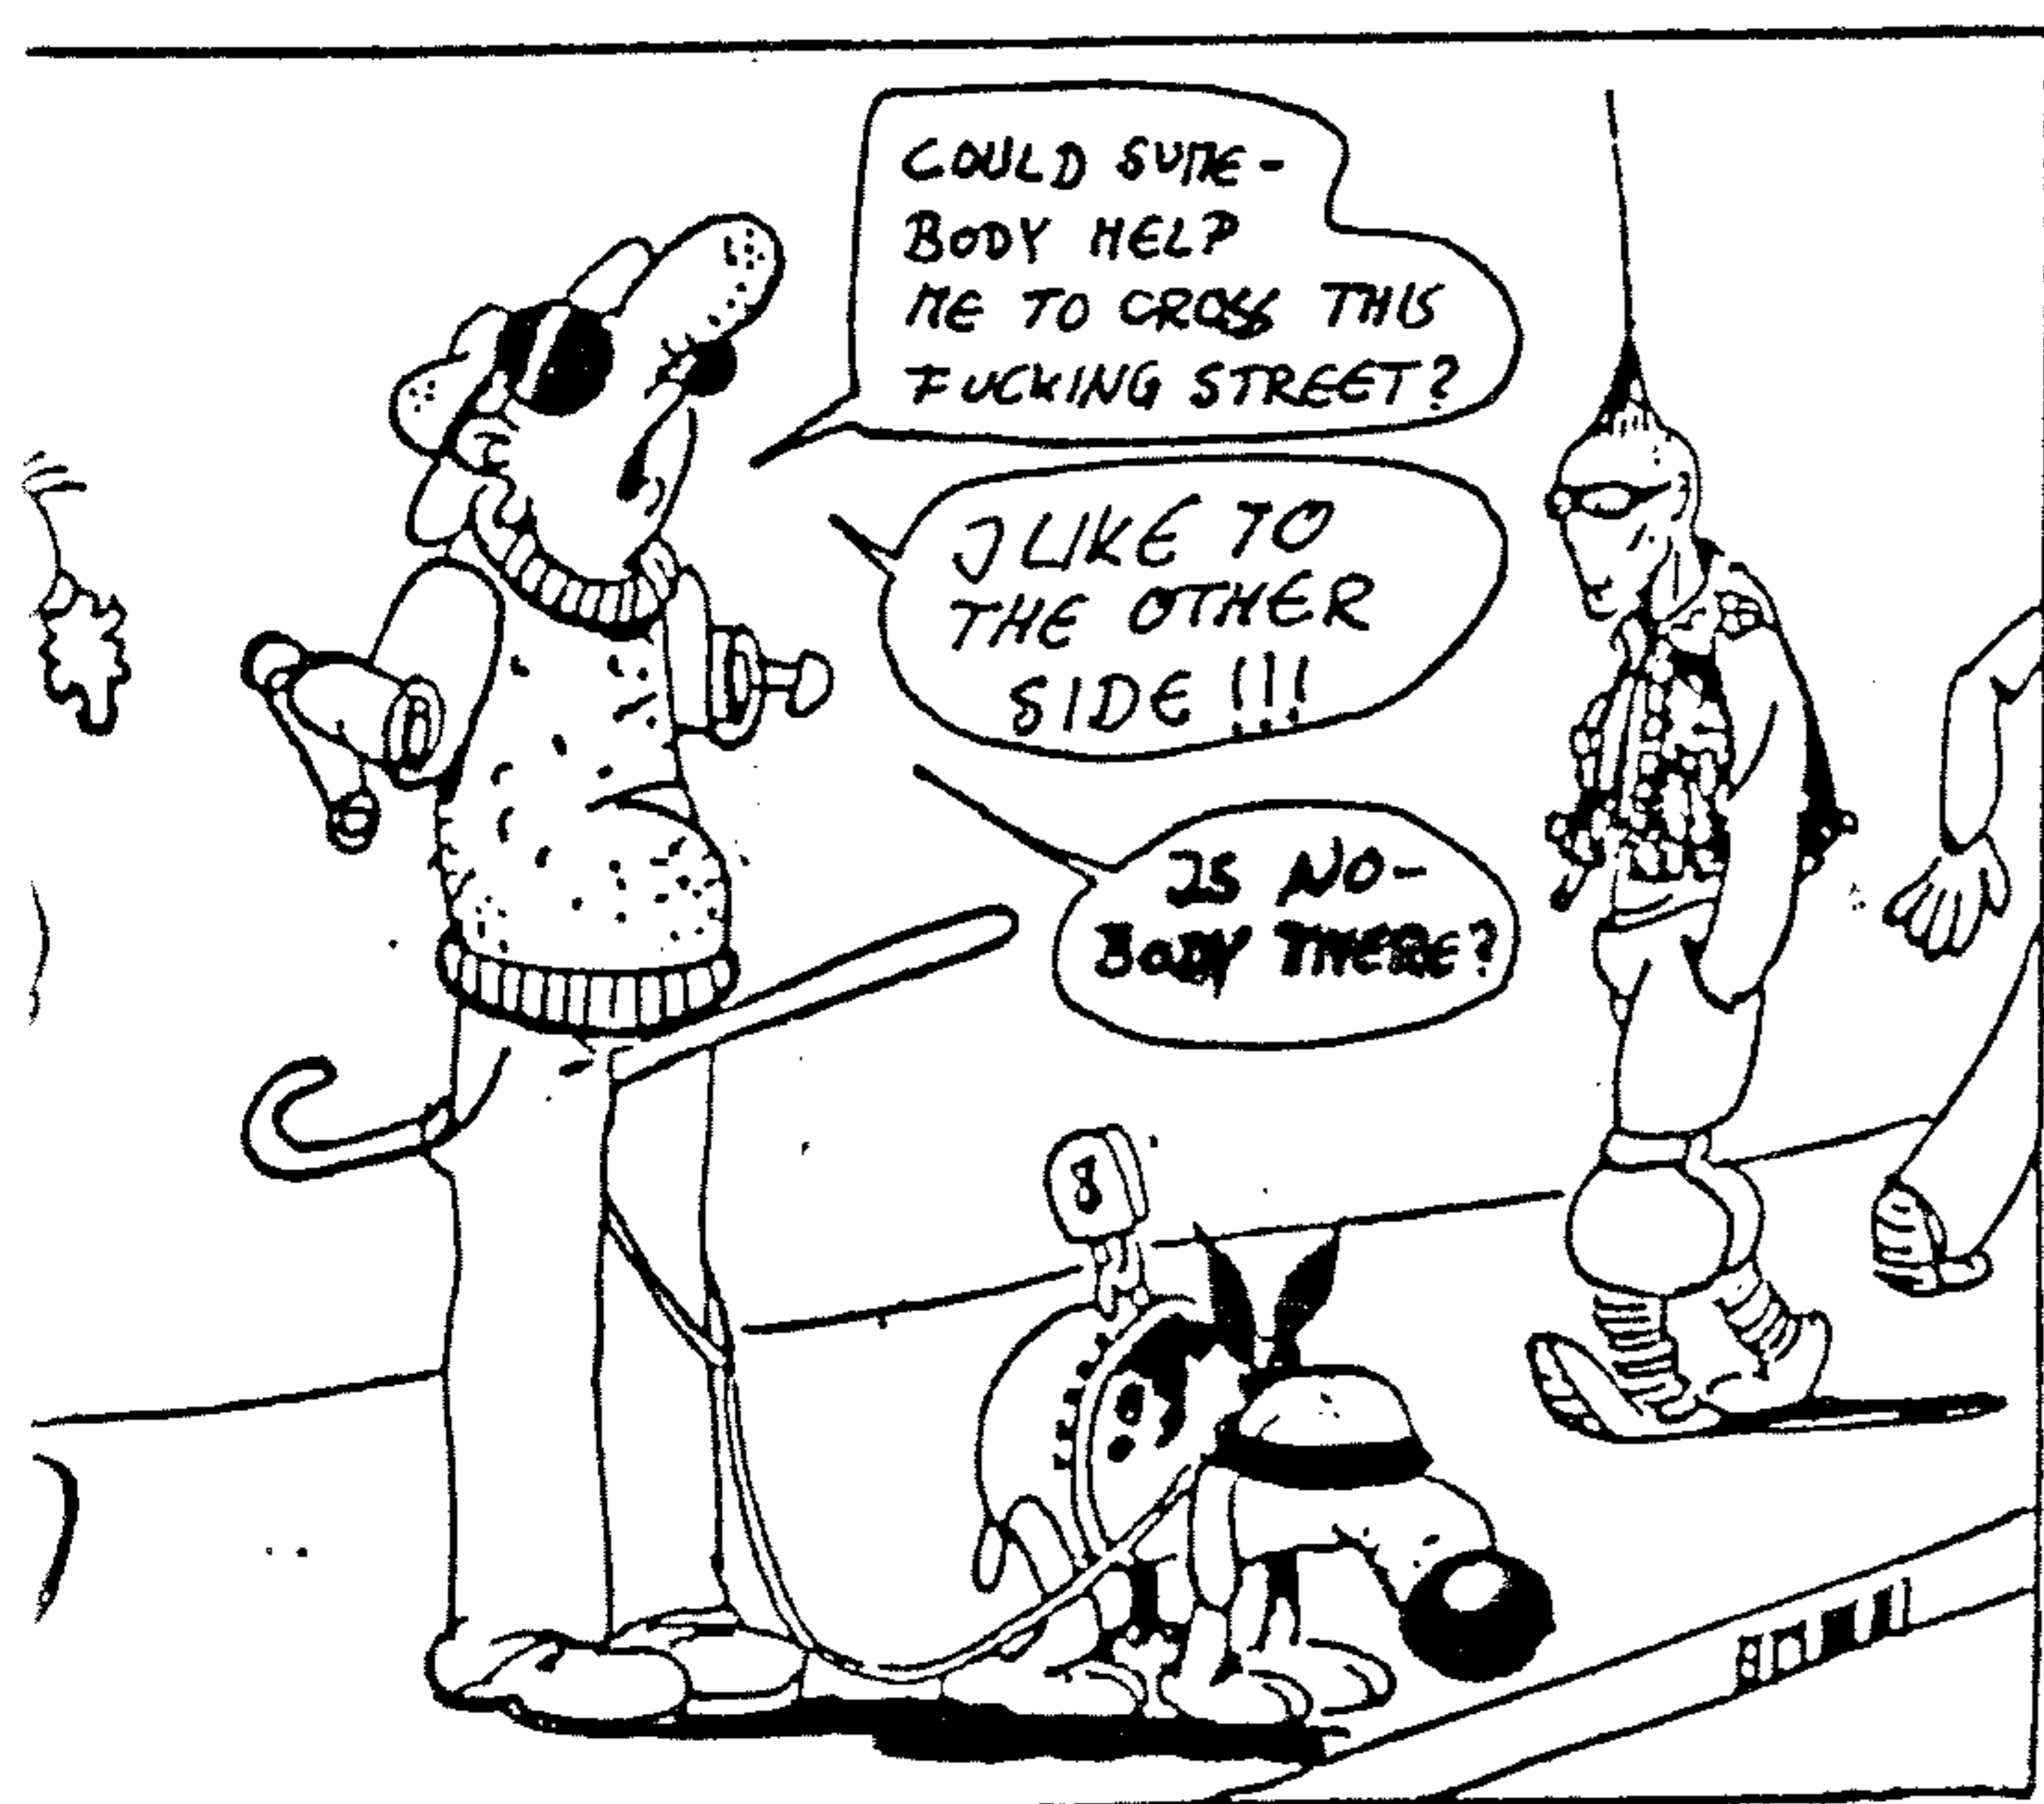

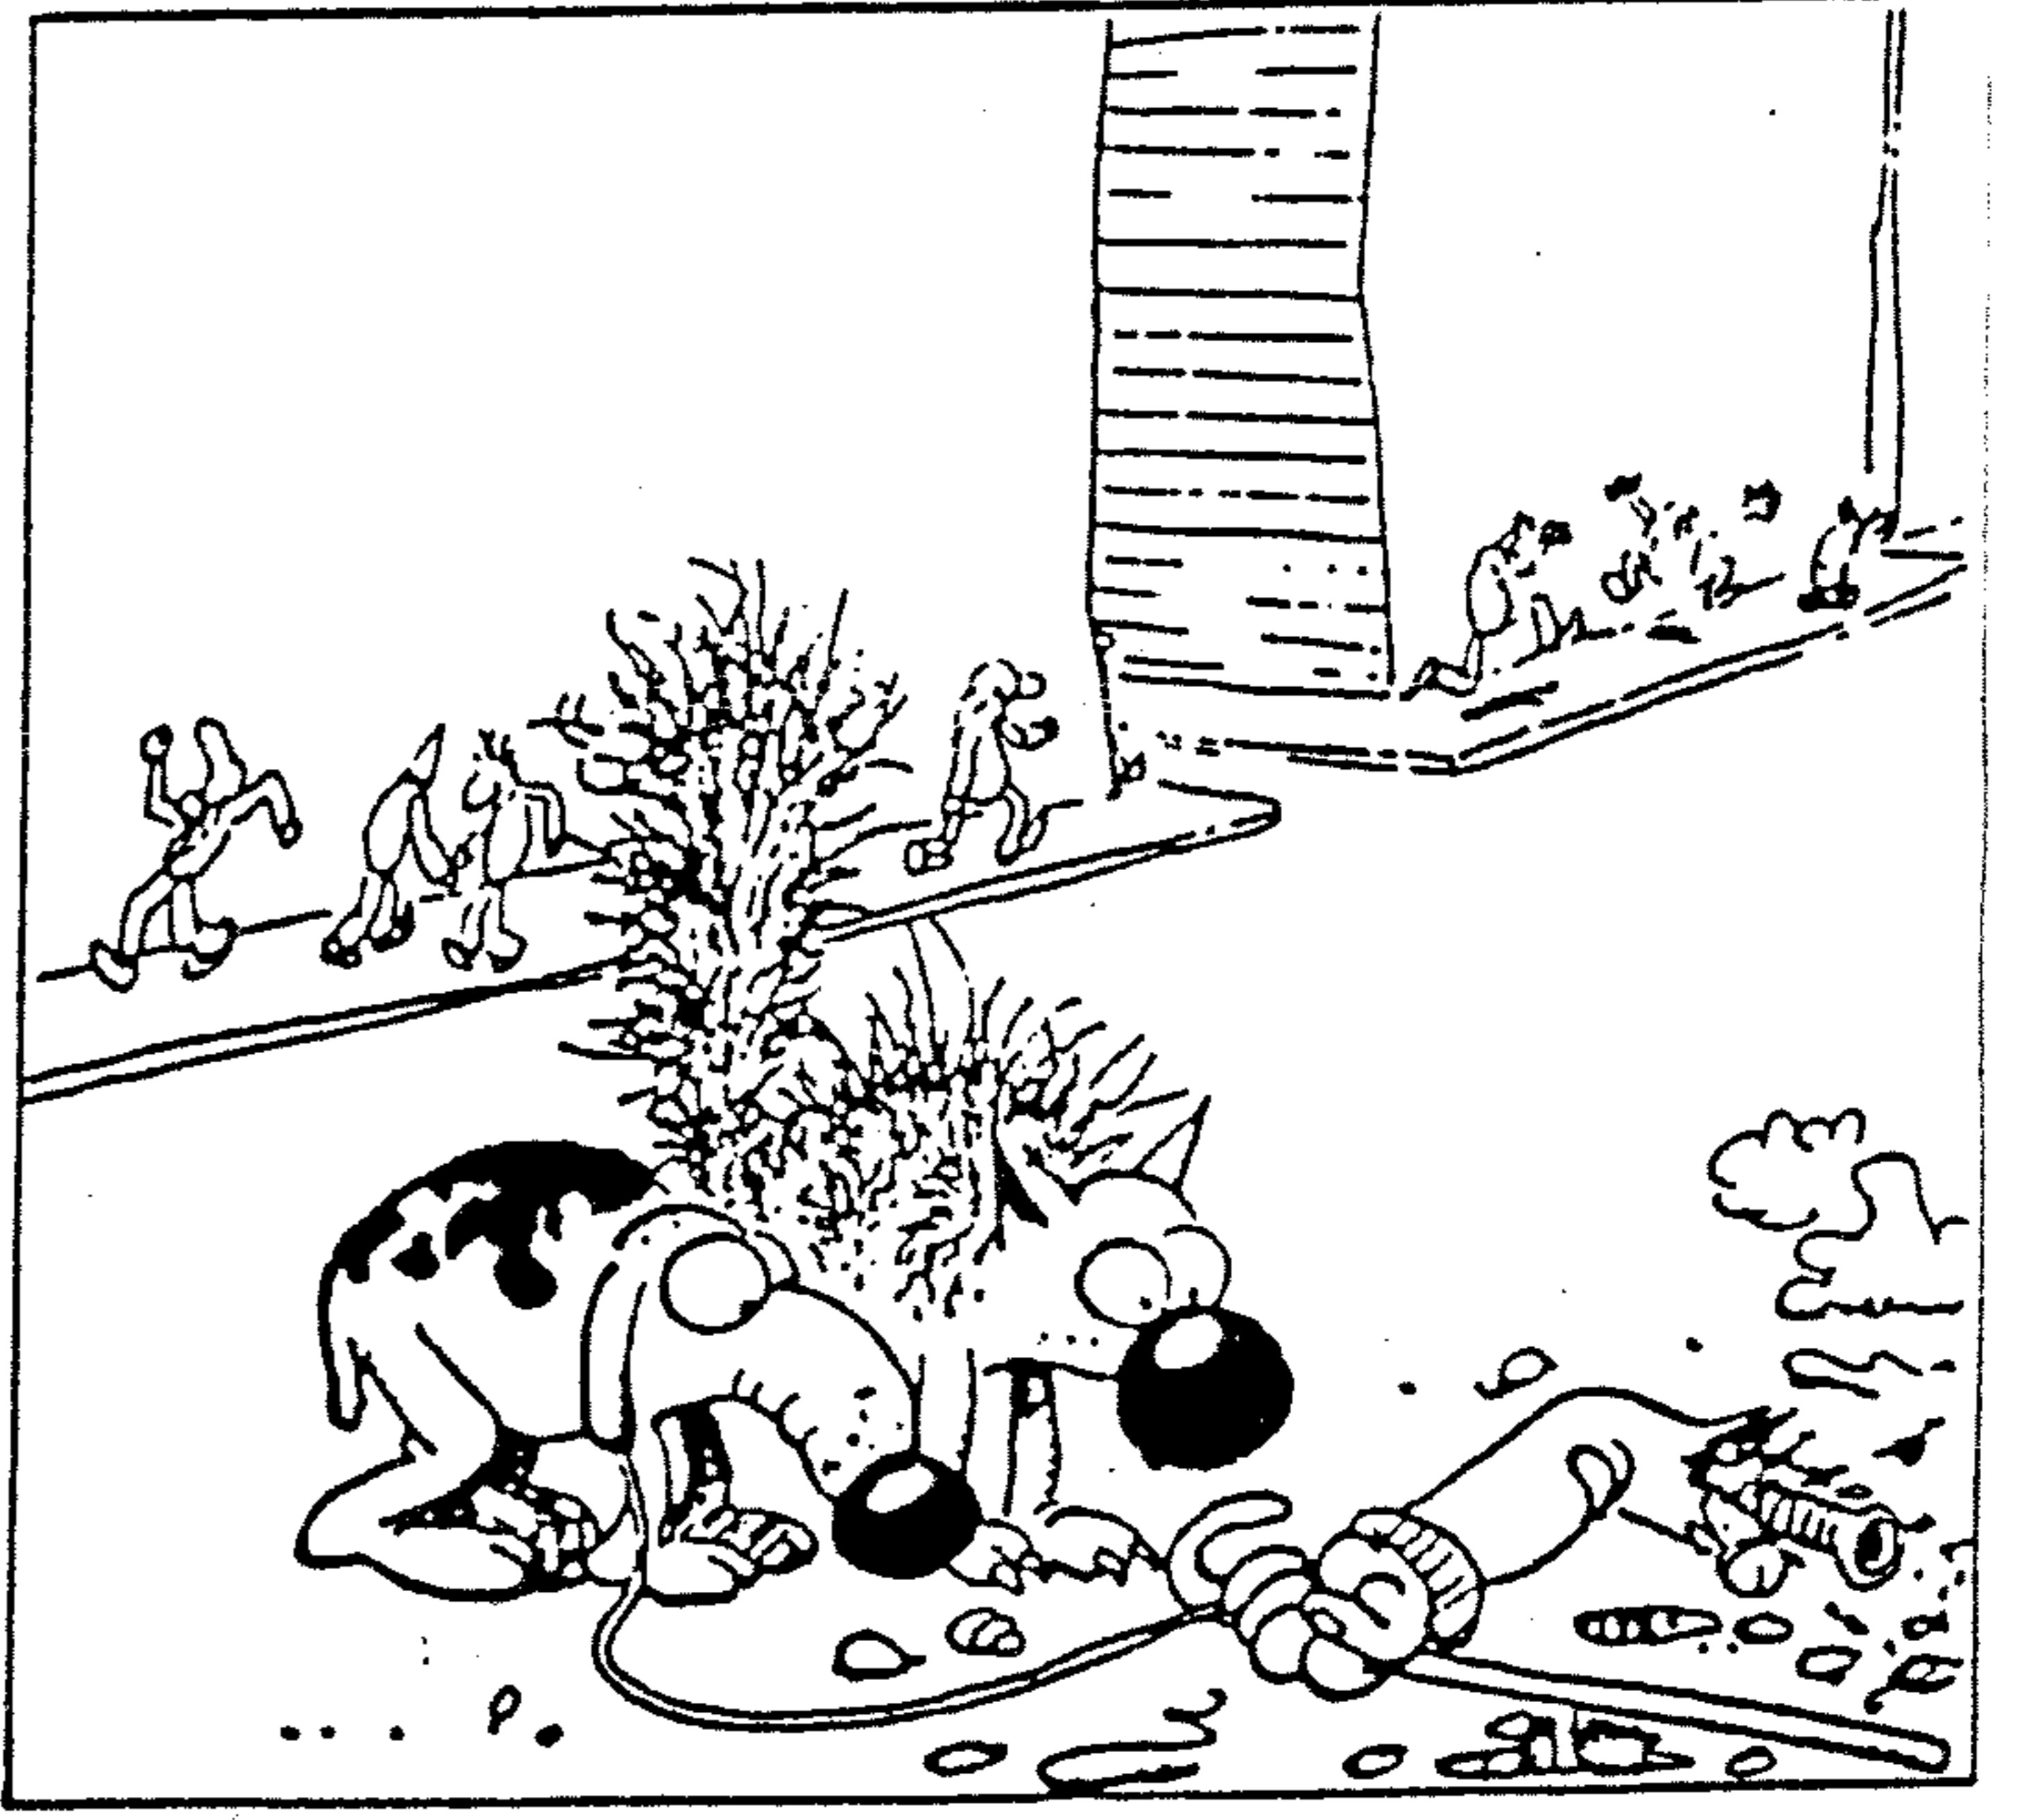

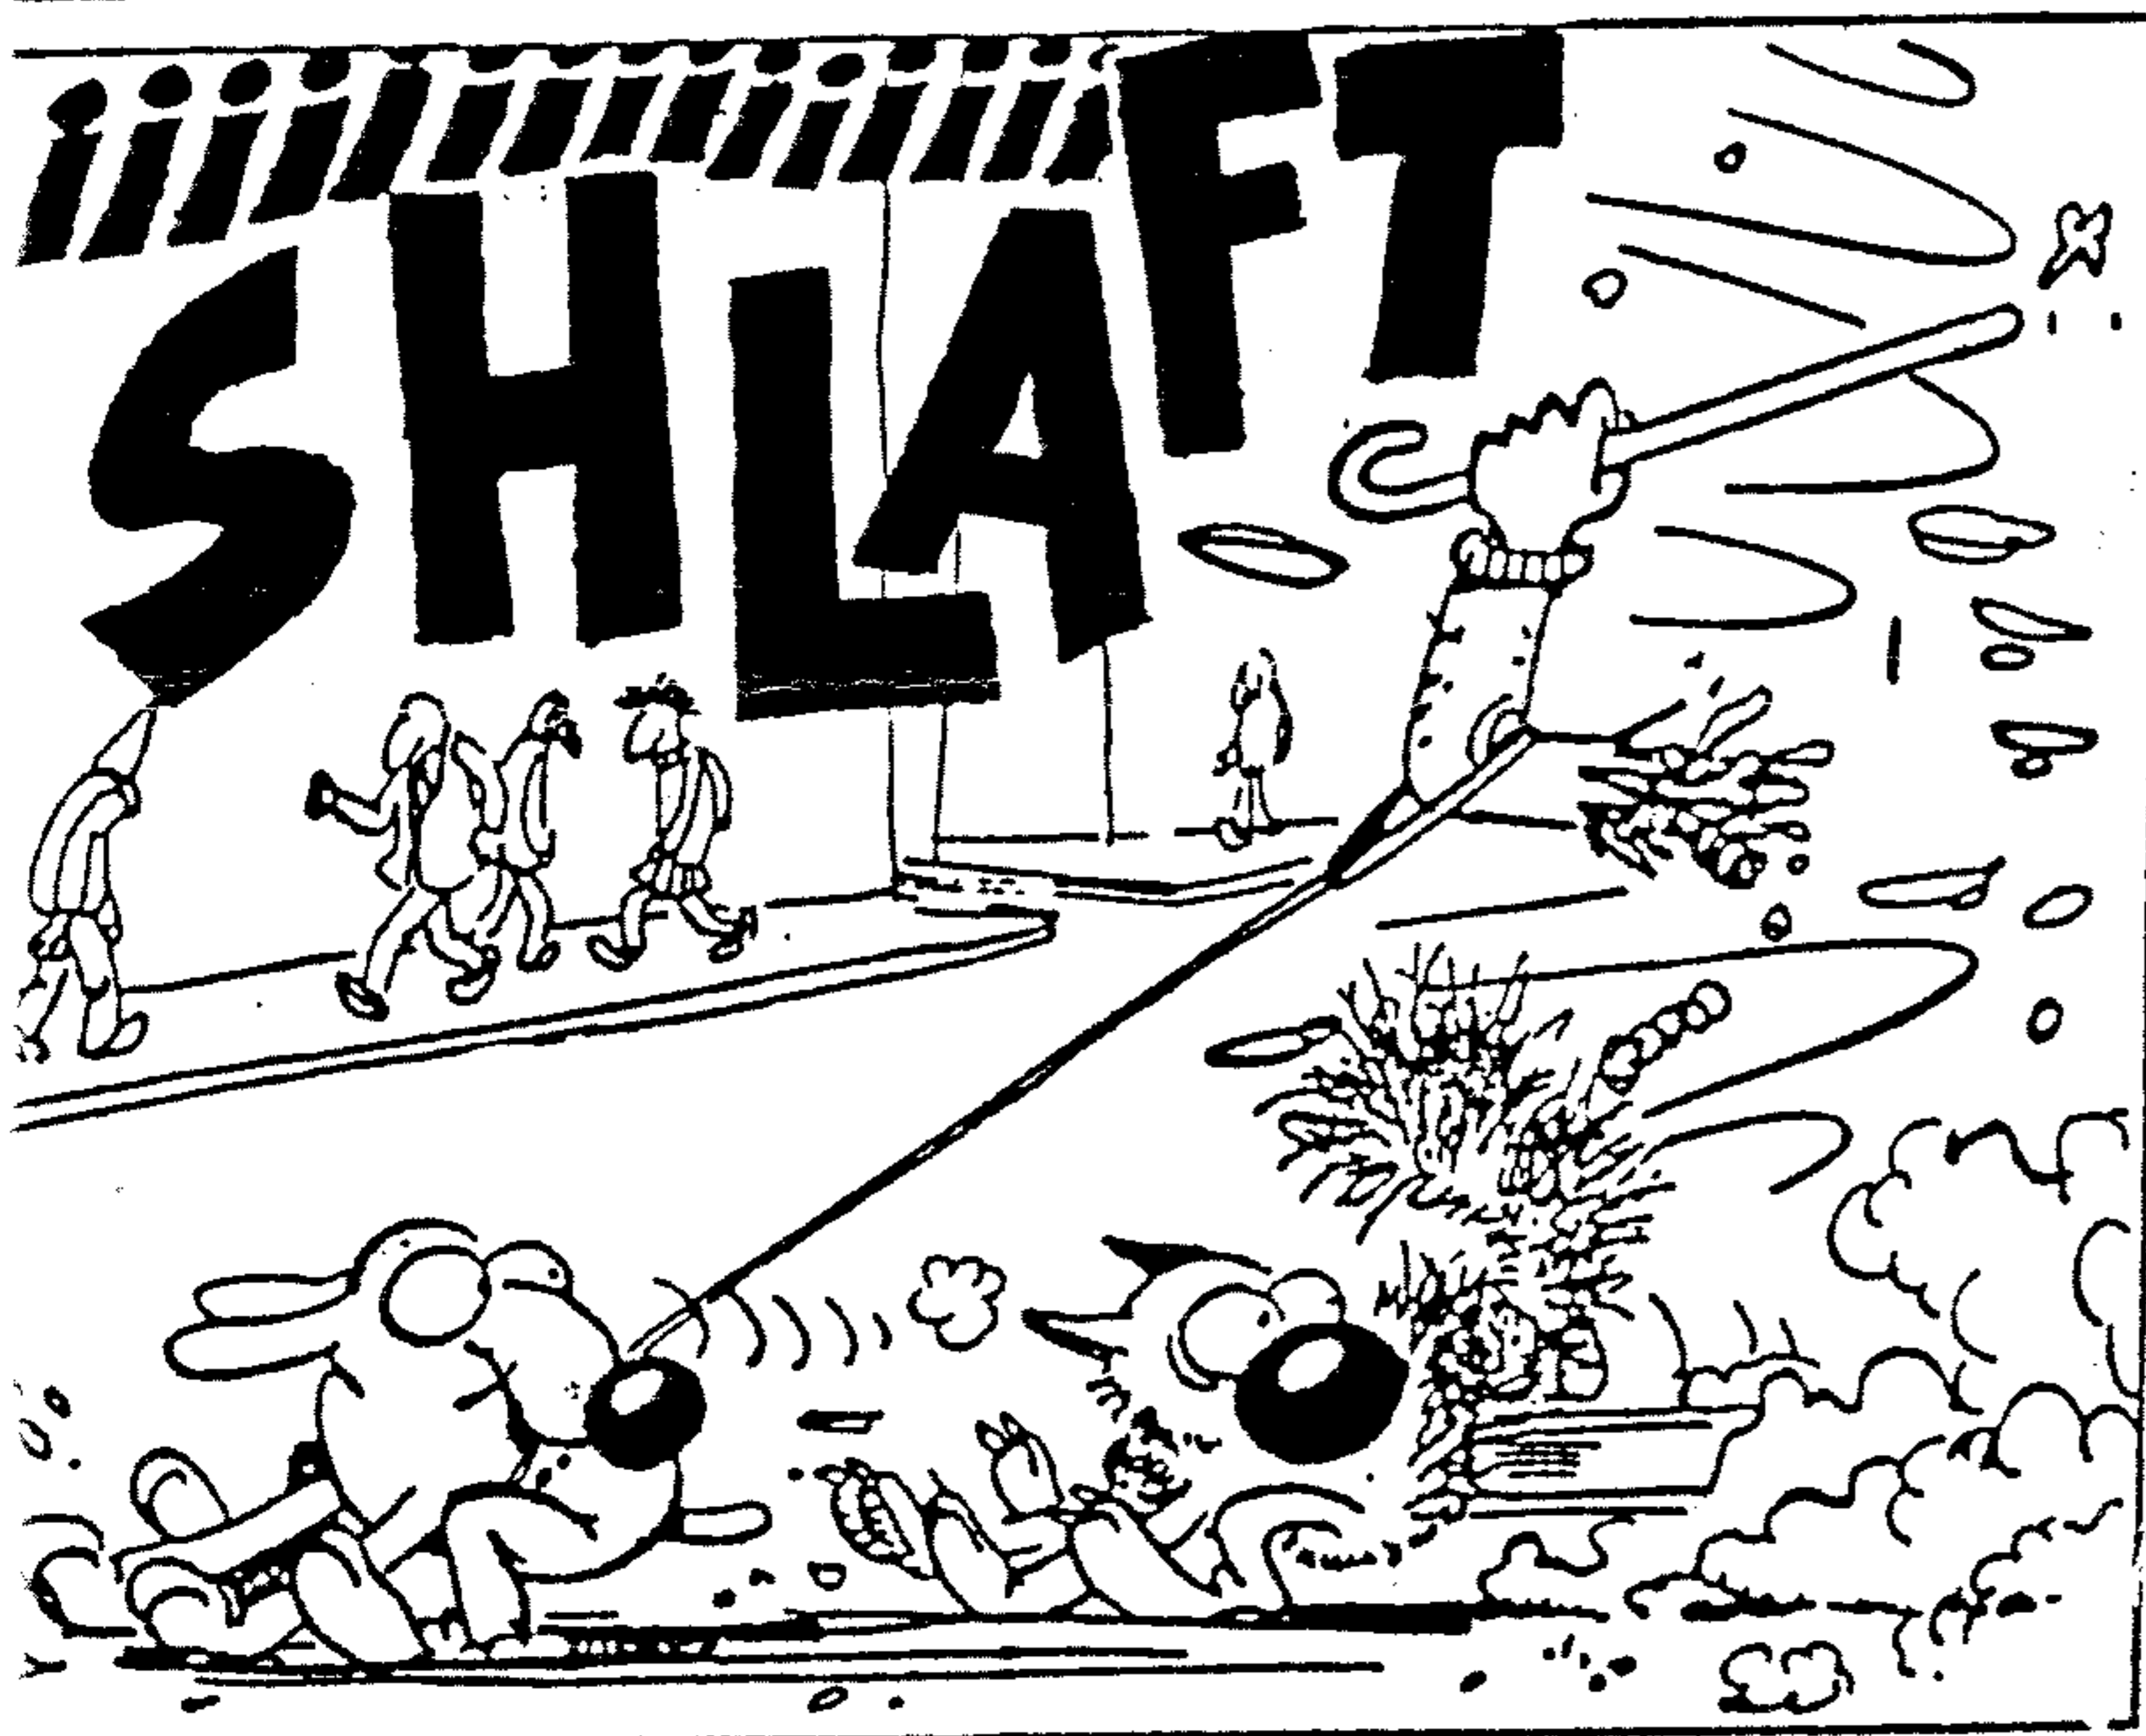

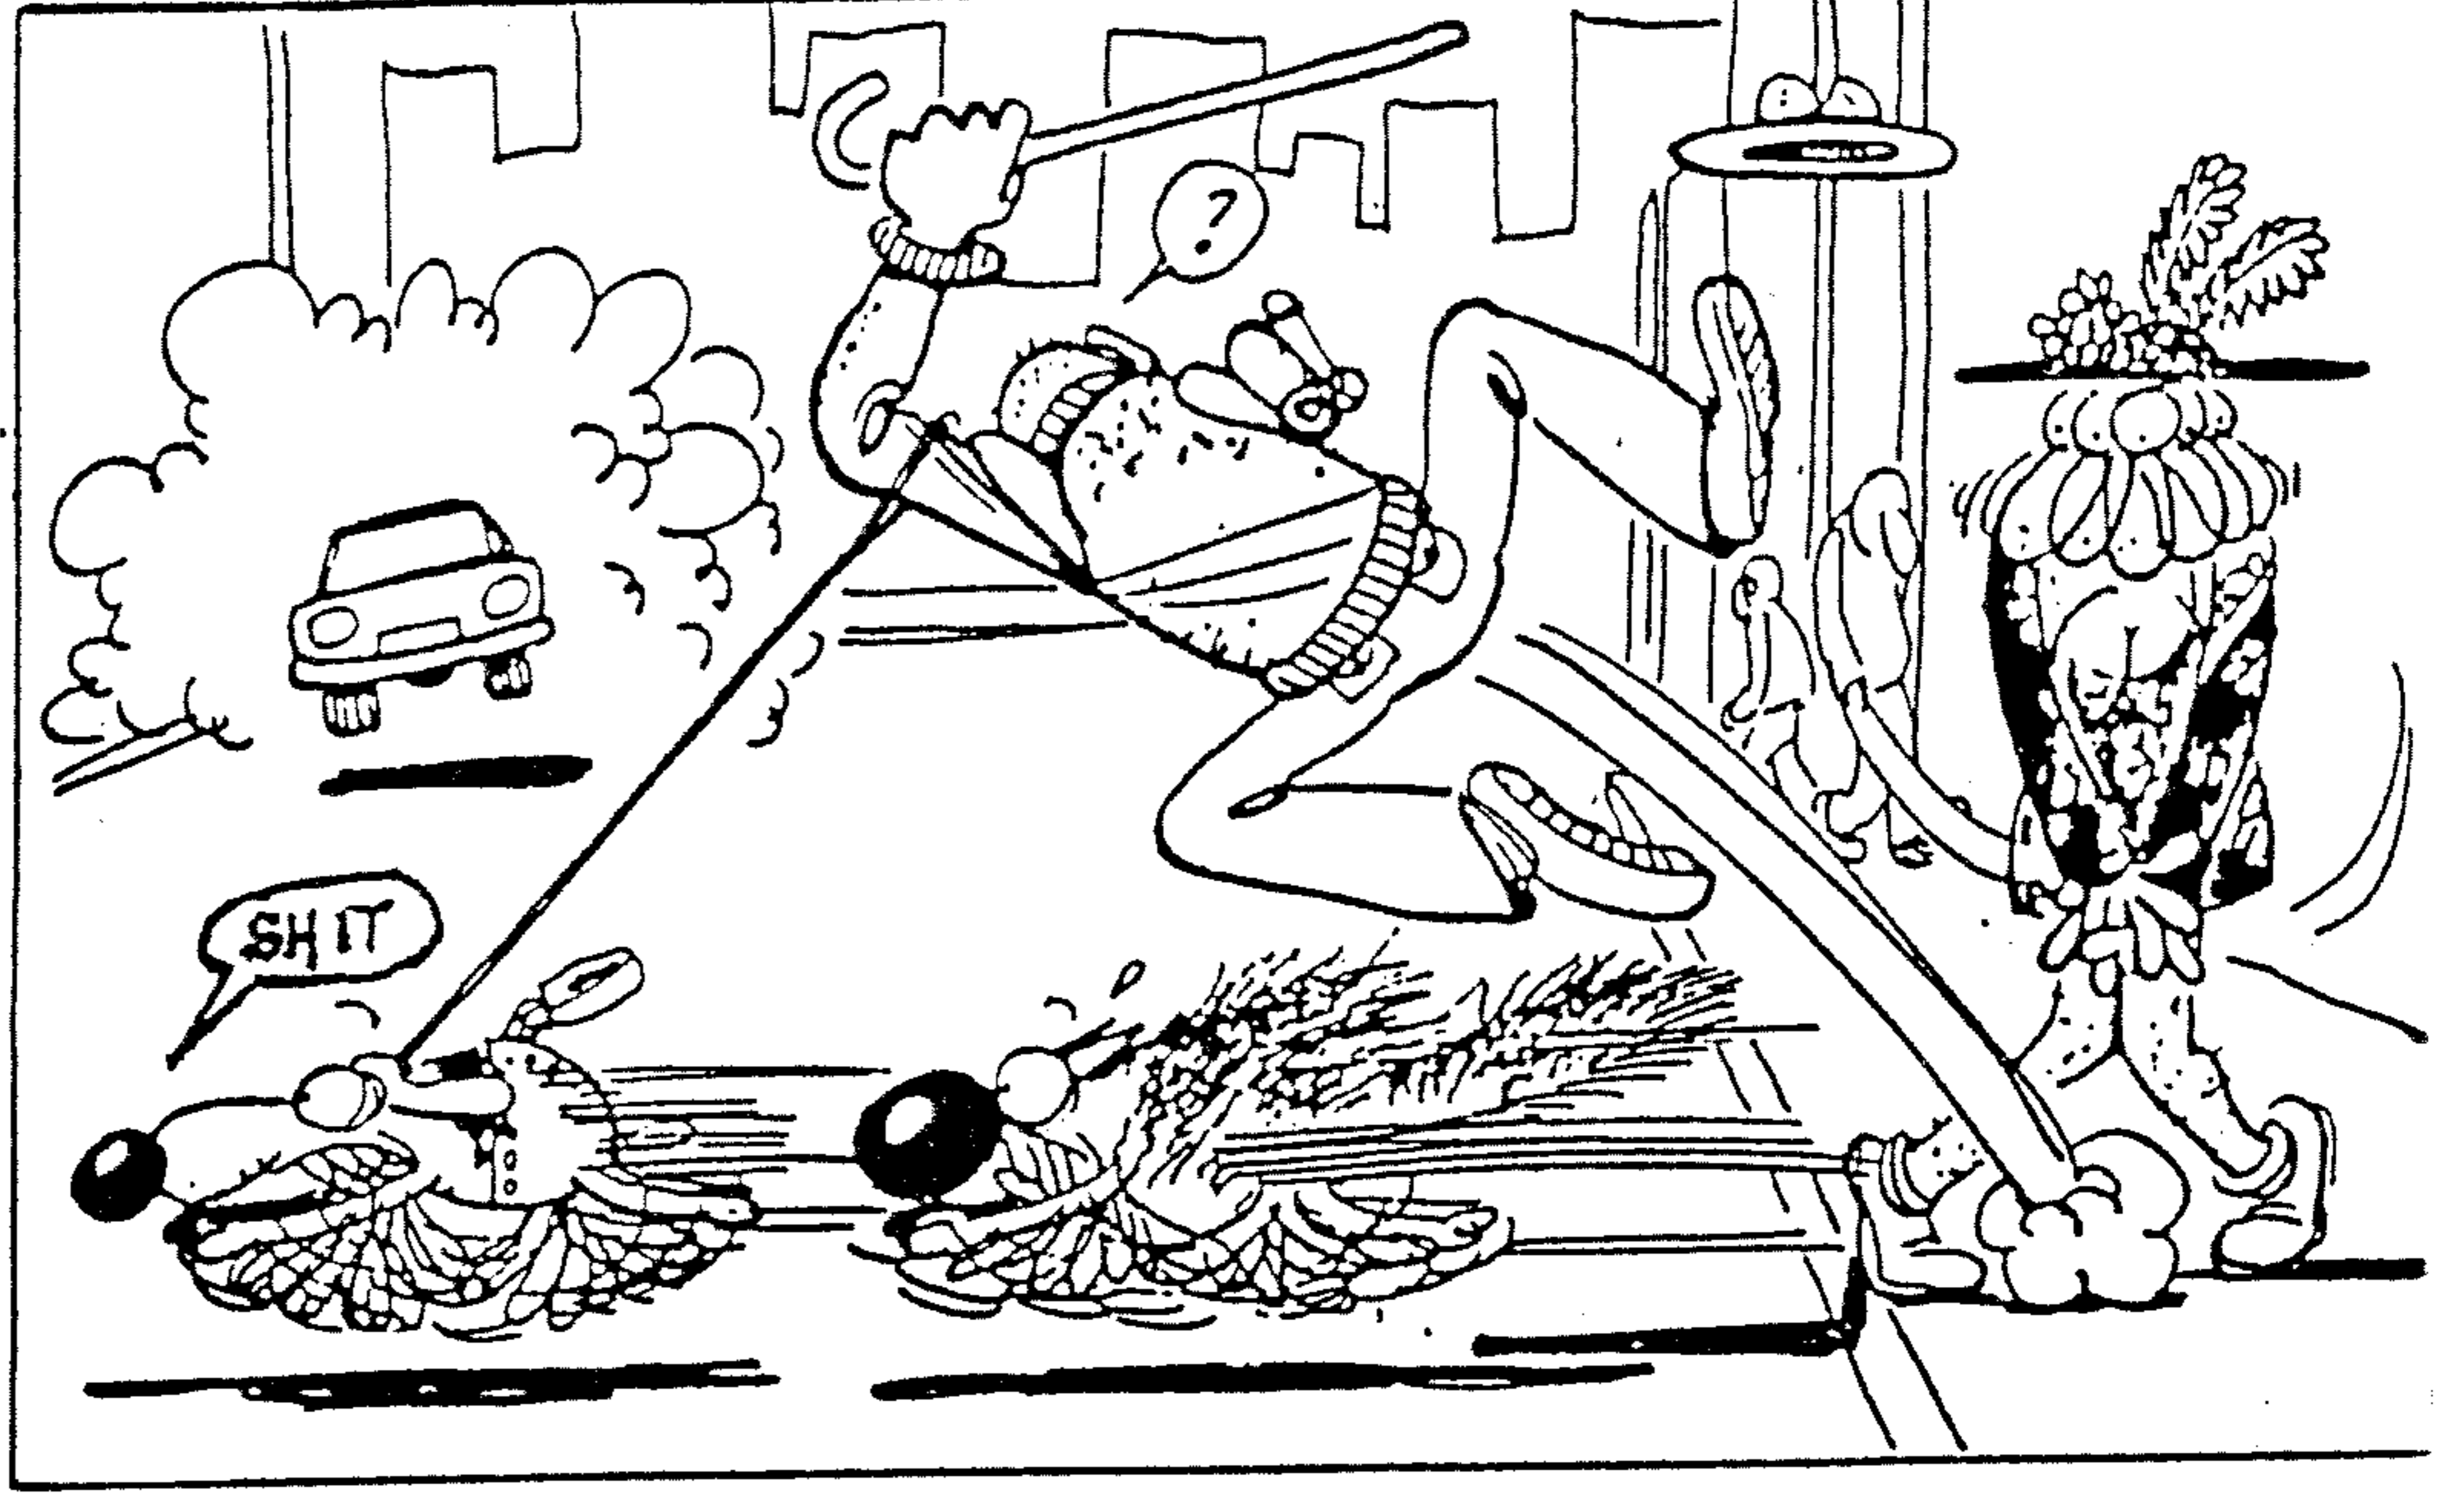

These dudes are from the TRAIID.64 and AMIGA section. From left SULTAN, ARAGON, TROOPER, SHARK, HUSSE, behind him DRUNKDOWN, ARAGORN, KING FISHER and EMAX from TRAIID. The only problem is I don't know who is from AMIGA and who is from the 64. I only know that KING FISHER is from the 64 section. The other guyz I don't know. Hmmm...

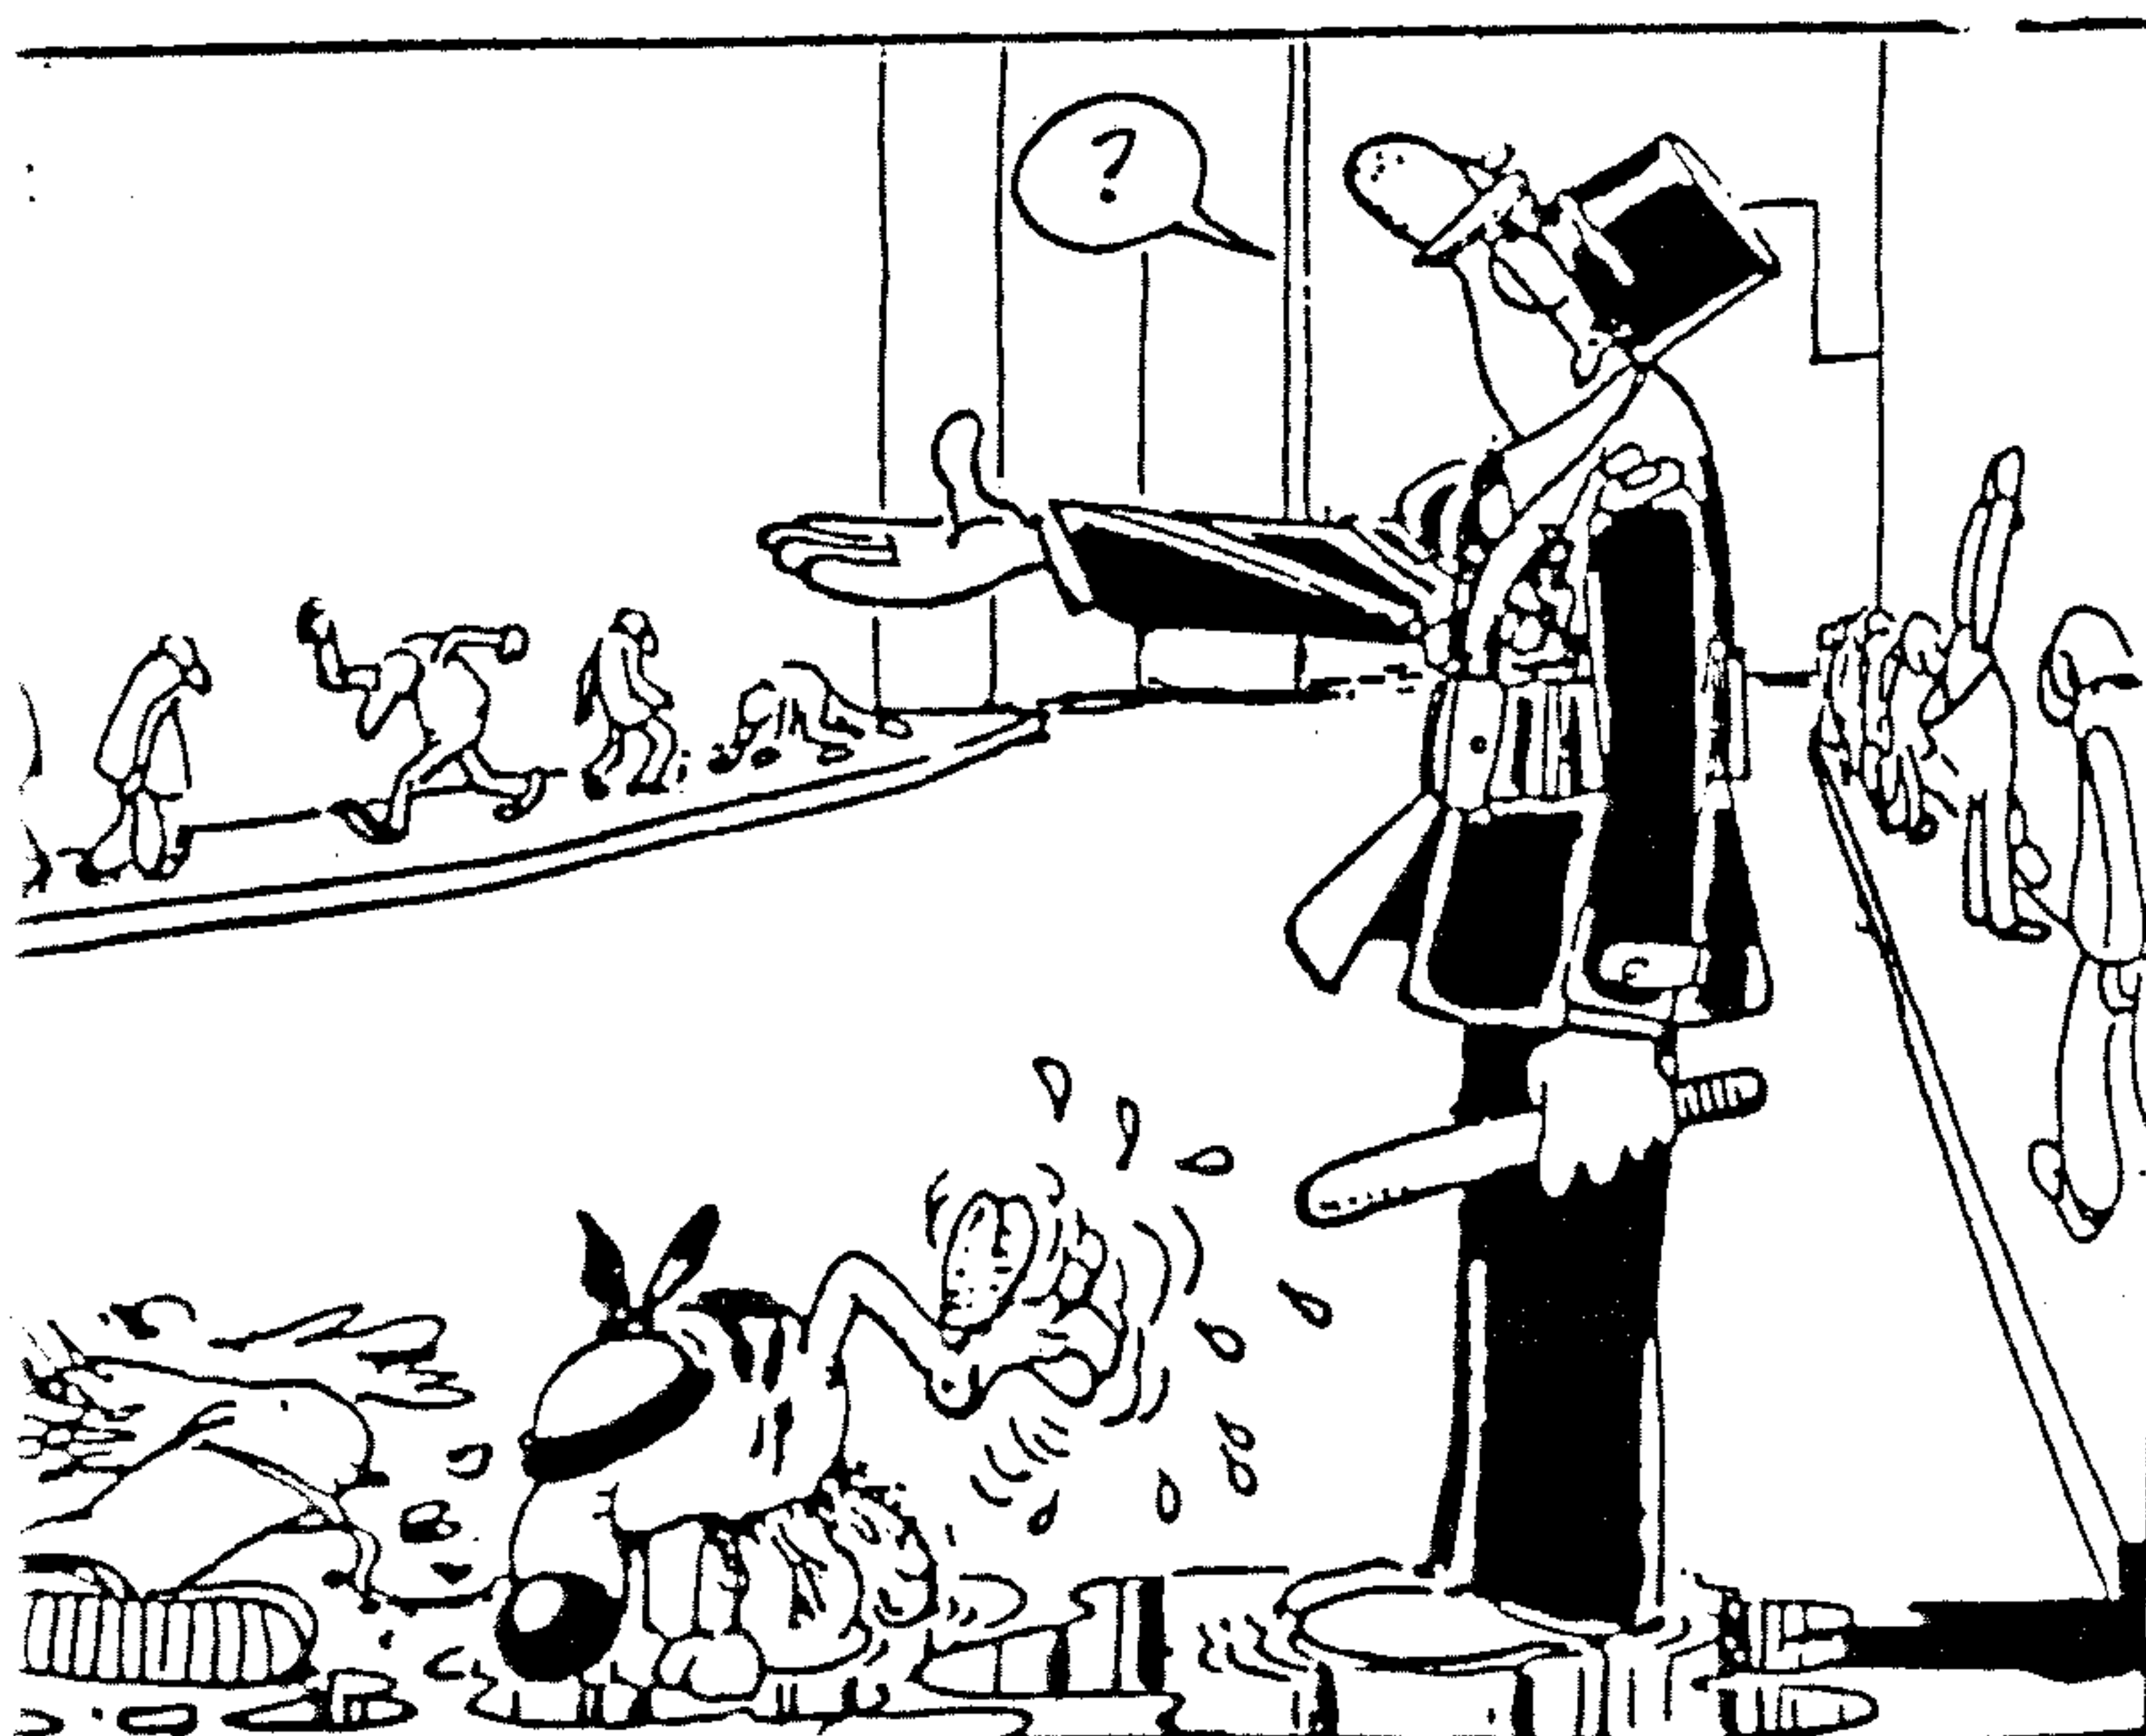

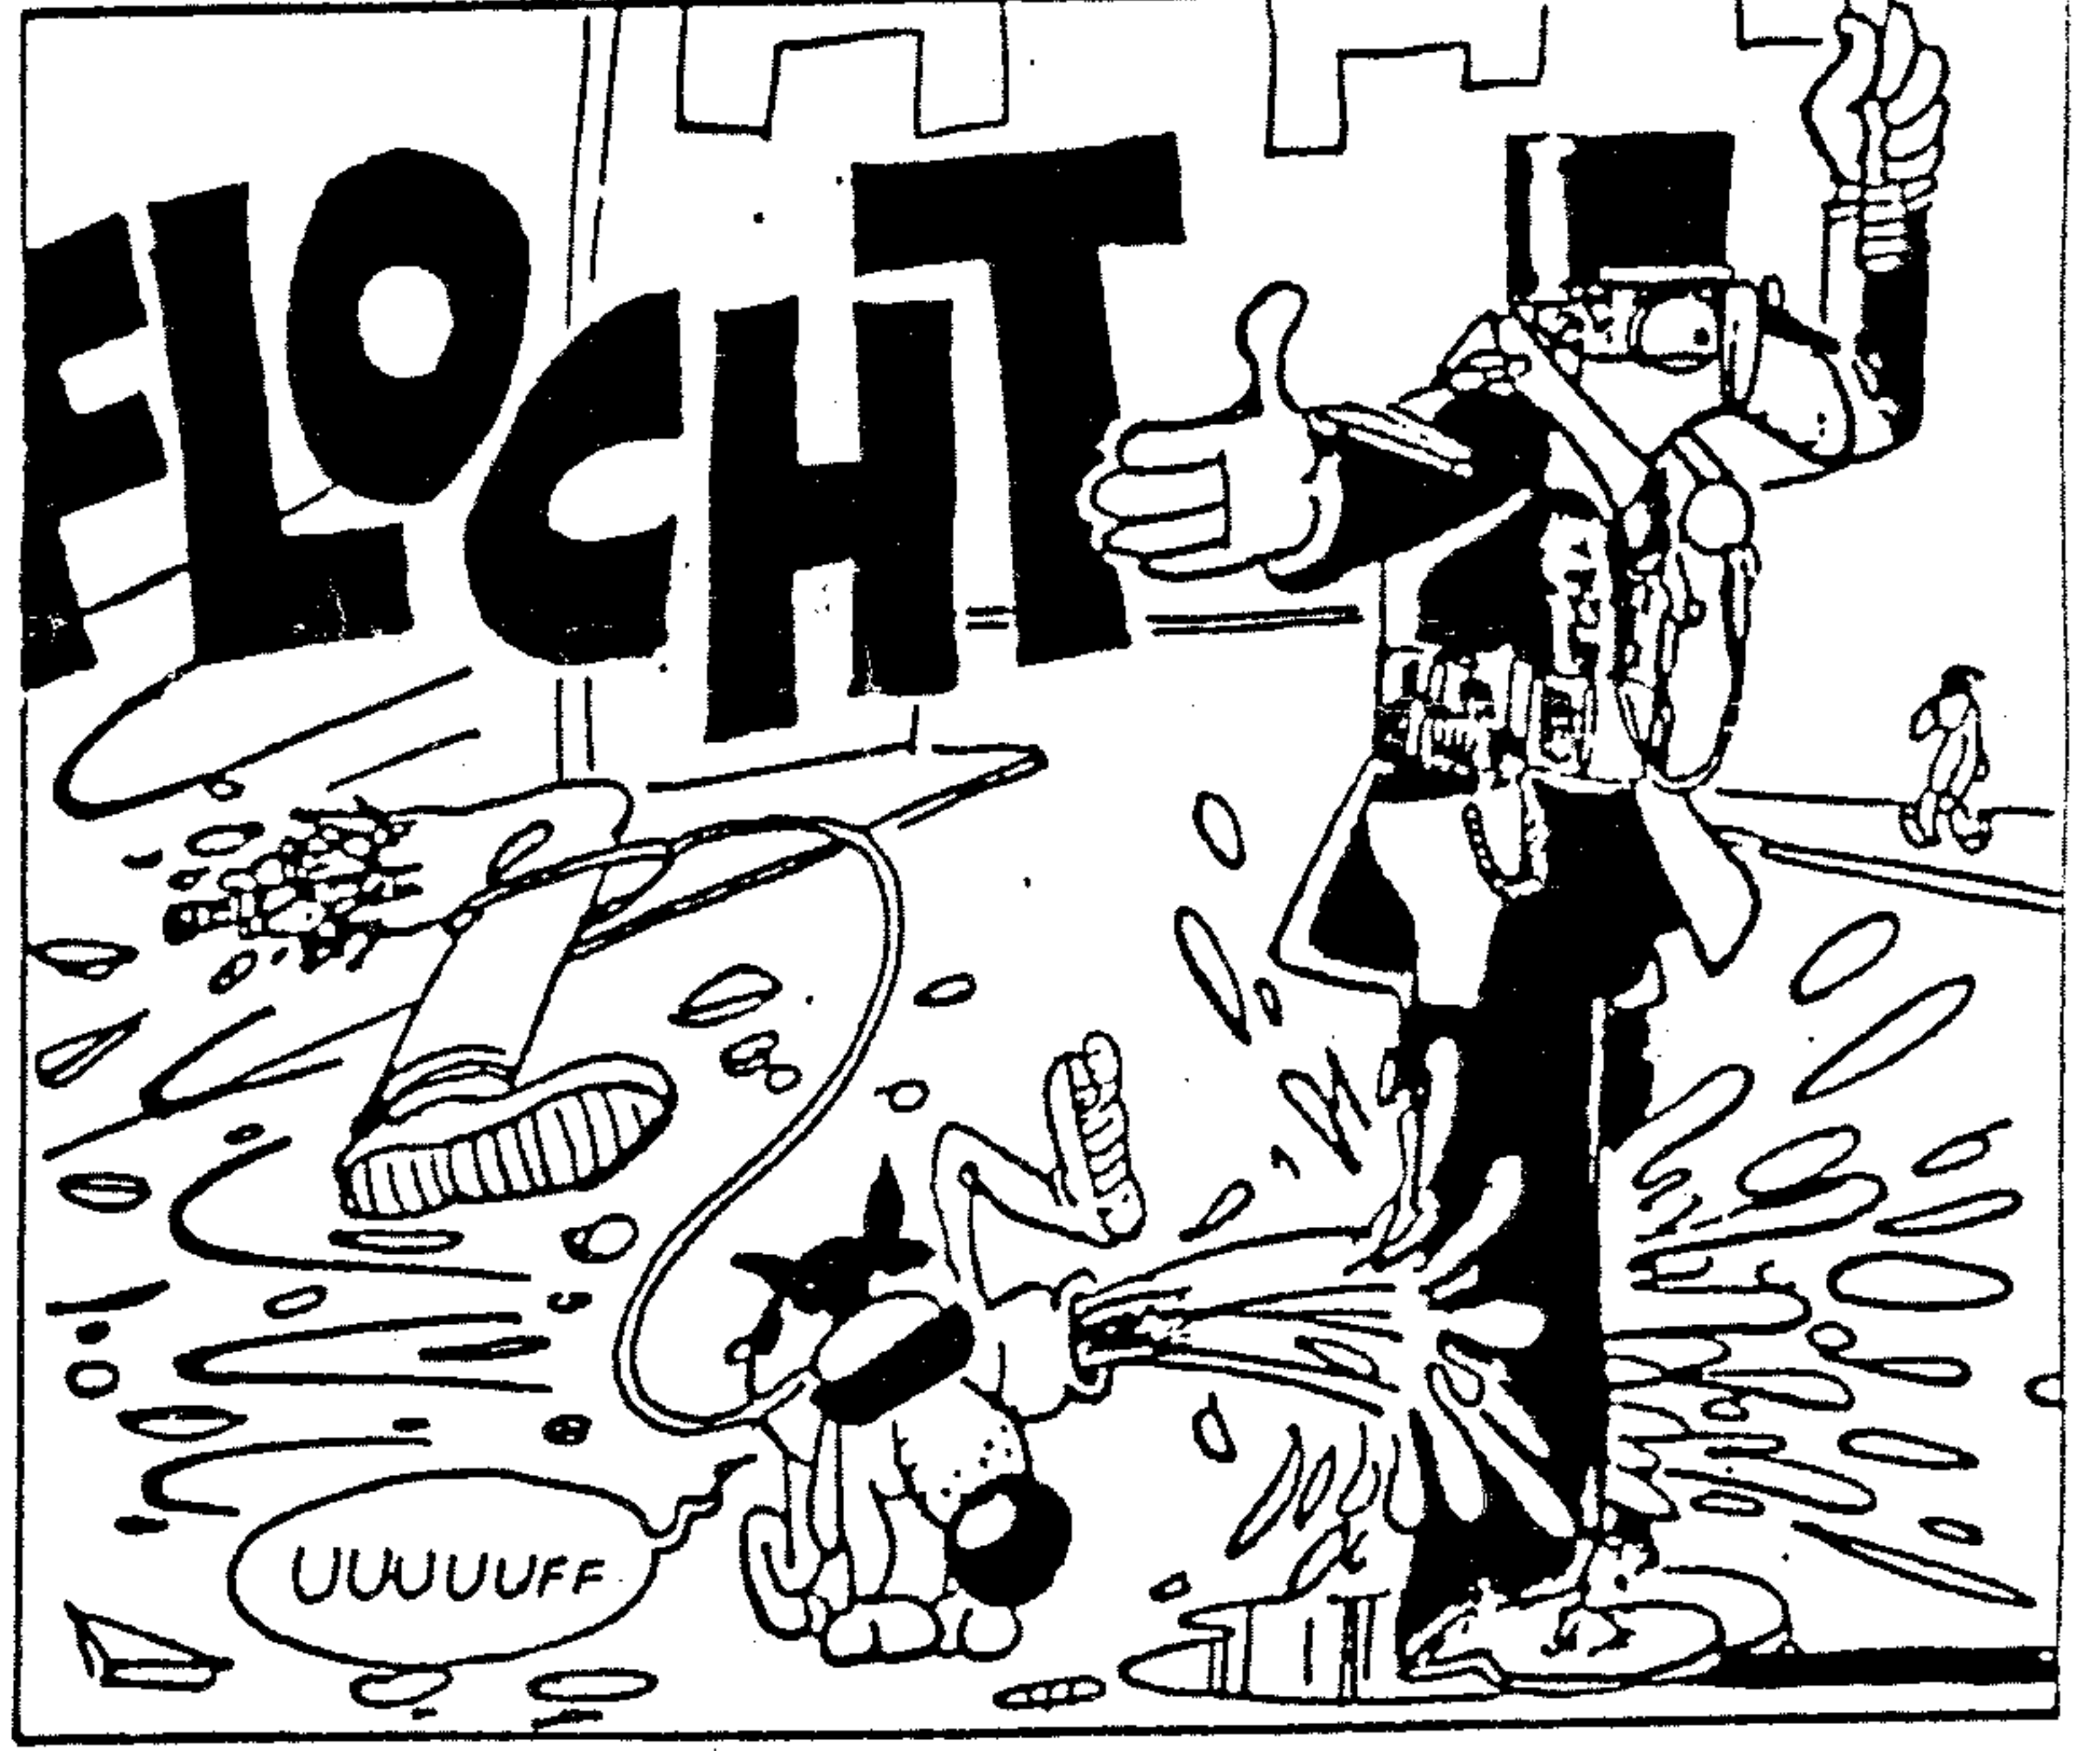

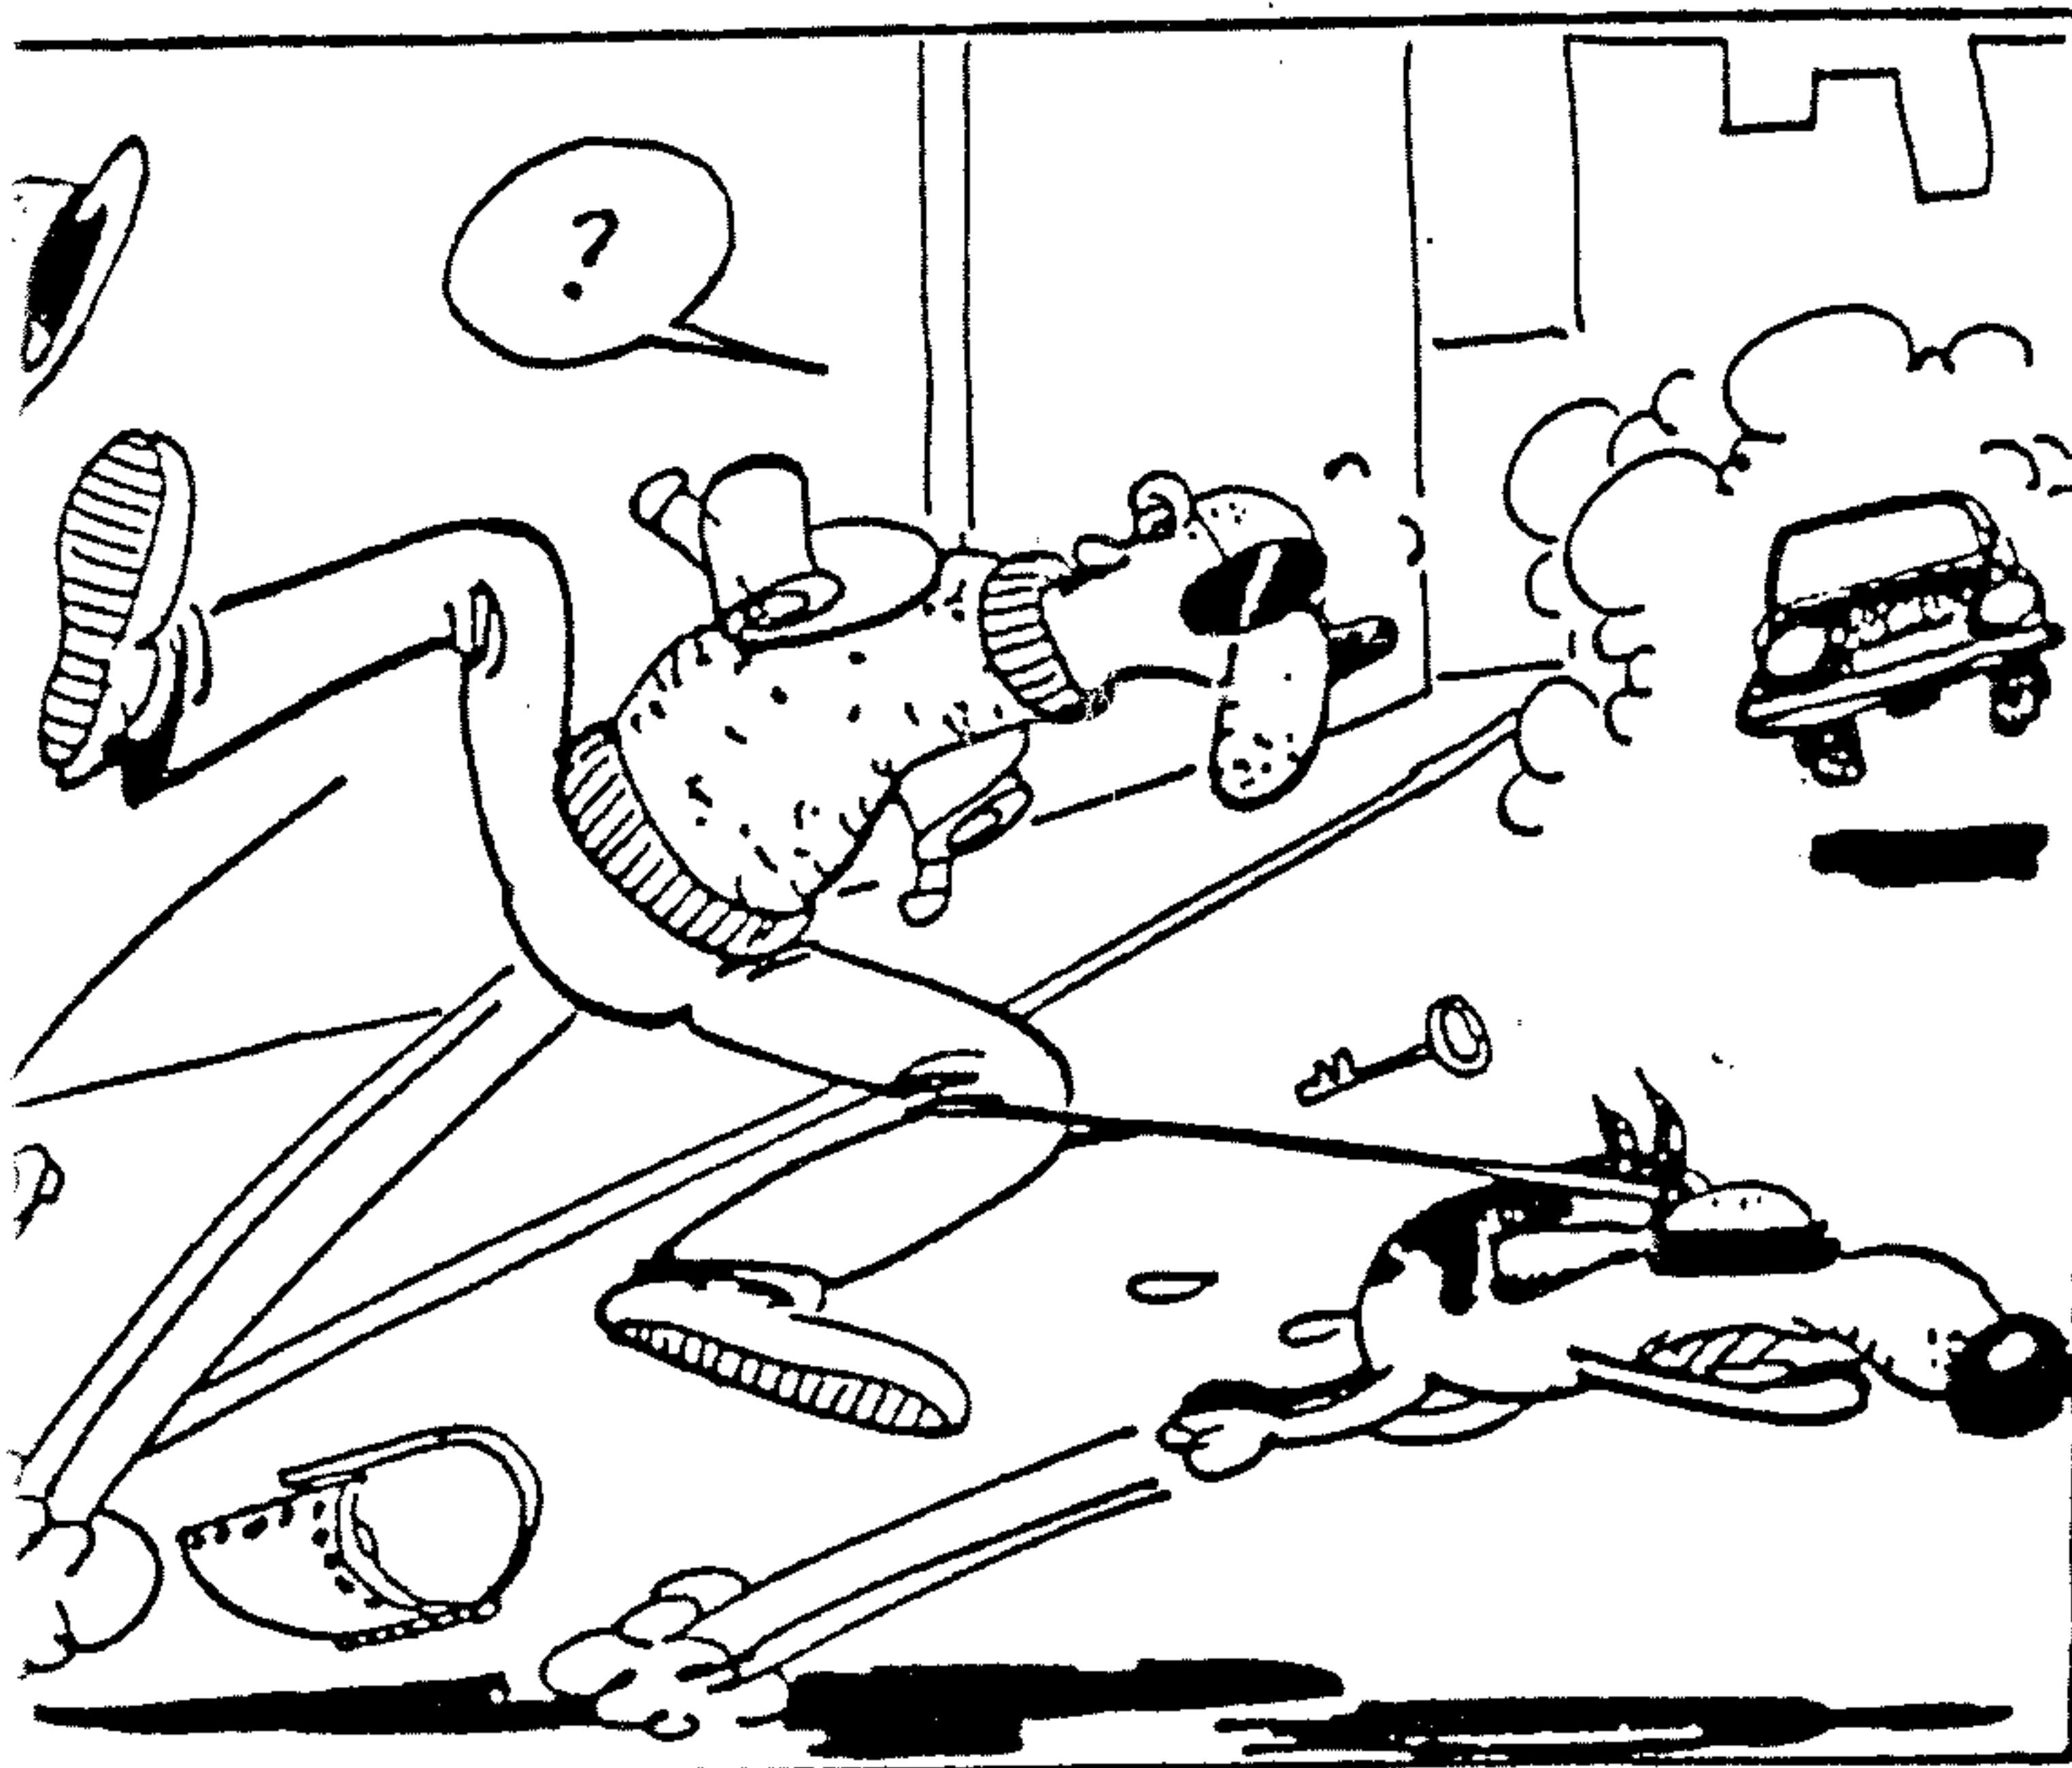

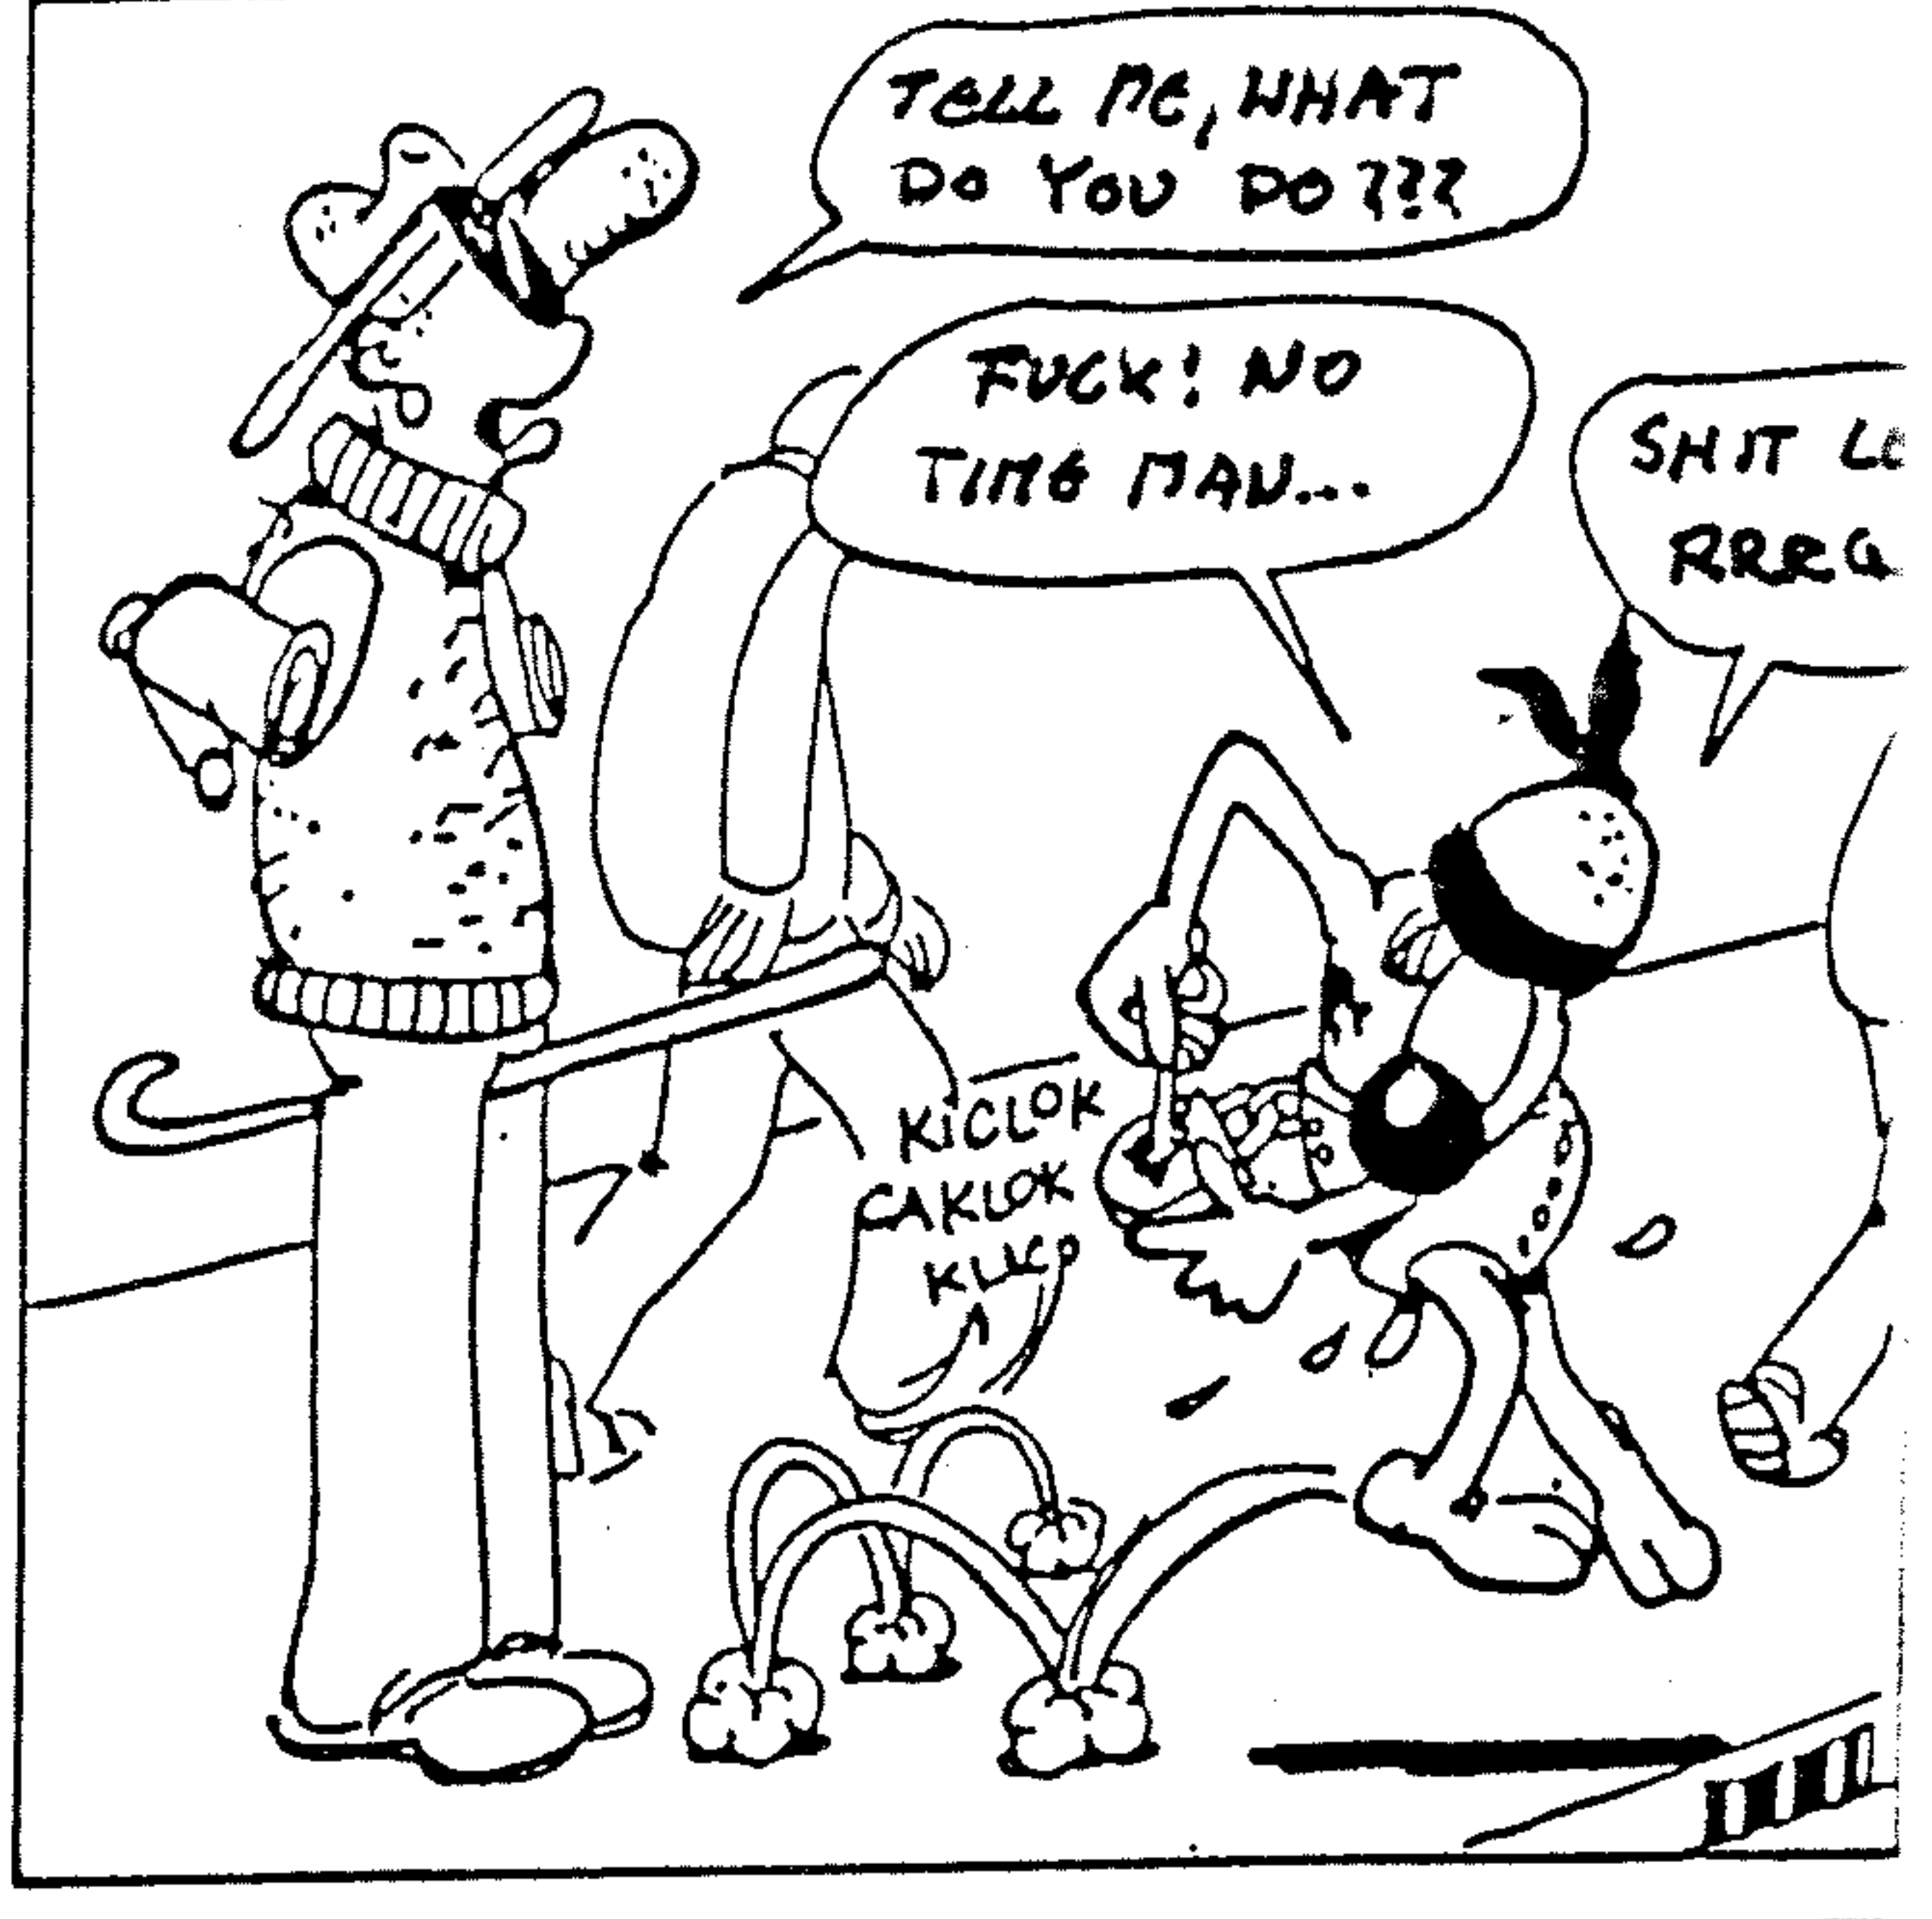

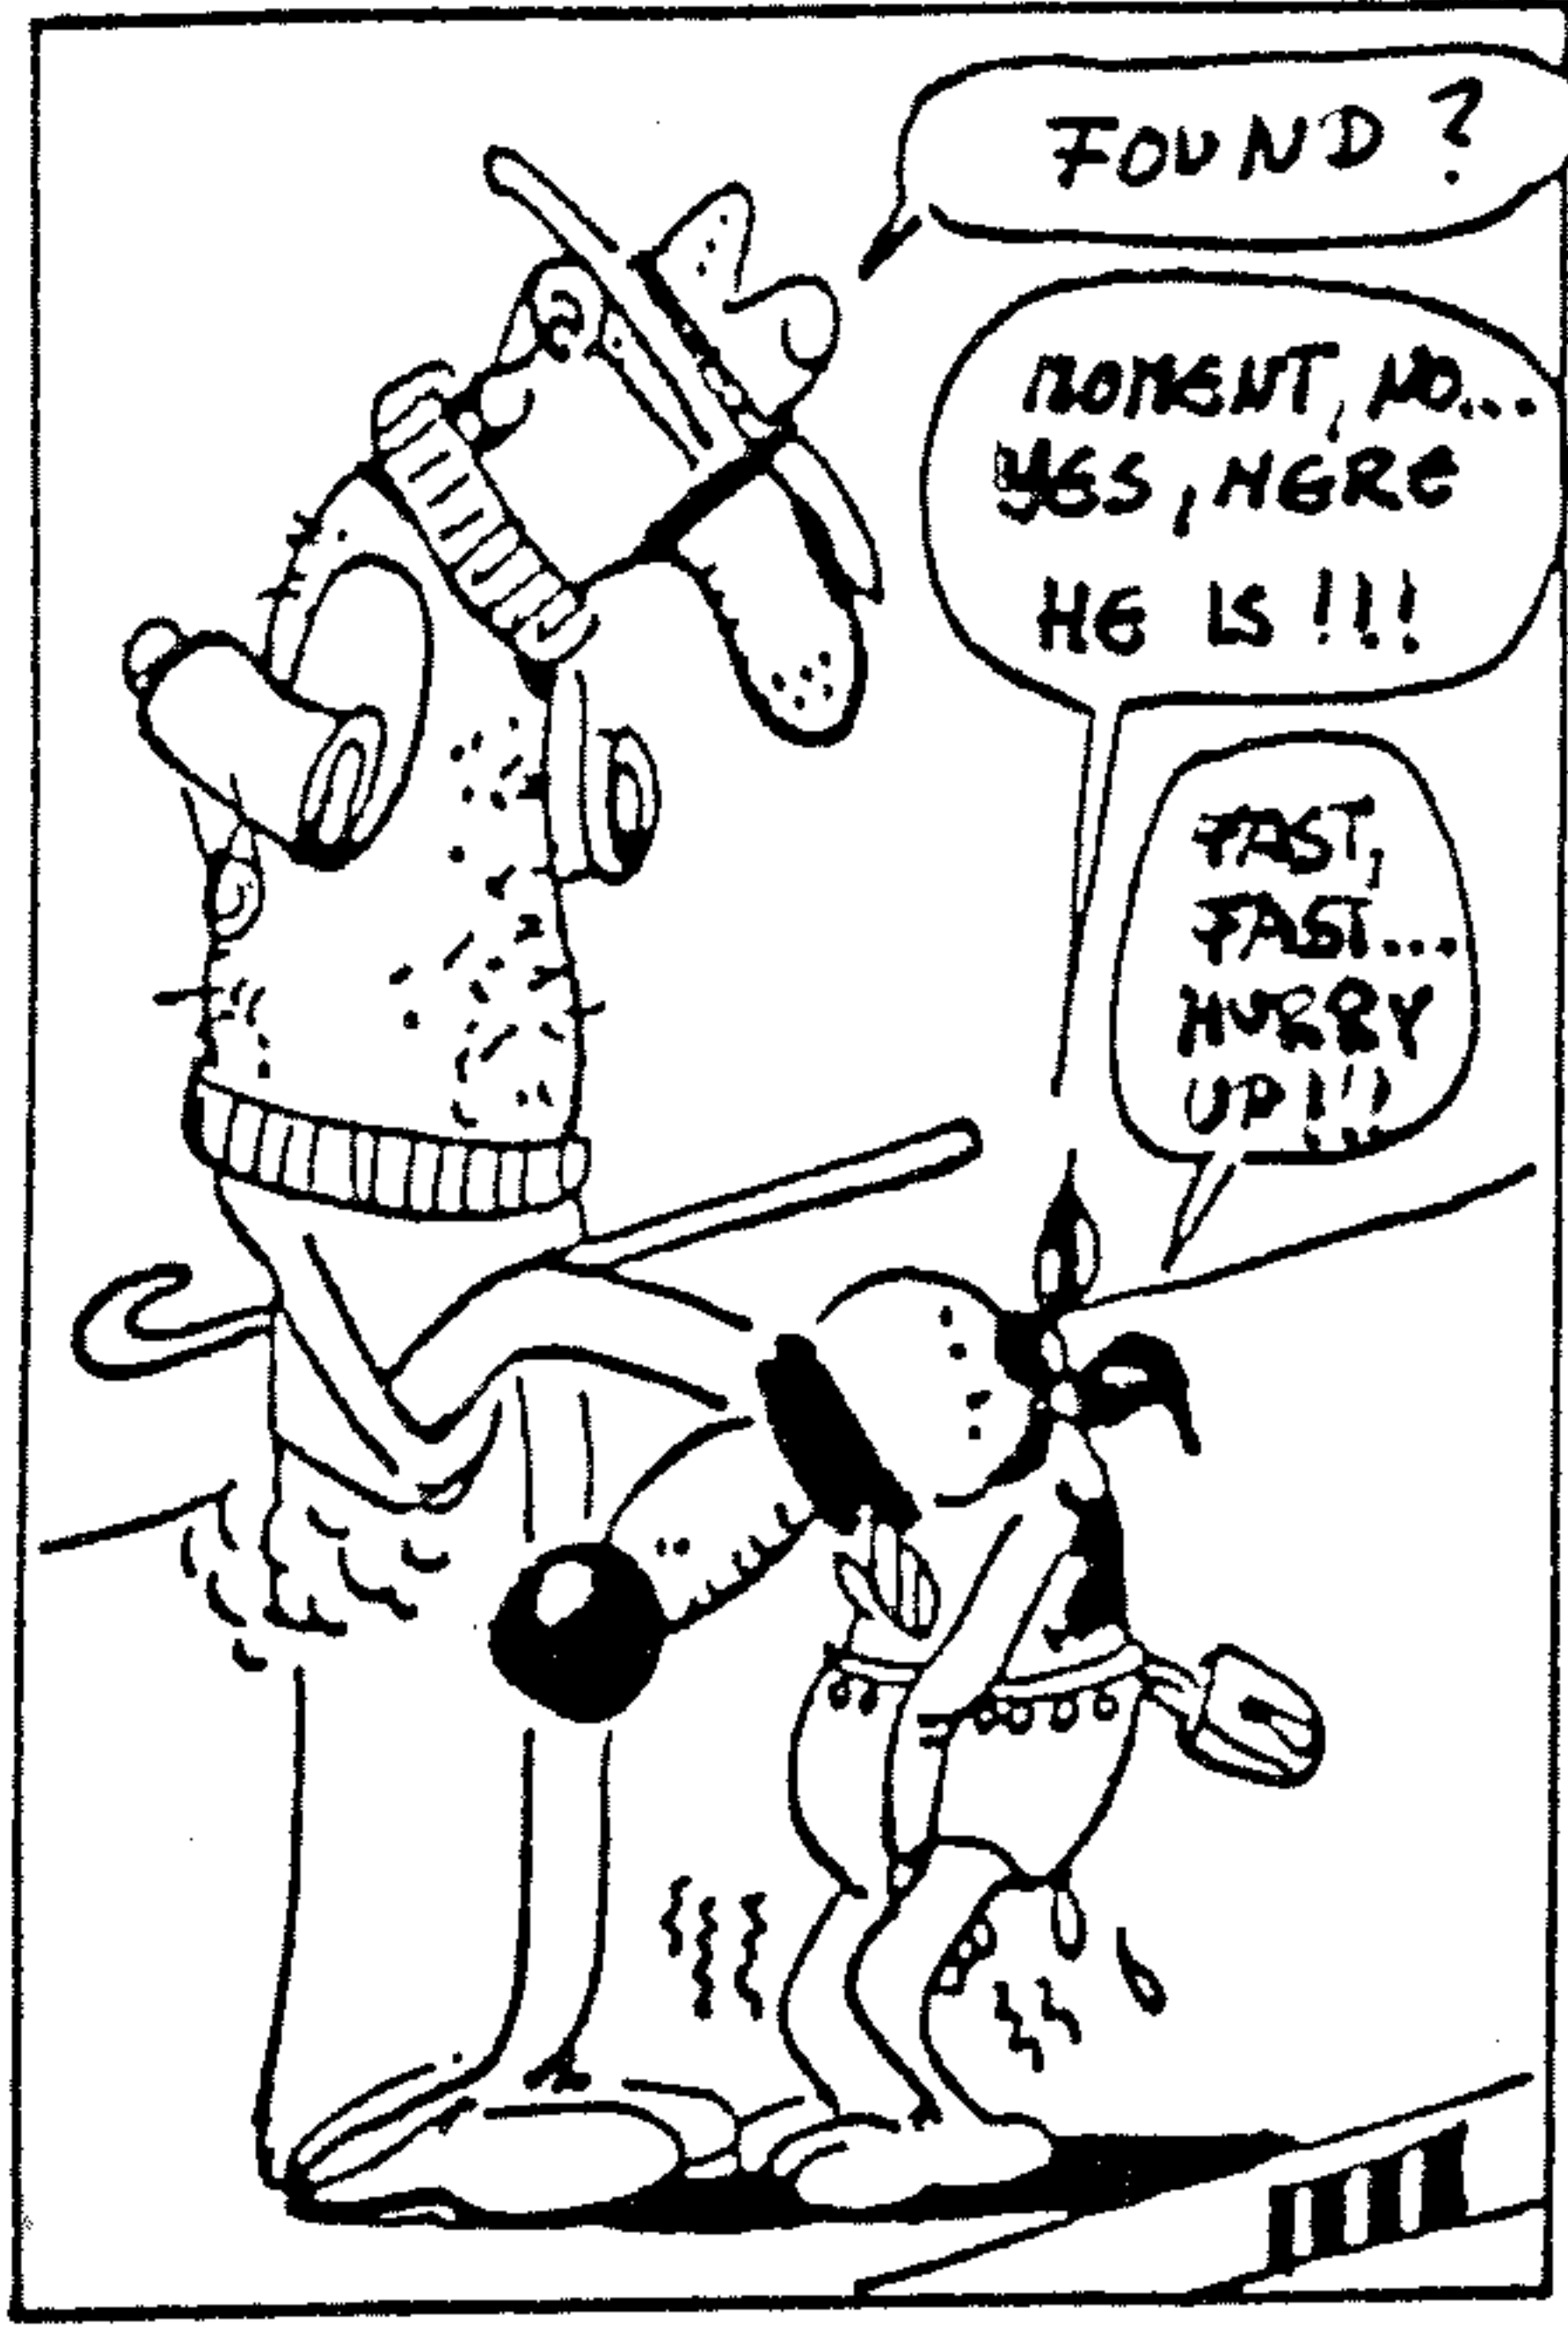

This old man (sorry Jerry!) is nobody else than the overchief JERRY from TRIAD. He looks like 40 but I think he don't wanna tell me his age. Well DERBIE RAM must be older.

If you want to count the points for 'BEST ALLROUND GROUP', then look how many times LEGEND stand in all these charts. I think it's a fair all round voting system...short 'FARVS' (I hope you know it now, he, he, he...!!)

Fast I will tell you the mags from where I take the charts. The mags are the BRUTAL RECALL #8+#9, HOTSHOT #17, SCRIPT #10+#11, MAMBA #25 and INTERNAL #13...

Well I don't want to write that much, but I only think that SNACKY didn't deserve his place. Well ACTION, X-RAY and HOTLINE are dead. Well we will see which groups will take their place. Okay, I talked enough, much fun by reading the other pages from the Bullet Proof...DENSE/HYSTERIC...

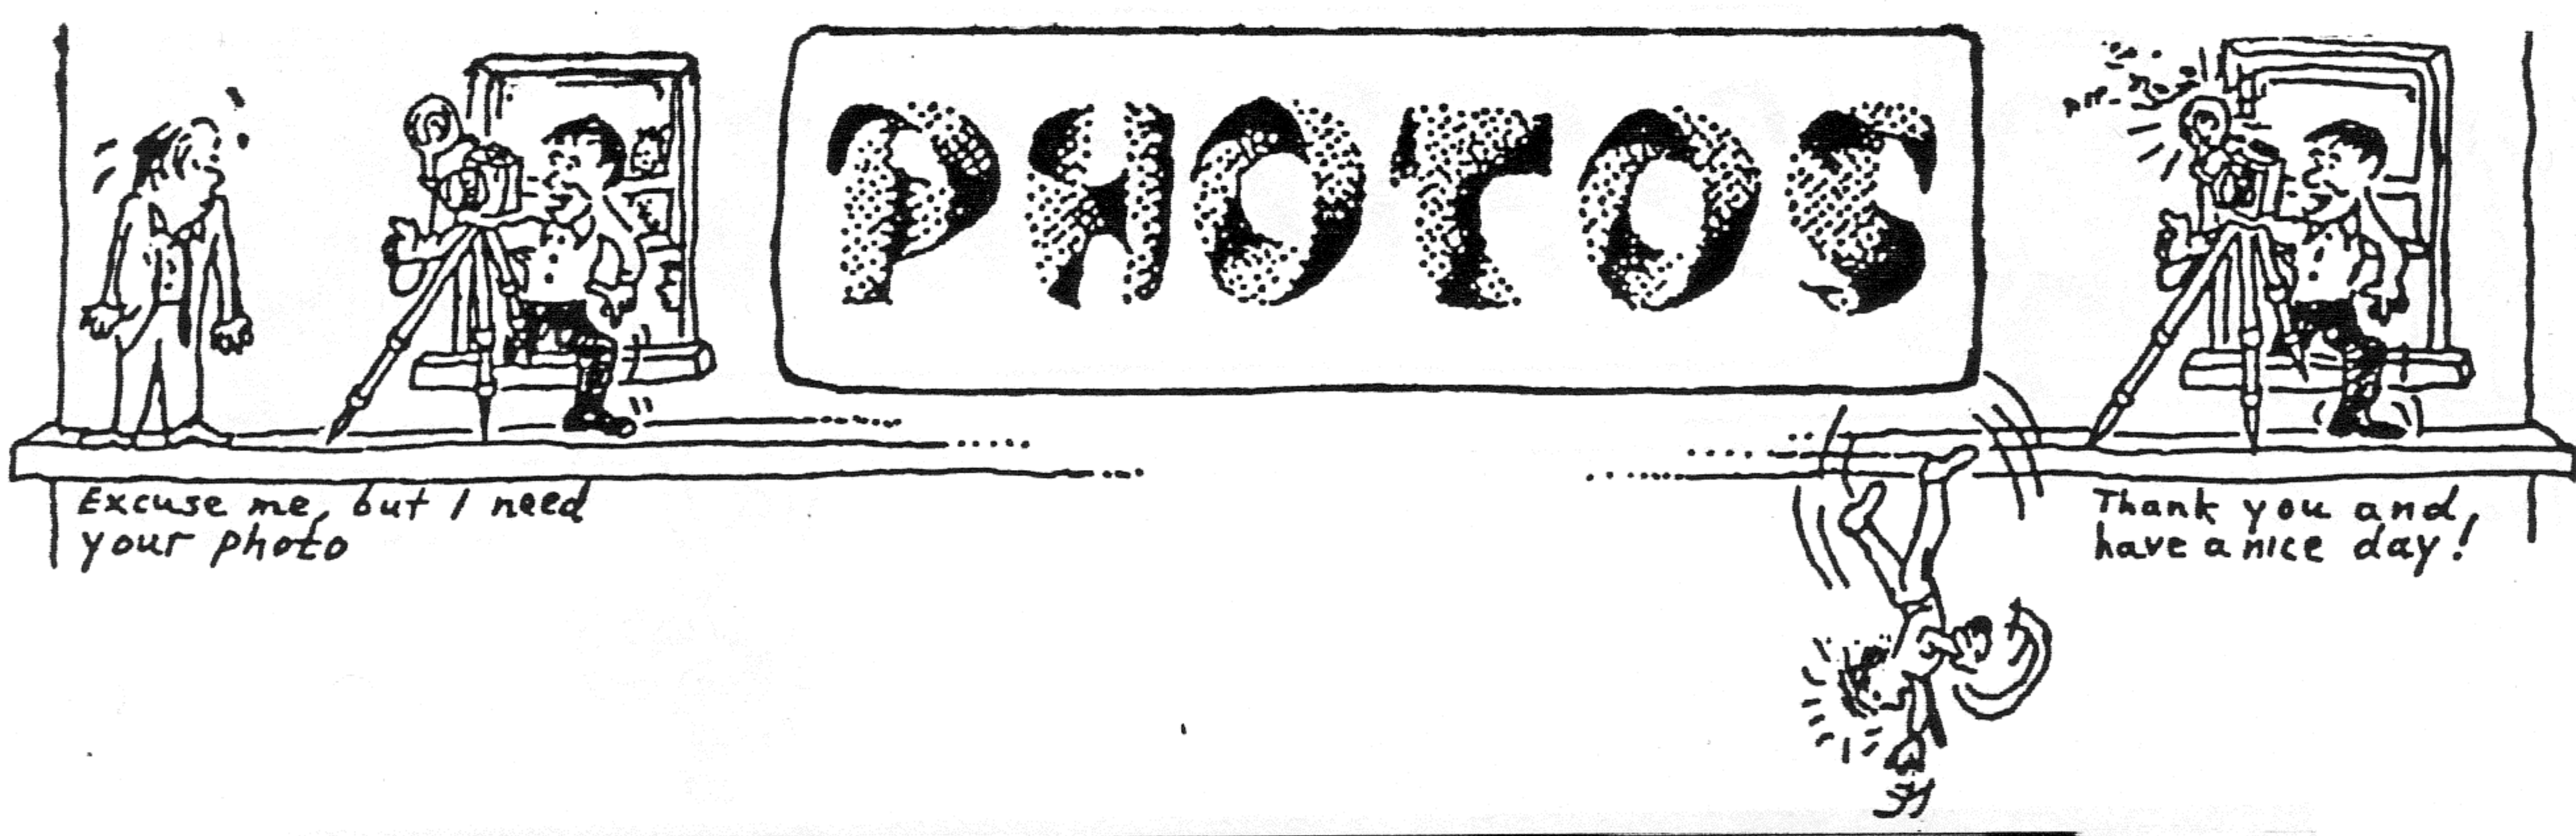

These real party animals are from left BOB/CENSOR, FIST/ILLUSION, GURAN/CENSOR, JOHN/CENSOR, DANKO/CENSOR and the other dude is ALFATECH/TRIAD...

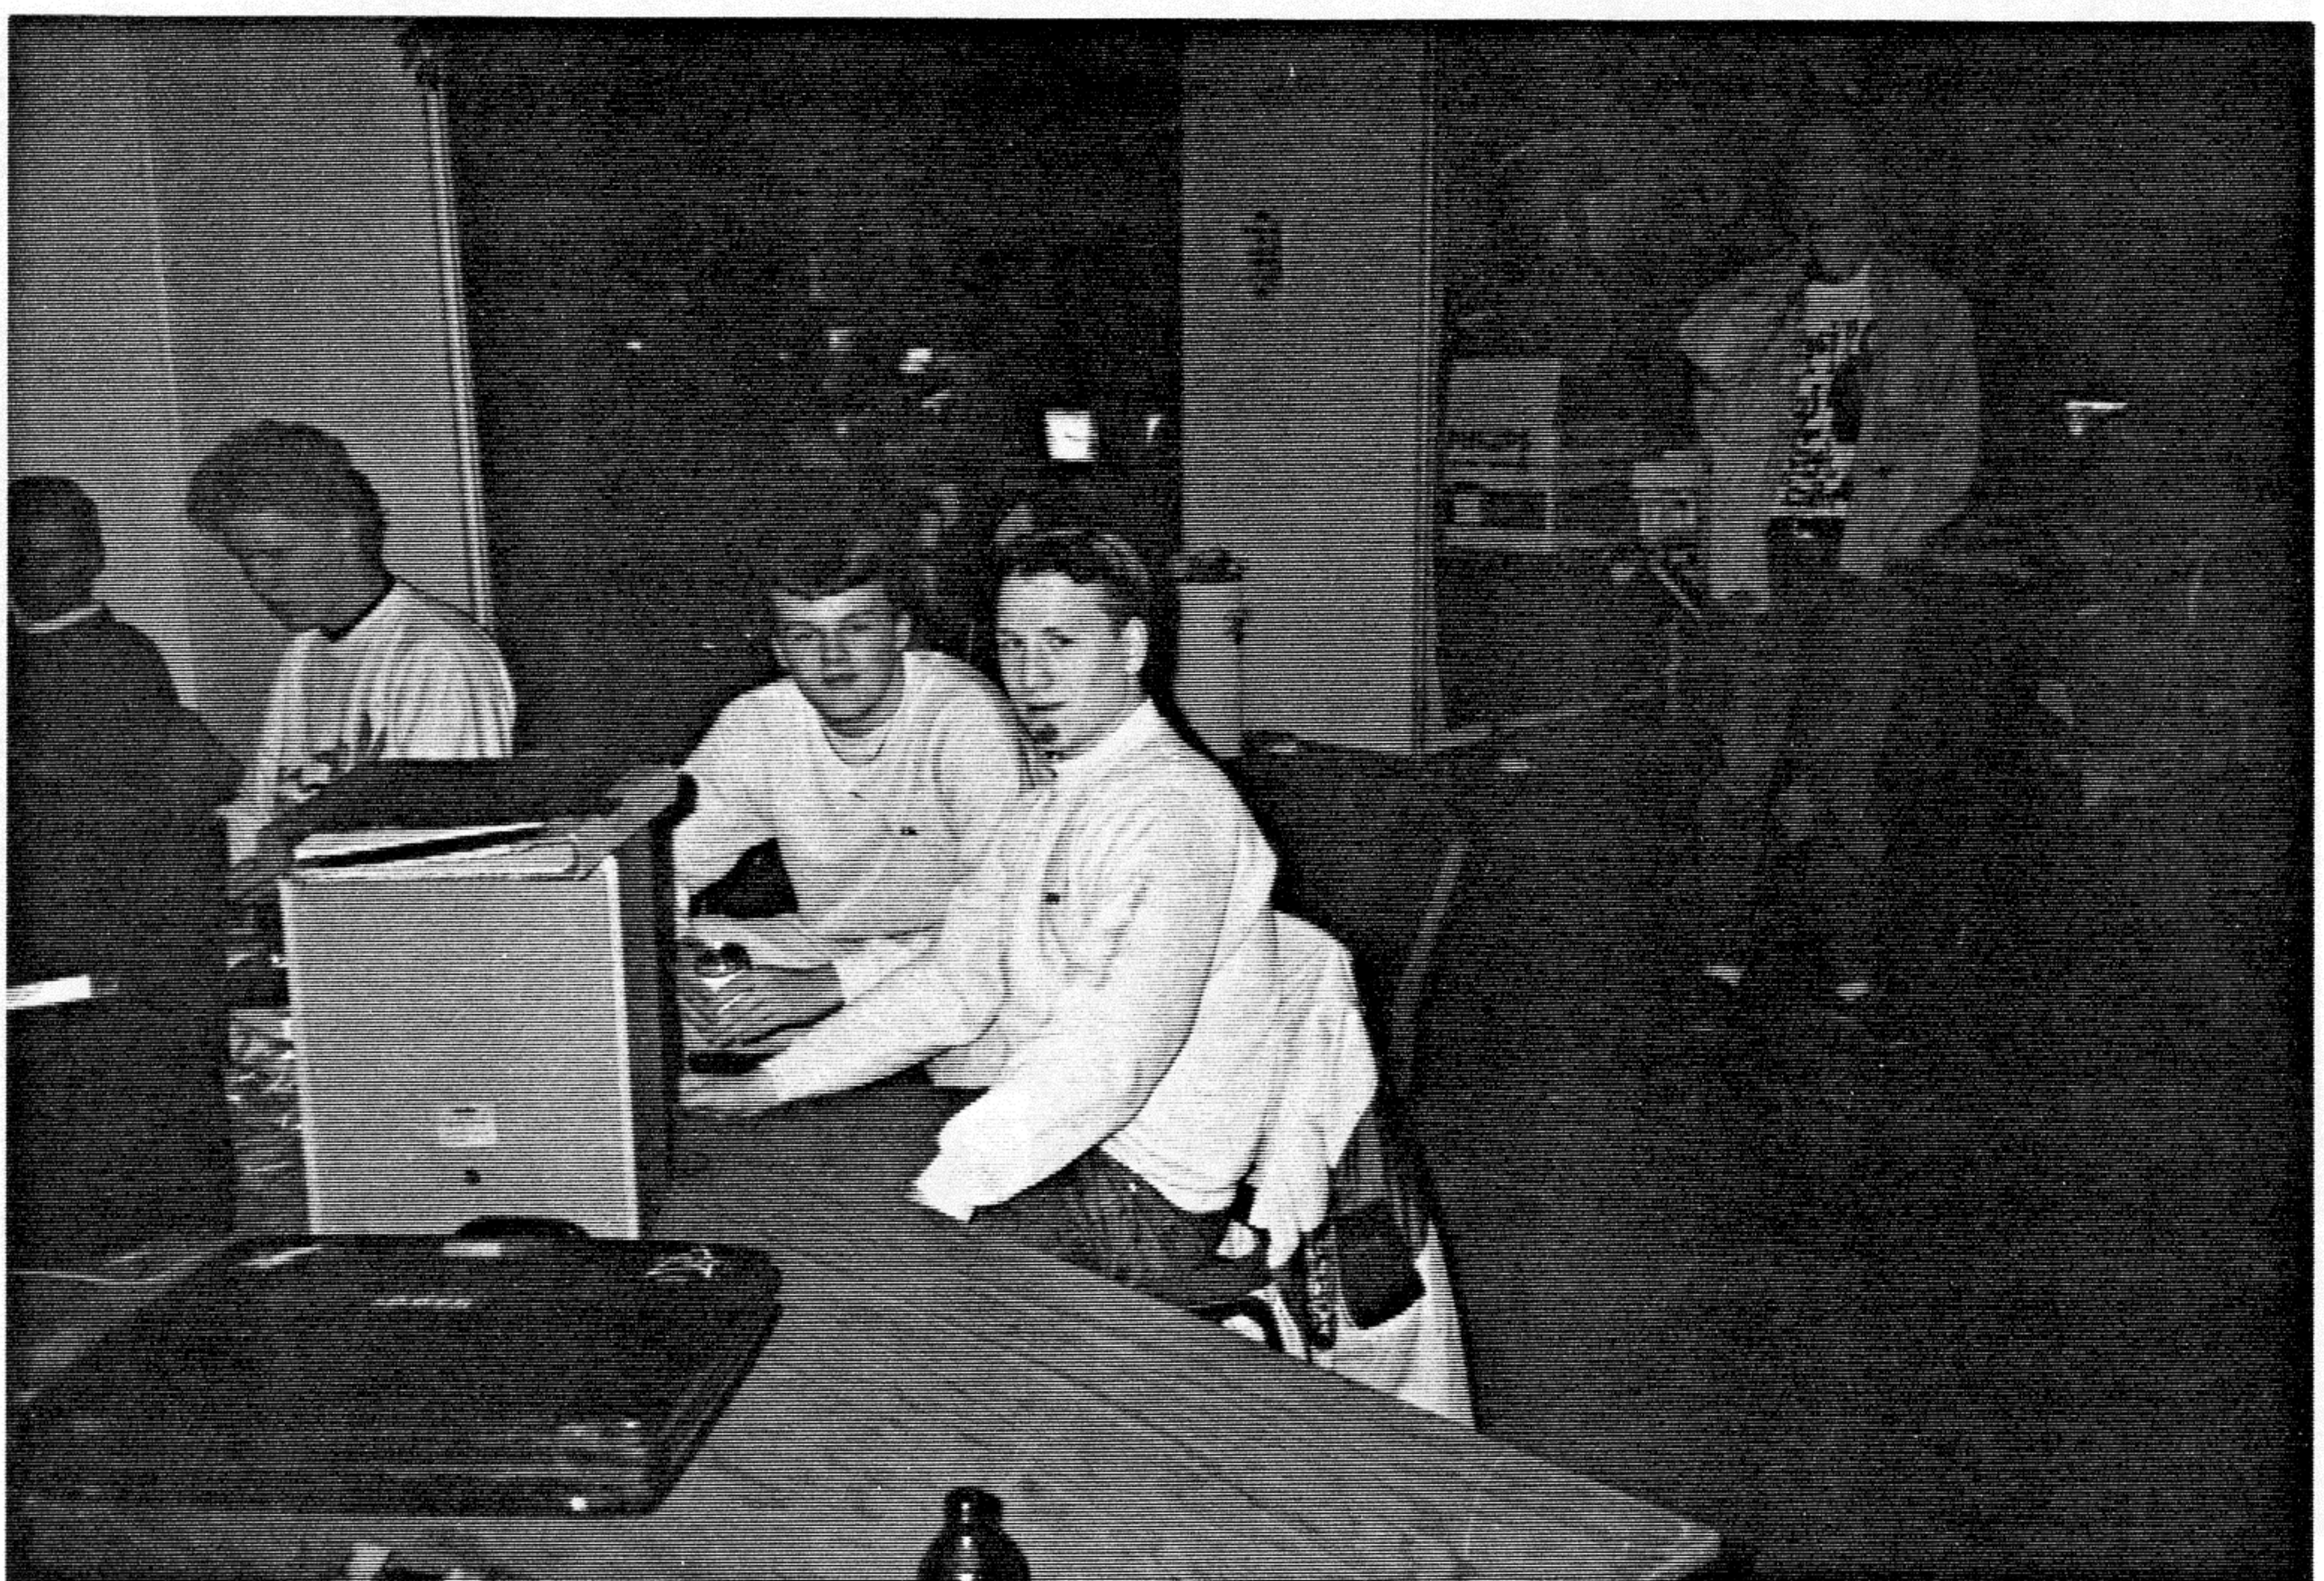

What can I say more to this picture, well boozing, ruling, puking (he, he, he) that's the way from CENSOR DESIGN.

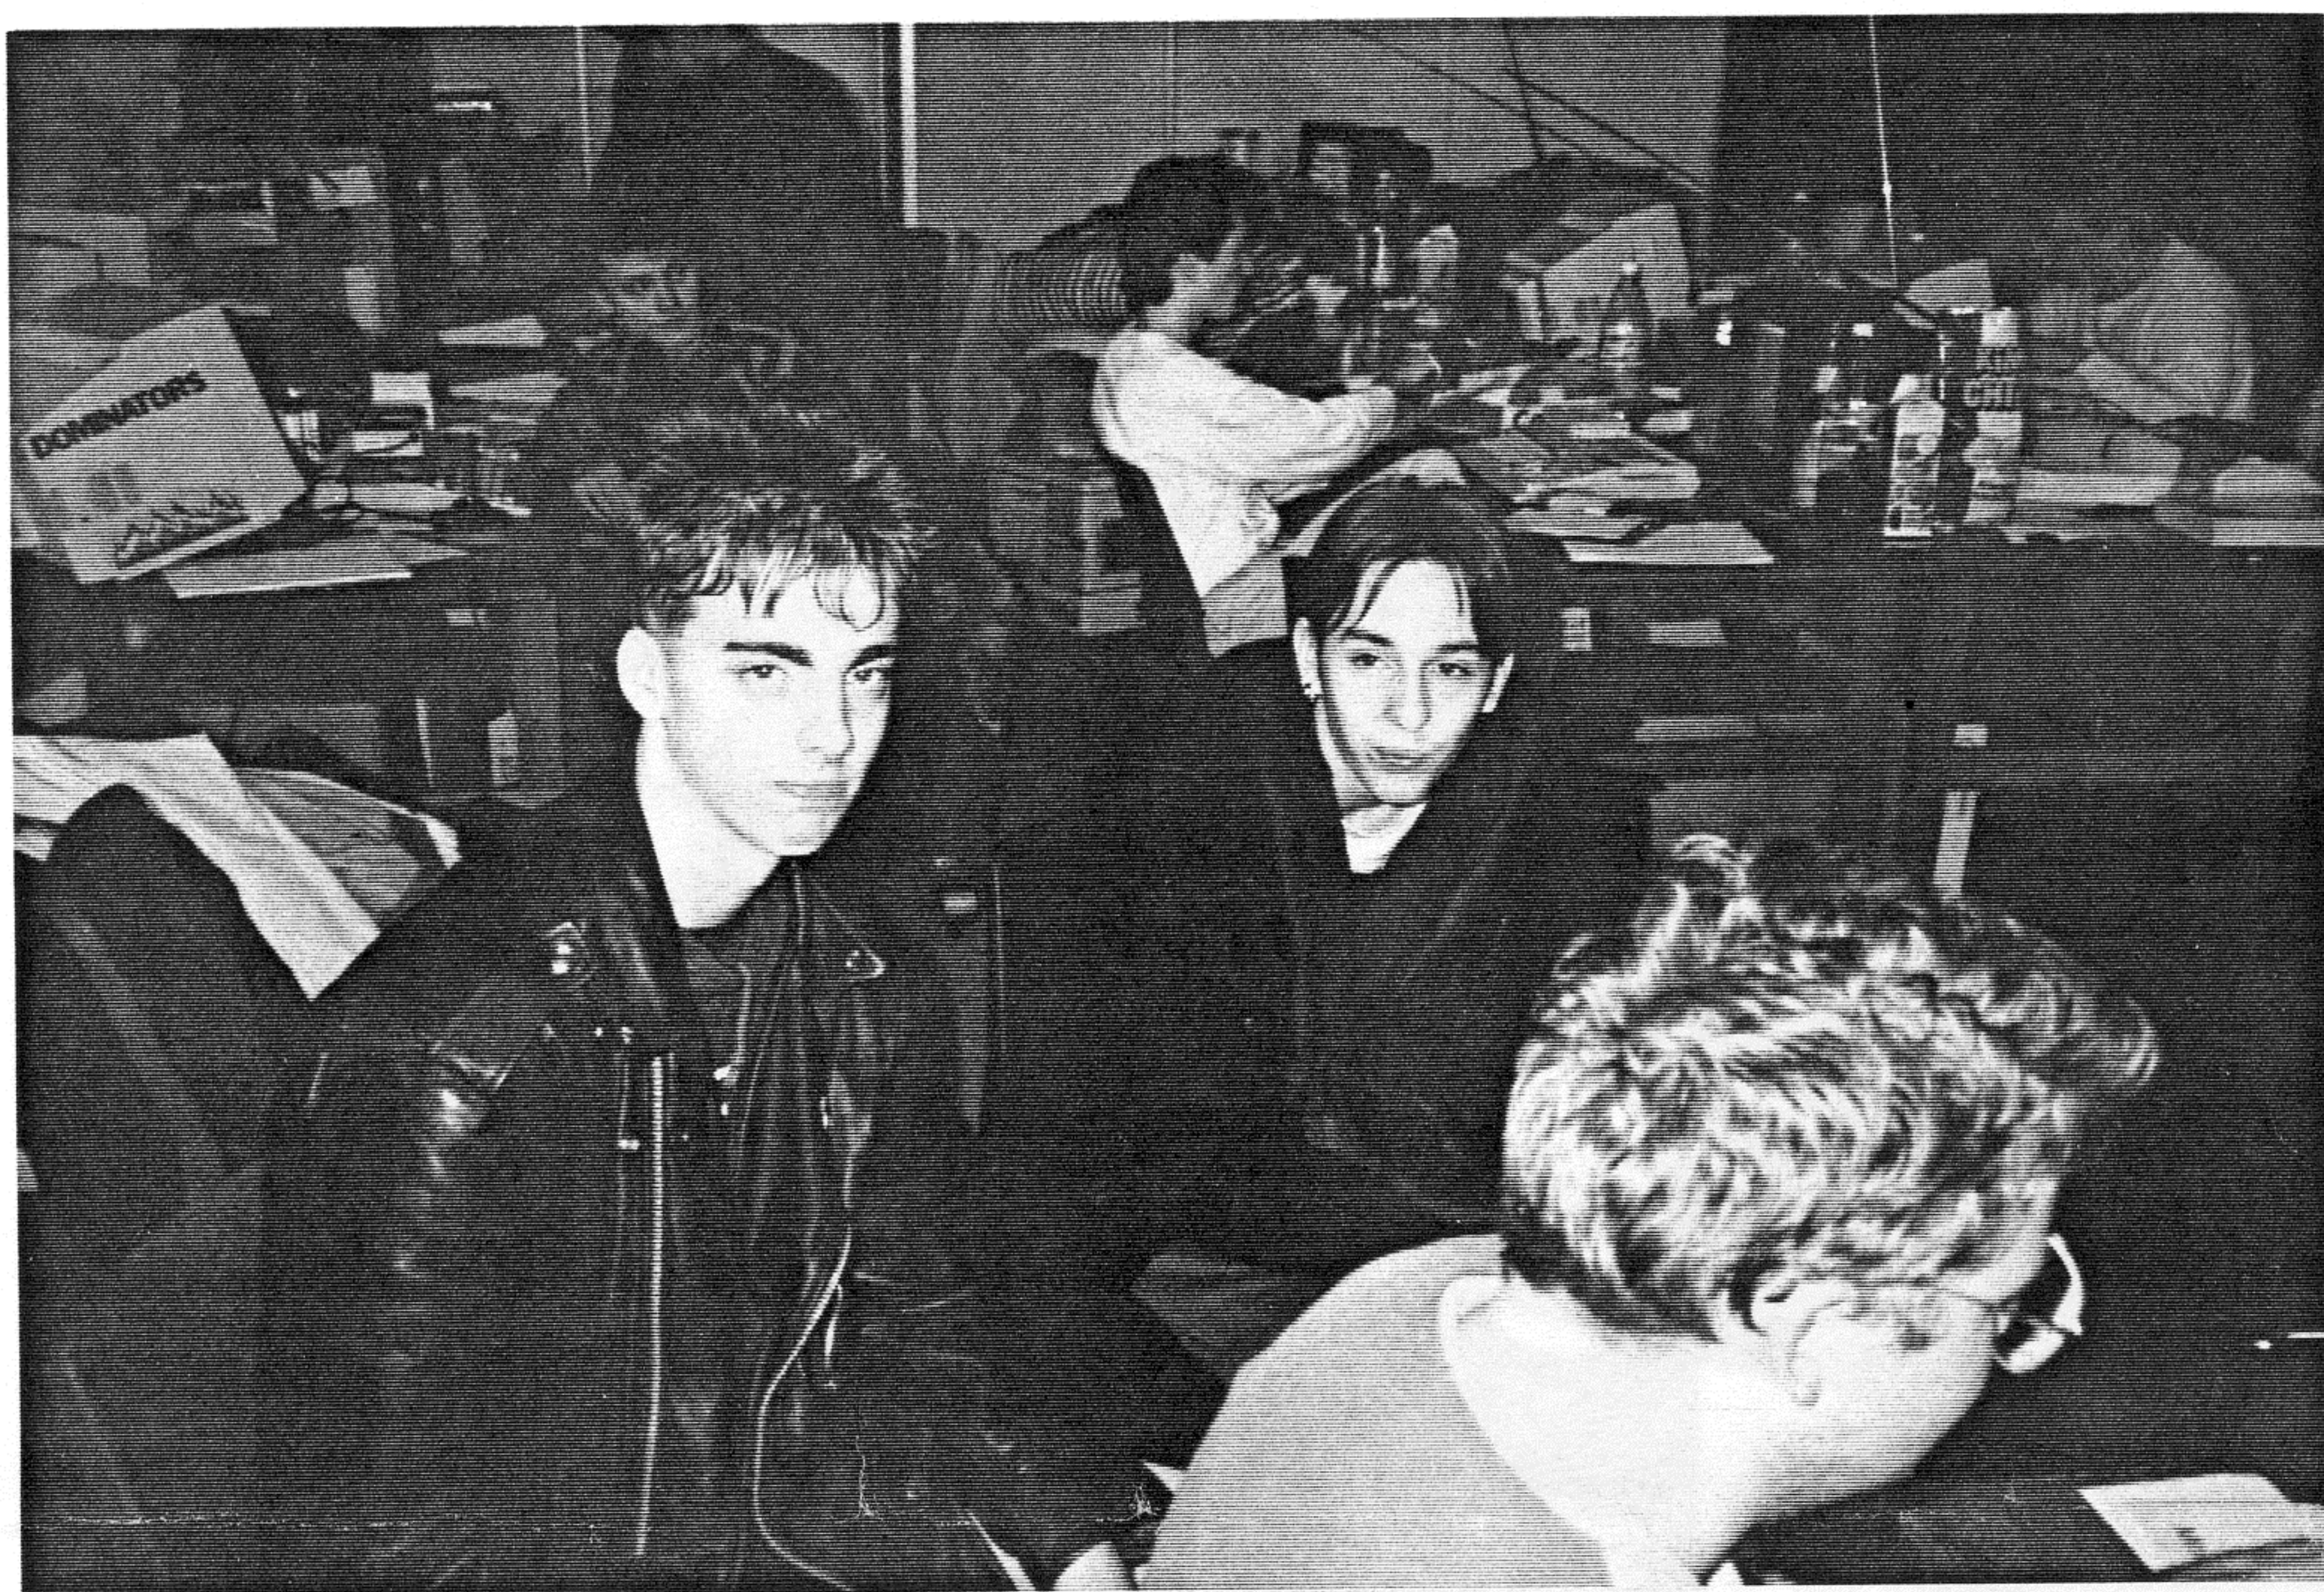

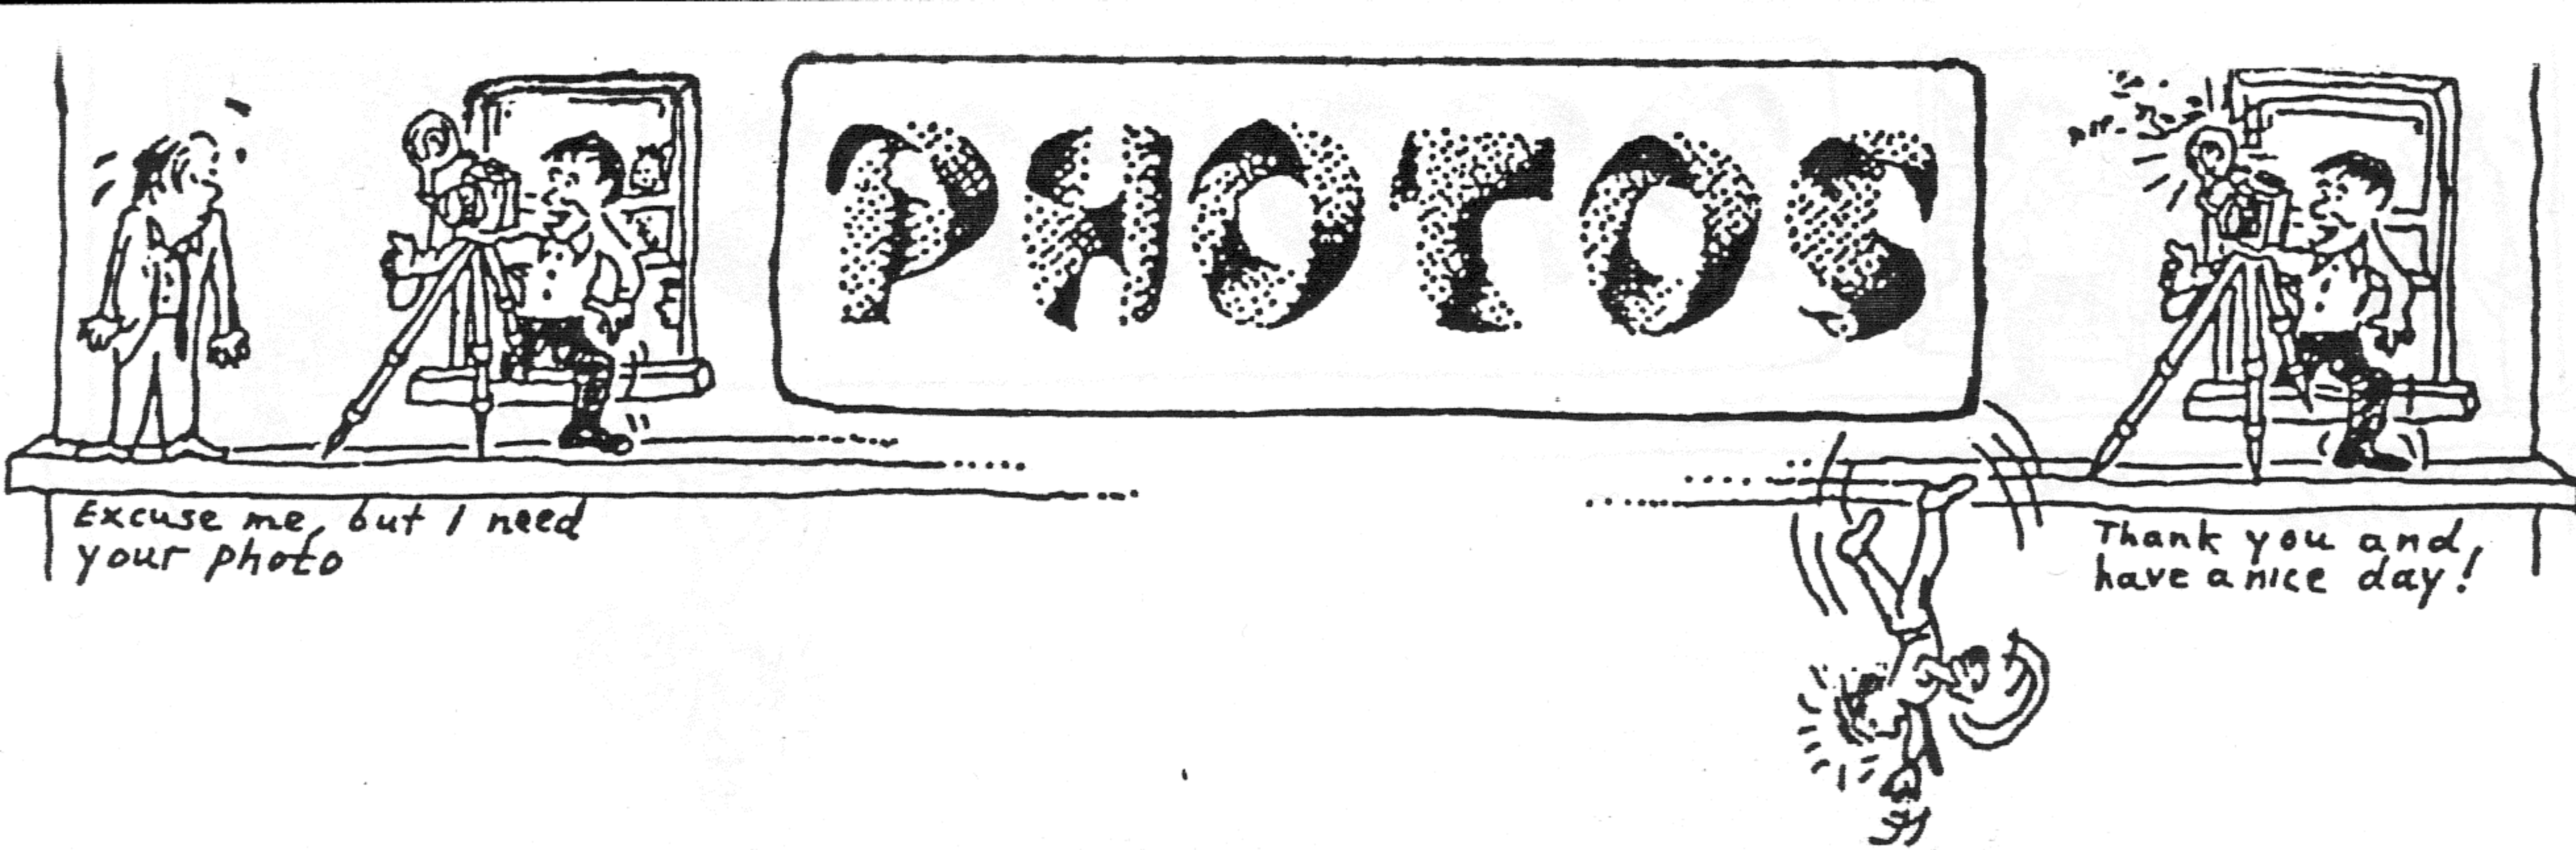

Again CENSOR from left JOHN, DANKO from CENSOR, again ALFATECH/TRIAD, the dude who is standing is PSYCHO, than SHARK/CENSOR (he is a real SHARK!) and the other dude is WHITE LION/EX-CENSOR (he has red hairs...)!

These dudes are from left to right YABBA/LIGHT, STAR/ANTIC, FLAMINGO/LIGHT, BOZ/HITMEN and METAL MANIAC/DUAL CREW. The dude who is standing behind FLAMINGO and BOZ is JORDAN/ANTIC. The sleeping dude behind METAL MANIAC is unknown (also the Light freaks didn't know him). Await more from the LIGHT vector cookies !

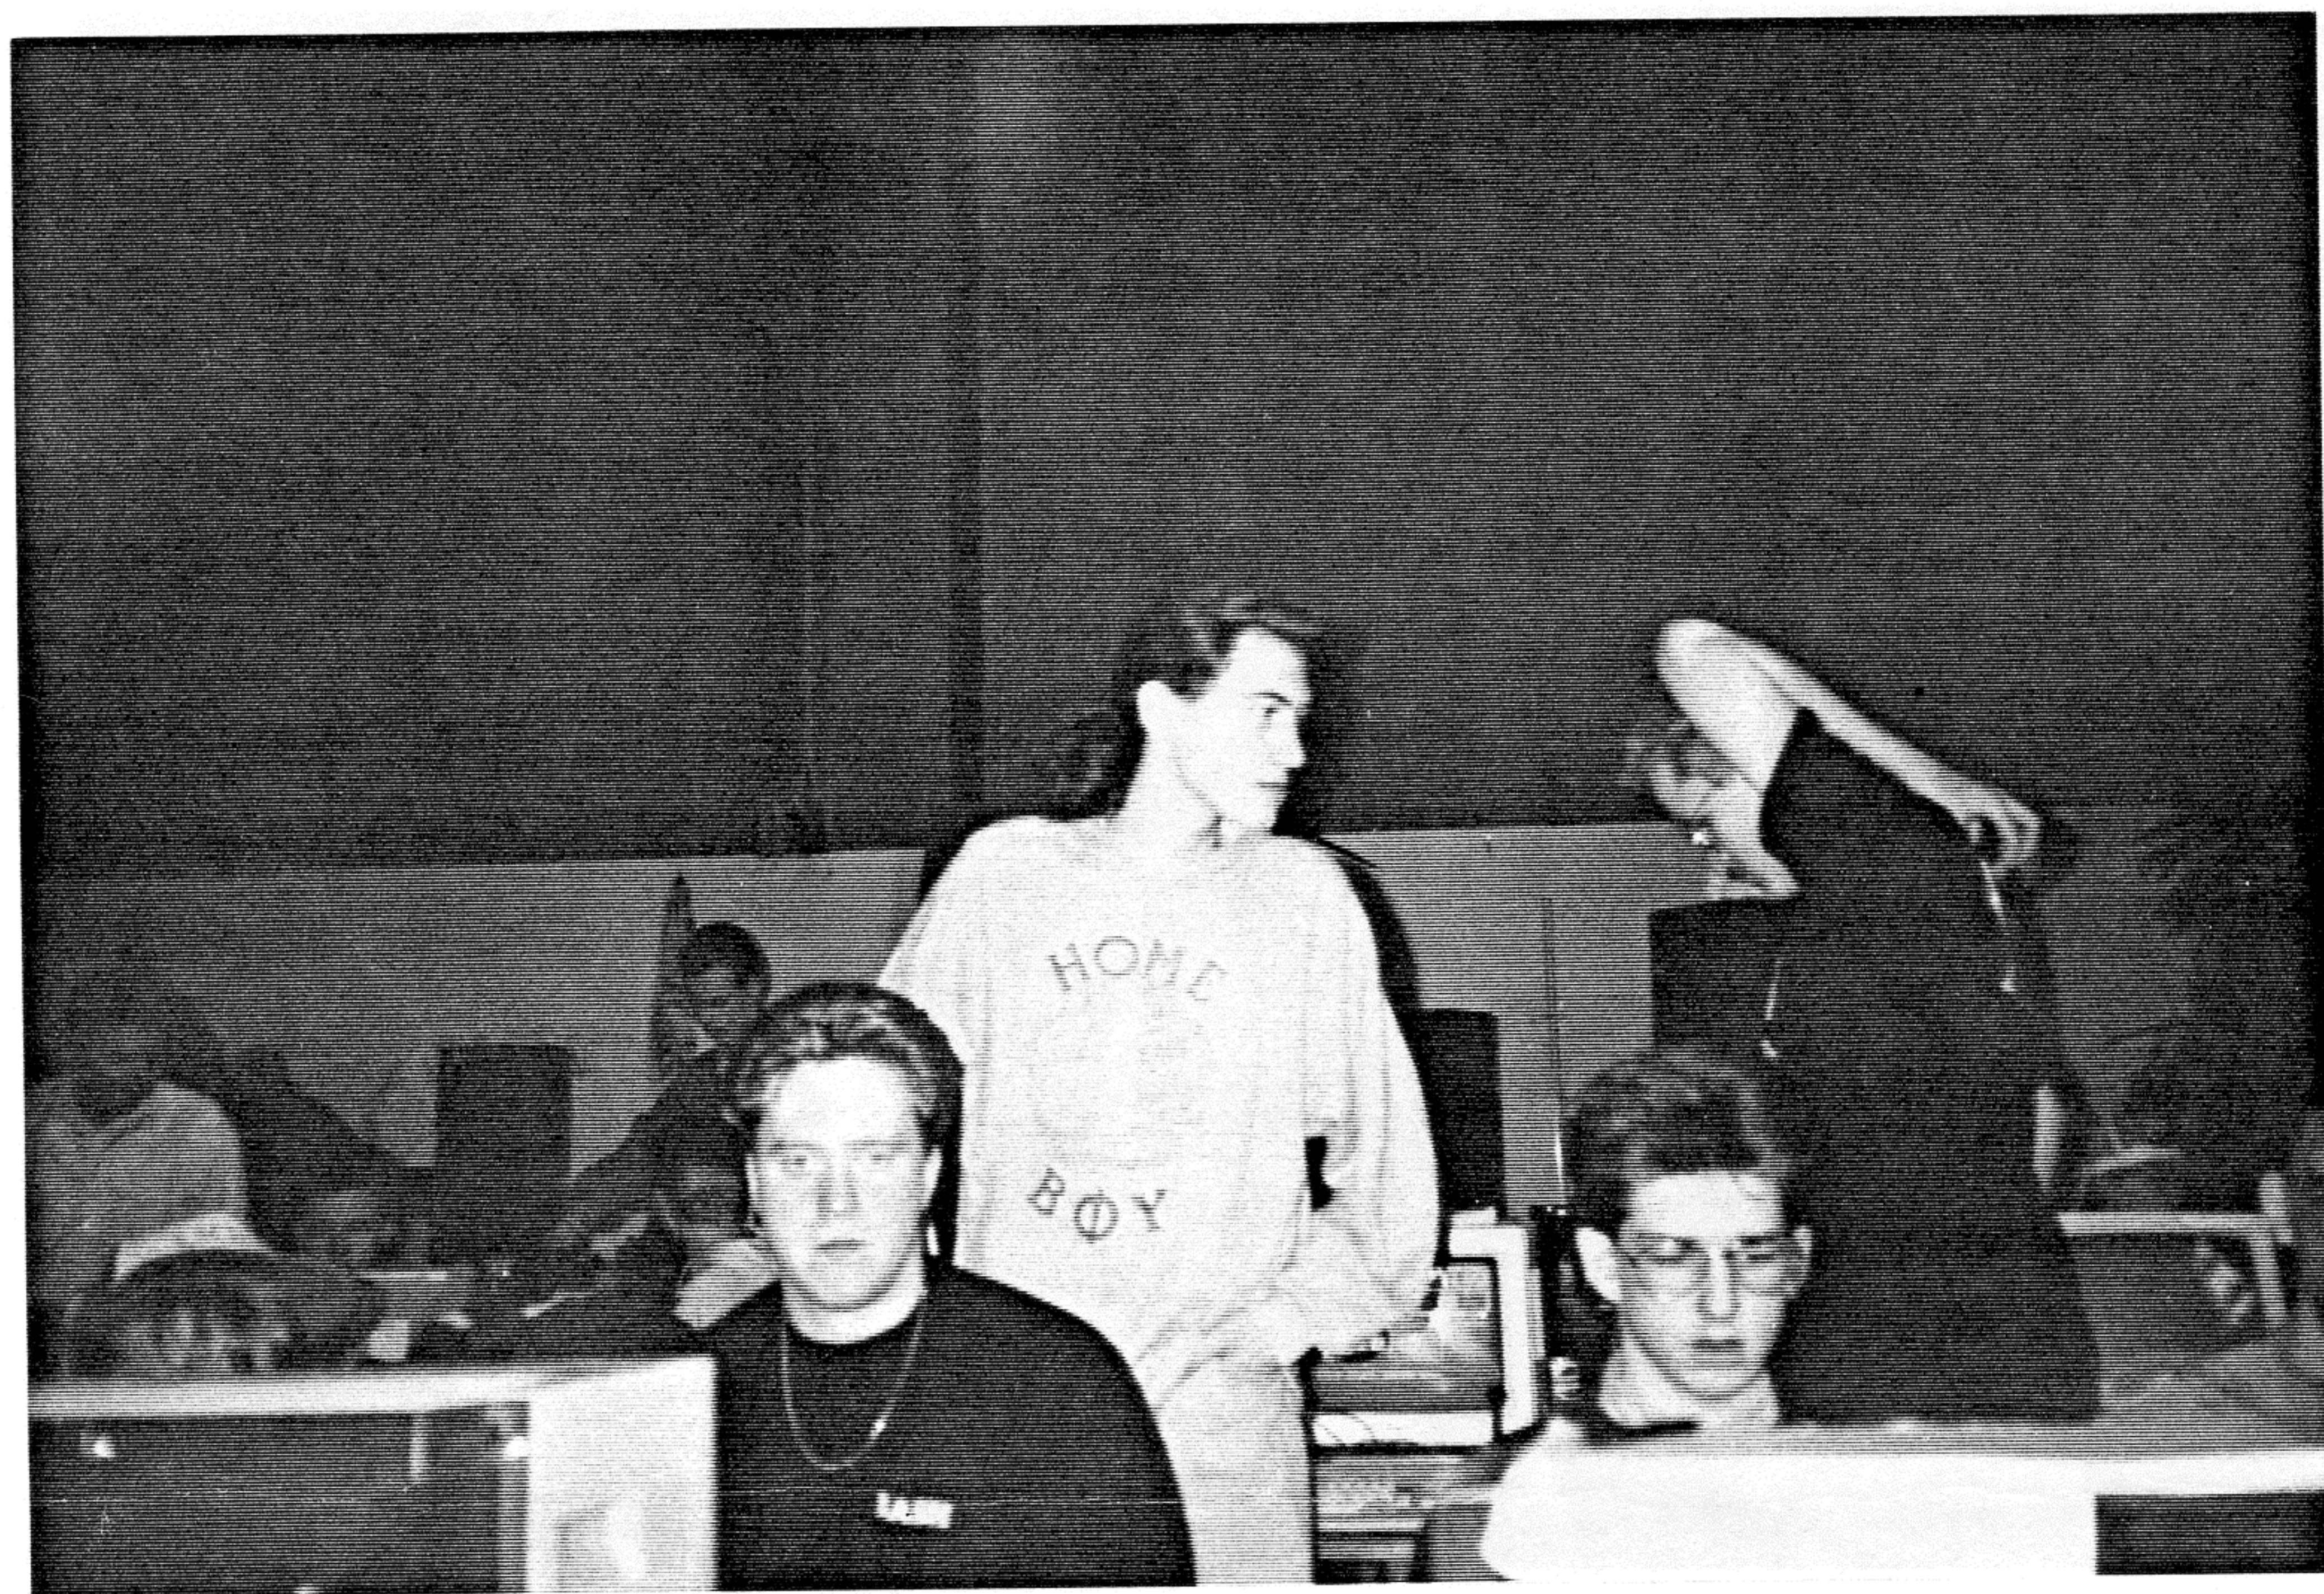

These 2 alcohol fans are JACK and JBM from the dudes in FAIRLIGHT (but they weren't that pissed as AARON and GREYHAWK !)...

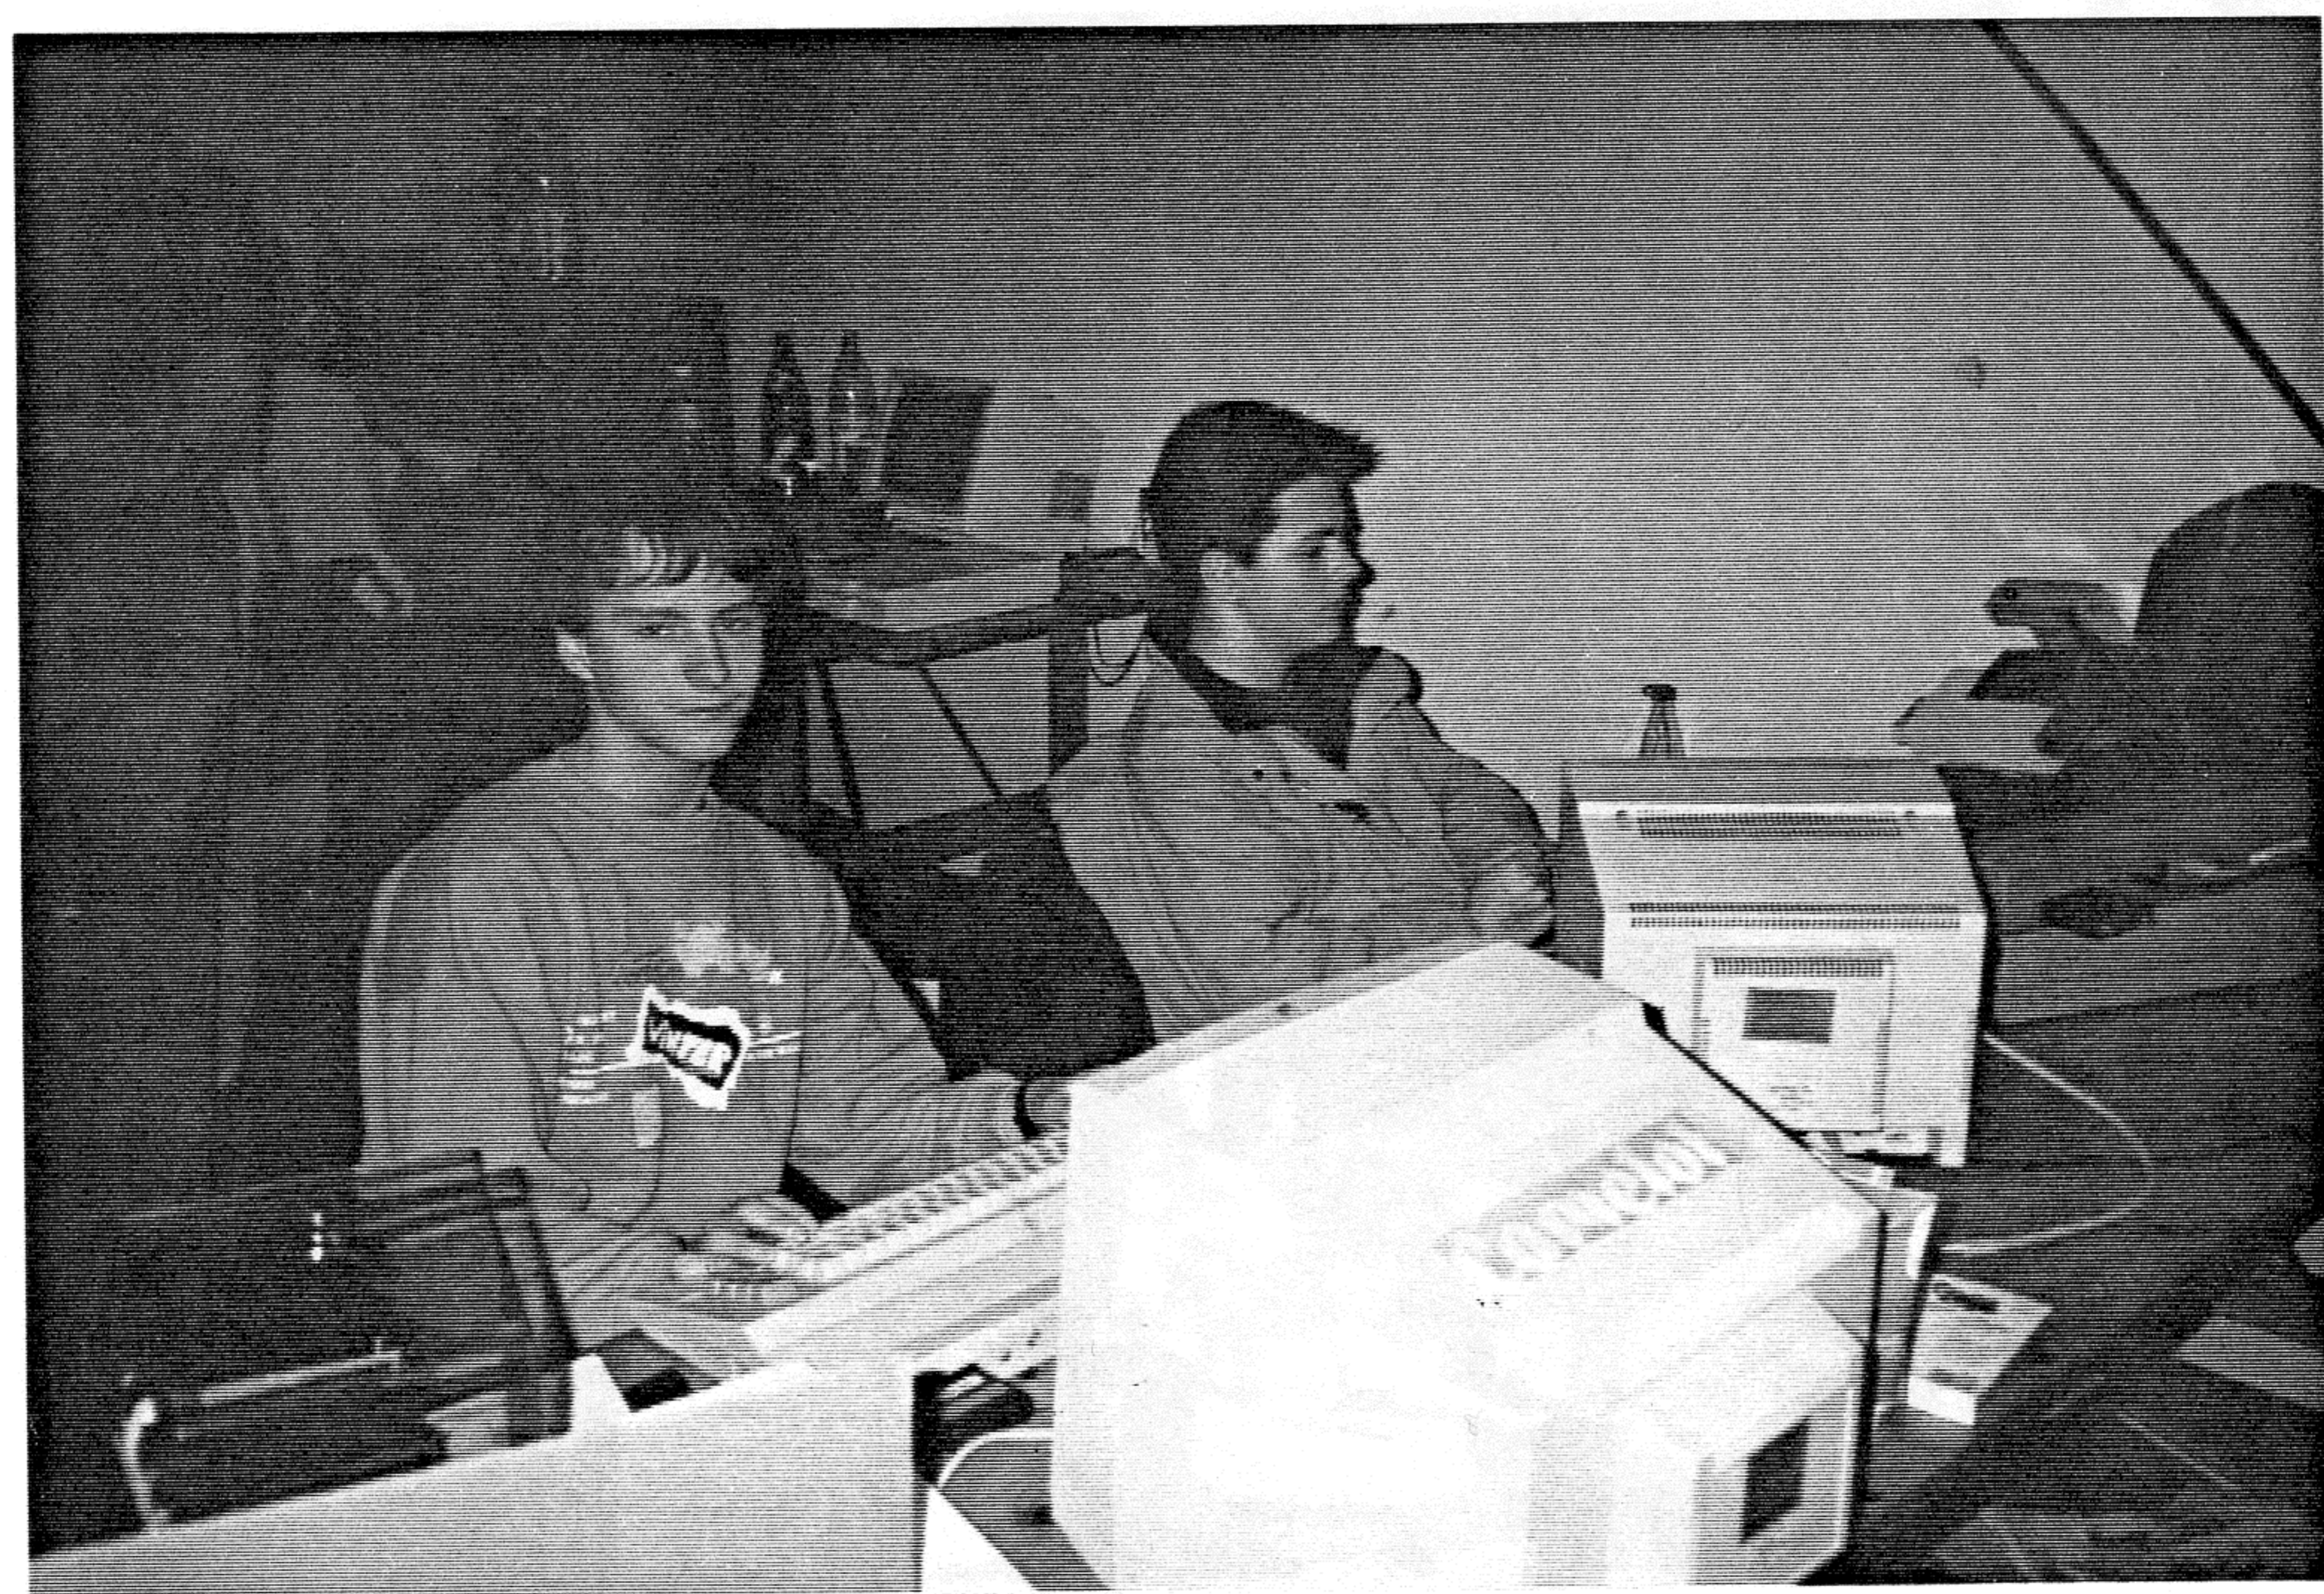

These 2 party animals are nobody else than the ultimate GHG/SURISE and the SUNRISE modem trader AKAY. Did you know that AKAY loves BLACK BEAUTY? No joke, he, he, he.

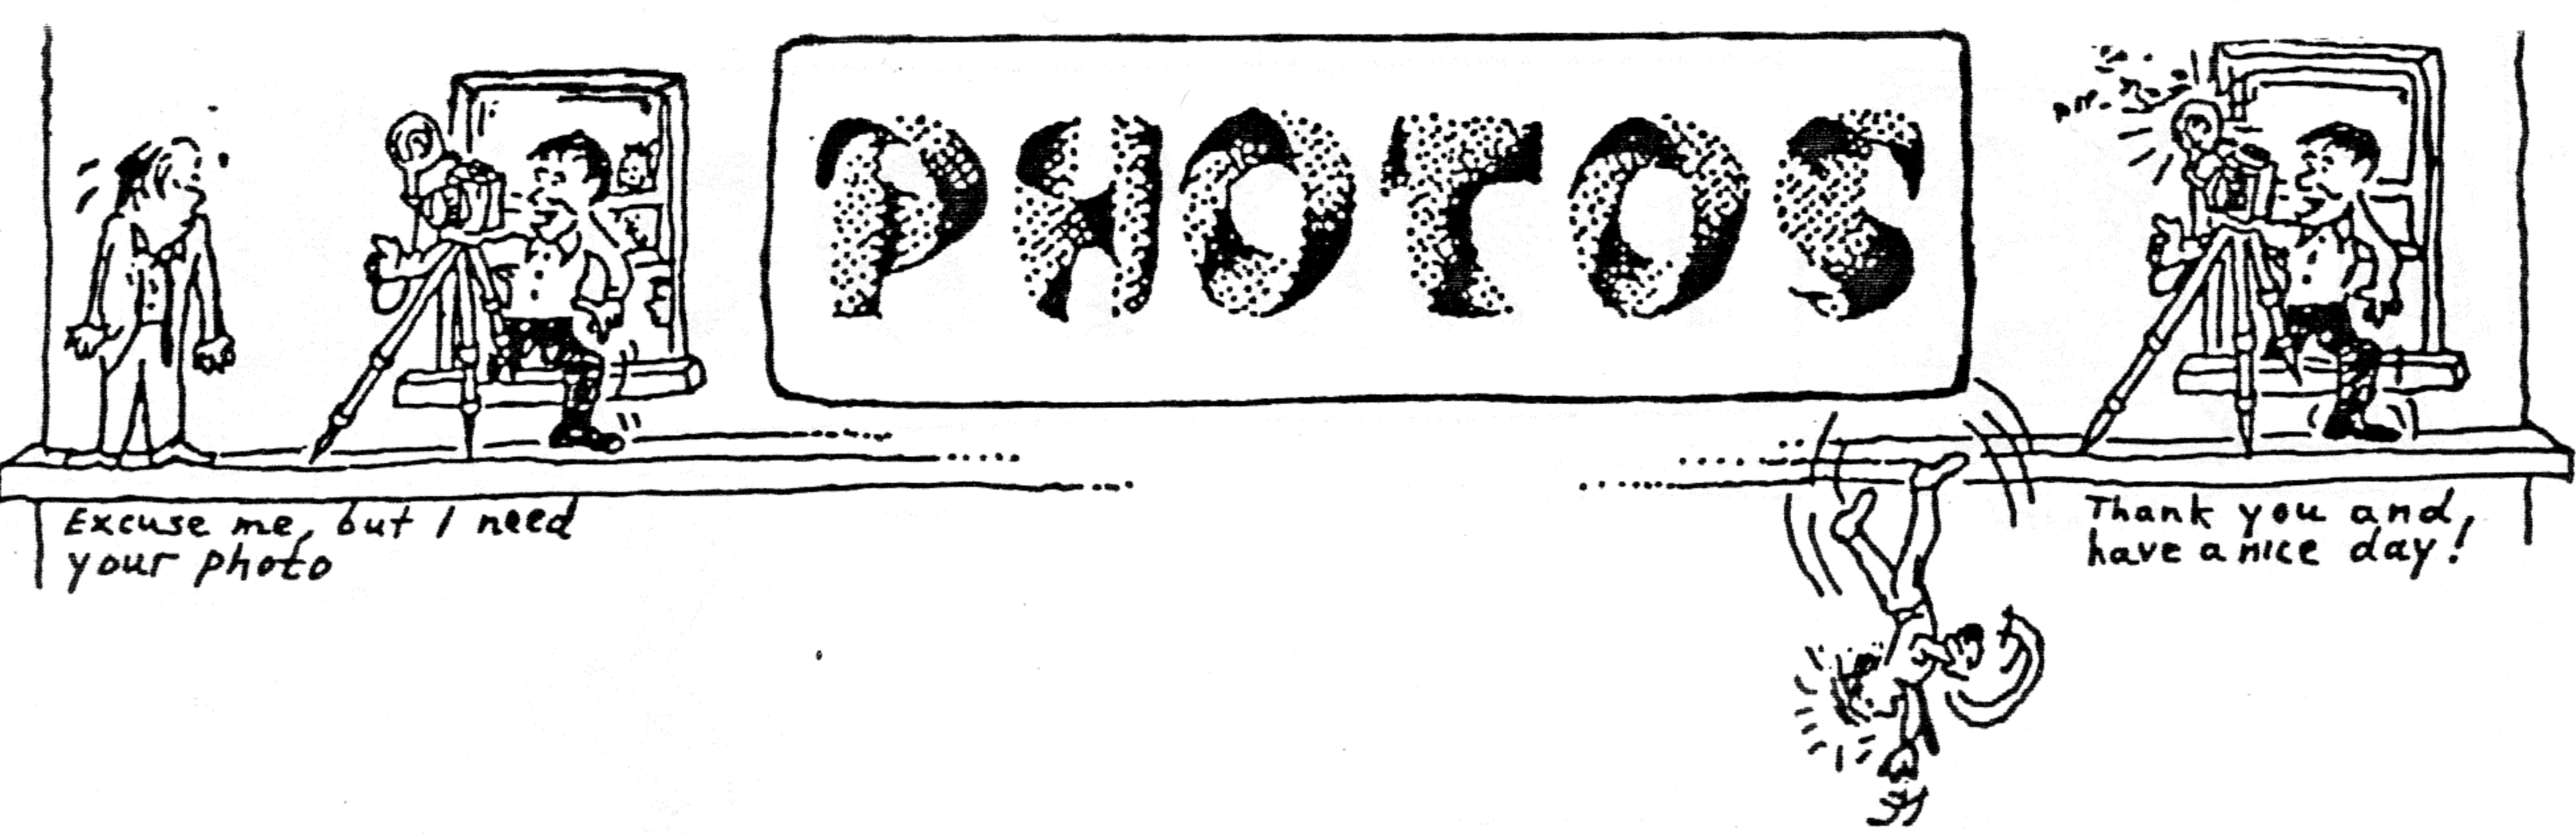

On the left you see GOBLIN/LIGHT painting some GFX for LIGHT's party demo. On the right side you see CREEPER/FLASH INC. also a real cool gfx dude...

The dude with the long hairs behind RASH and YABBA is JCH oops. STEEL from SUCCESS. Cool joke you made, ha, ha, ha !

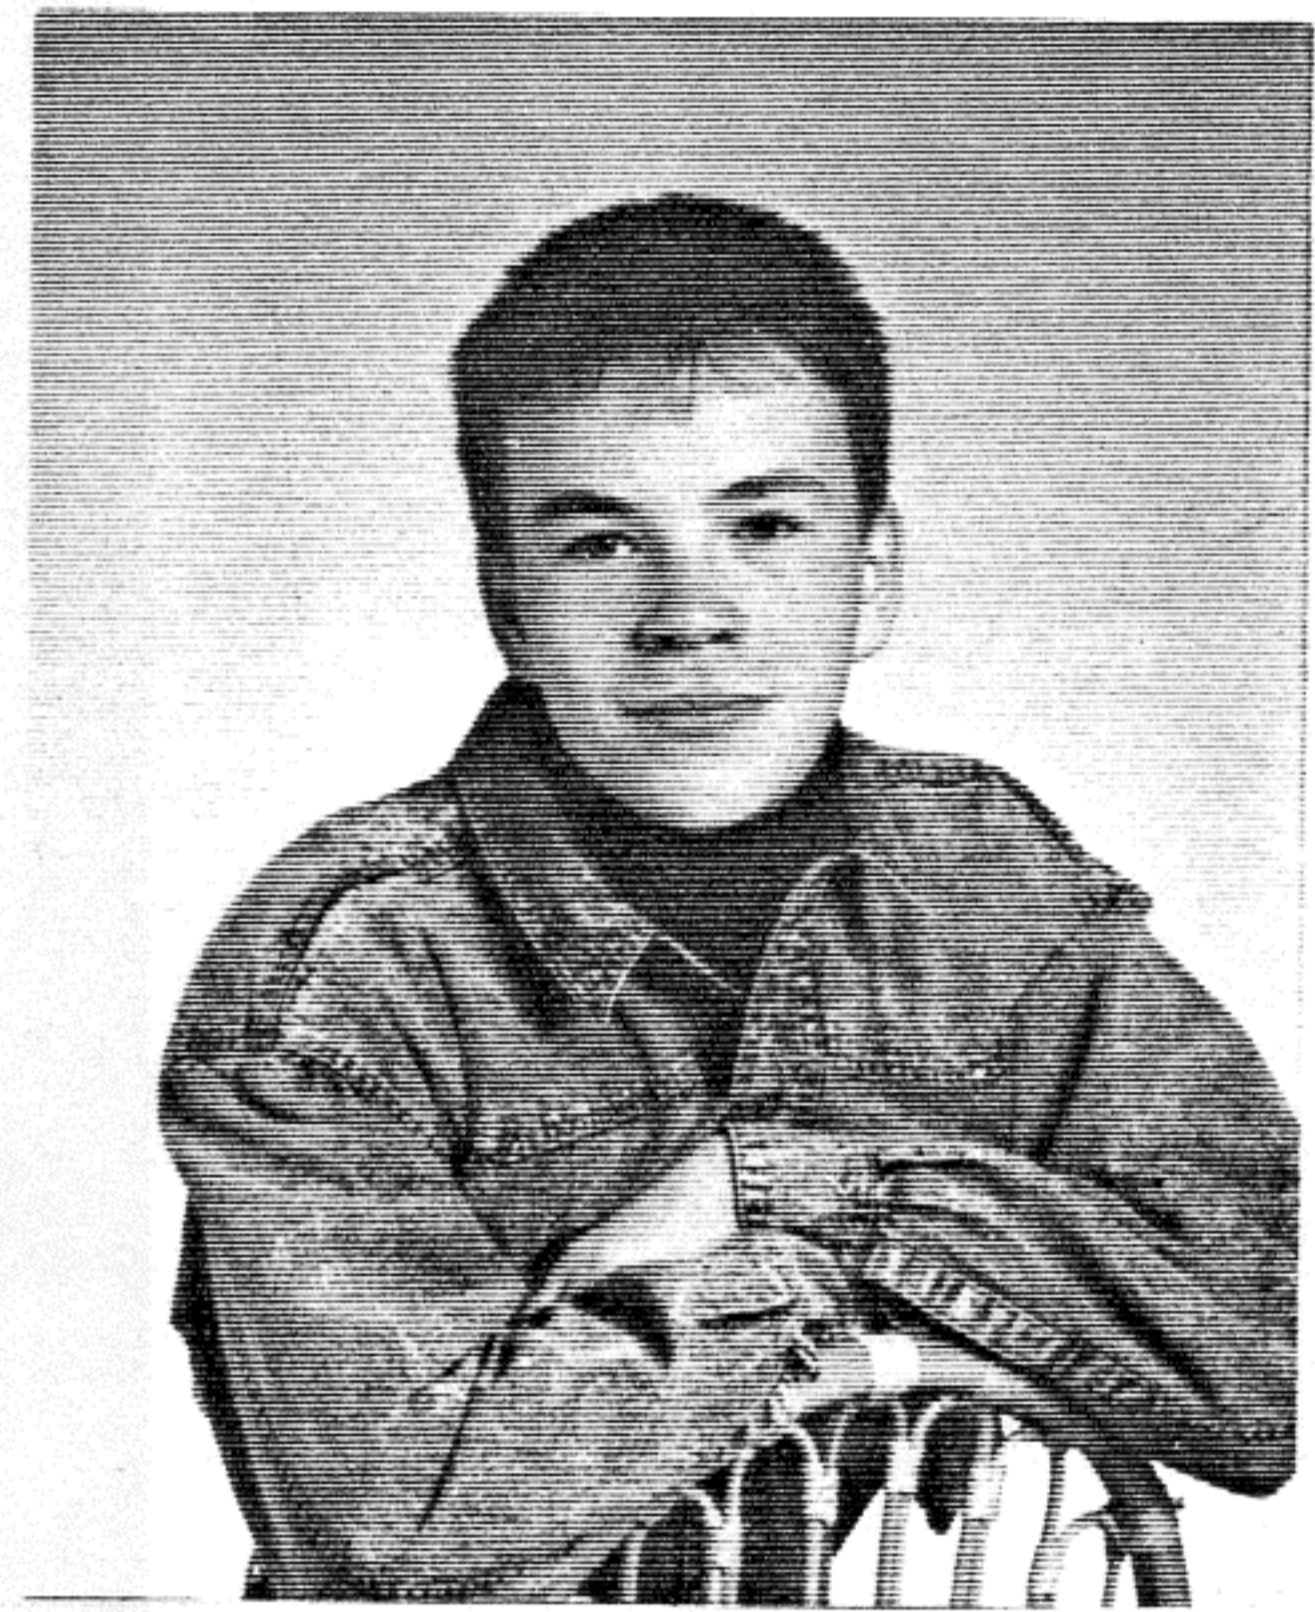

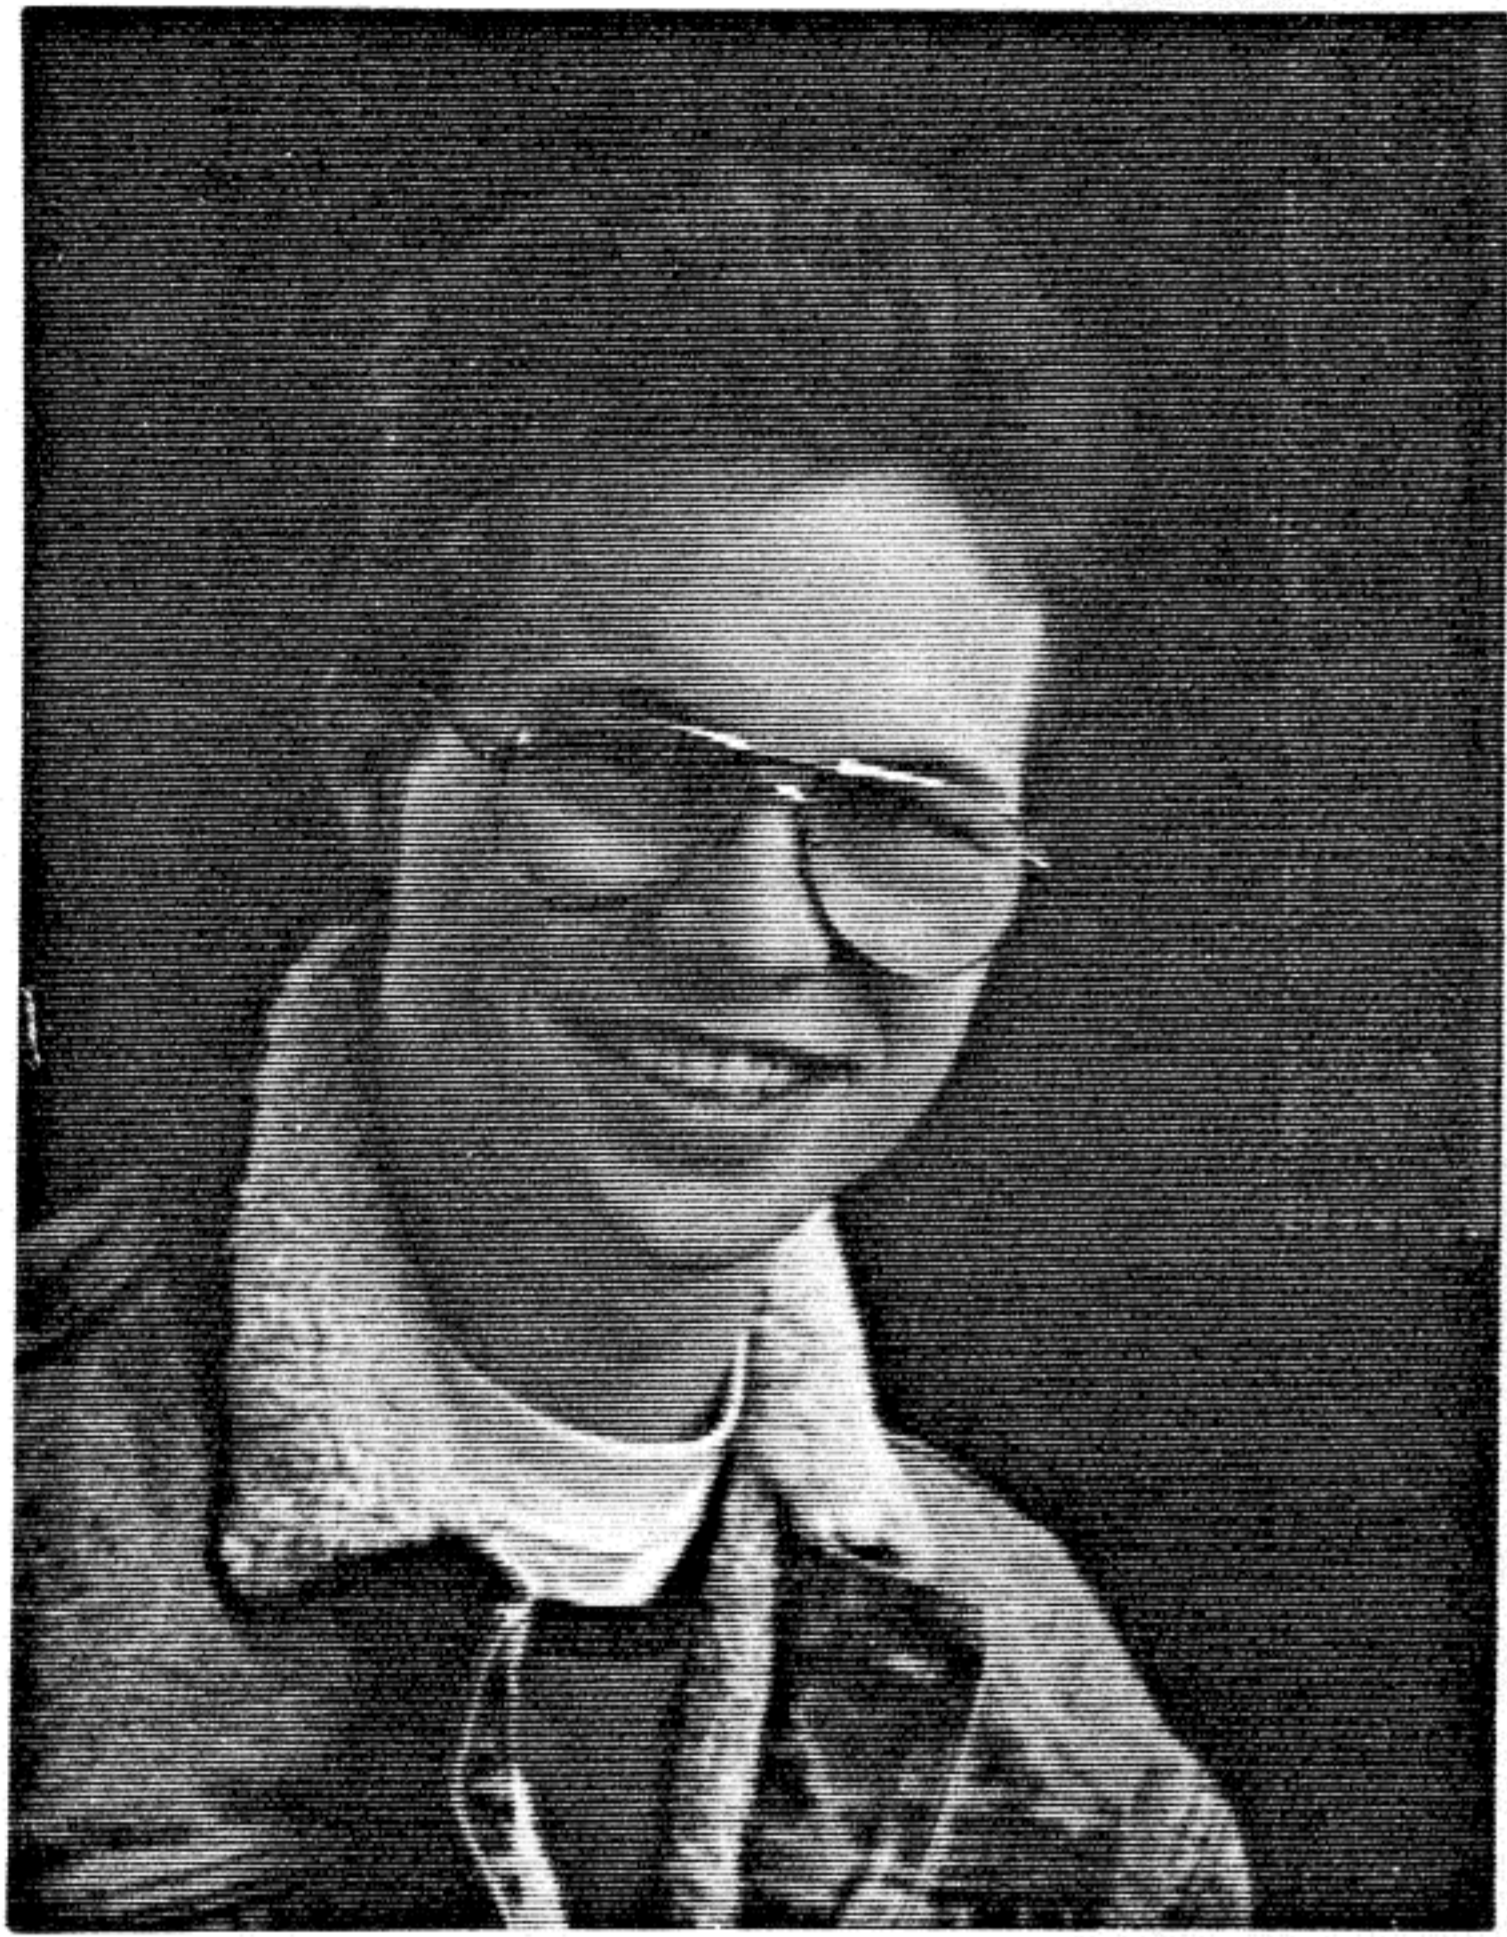

These 2 guyz are from left to right SLAMMER and CRUZER from CAMELOT, busy in coding their demo for the demo competition on the Bonzai party.

These 5 BONZAI party visitors are from left to right RAVE/SPIRIT, ANS/SPIRIT, INSIDER/SPIRIT, DENSE/HYSTERIC and MAC/GBF/CREST on there way to the BONZAI party. May be you can see the bumps on the left side of the car. ANS drove 200 meters and crashed frontal into another car. Hmm, may be it was not so funny for him, but we laughed and made jokes. ANS was totally nerved, he, he, he...

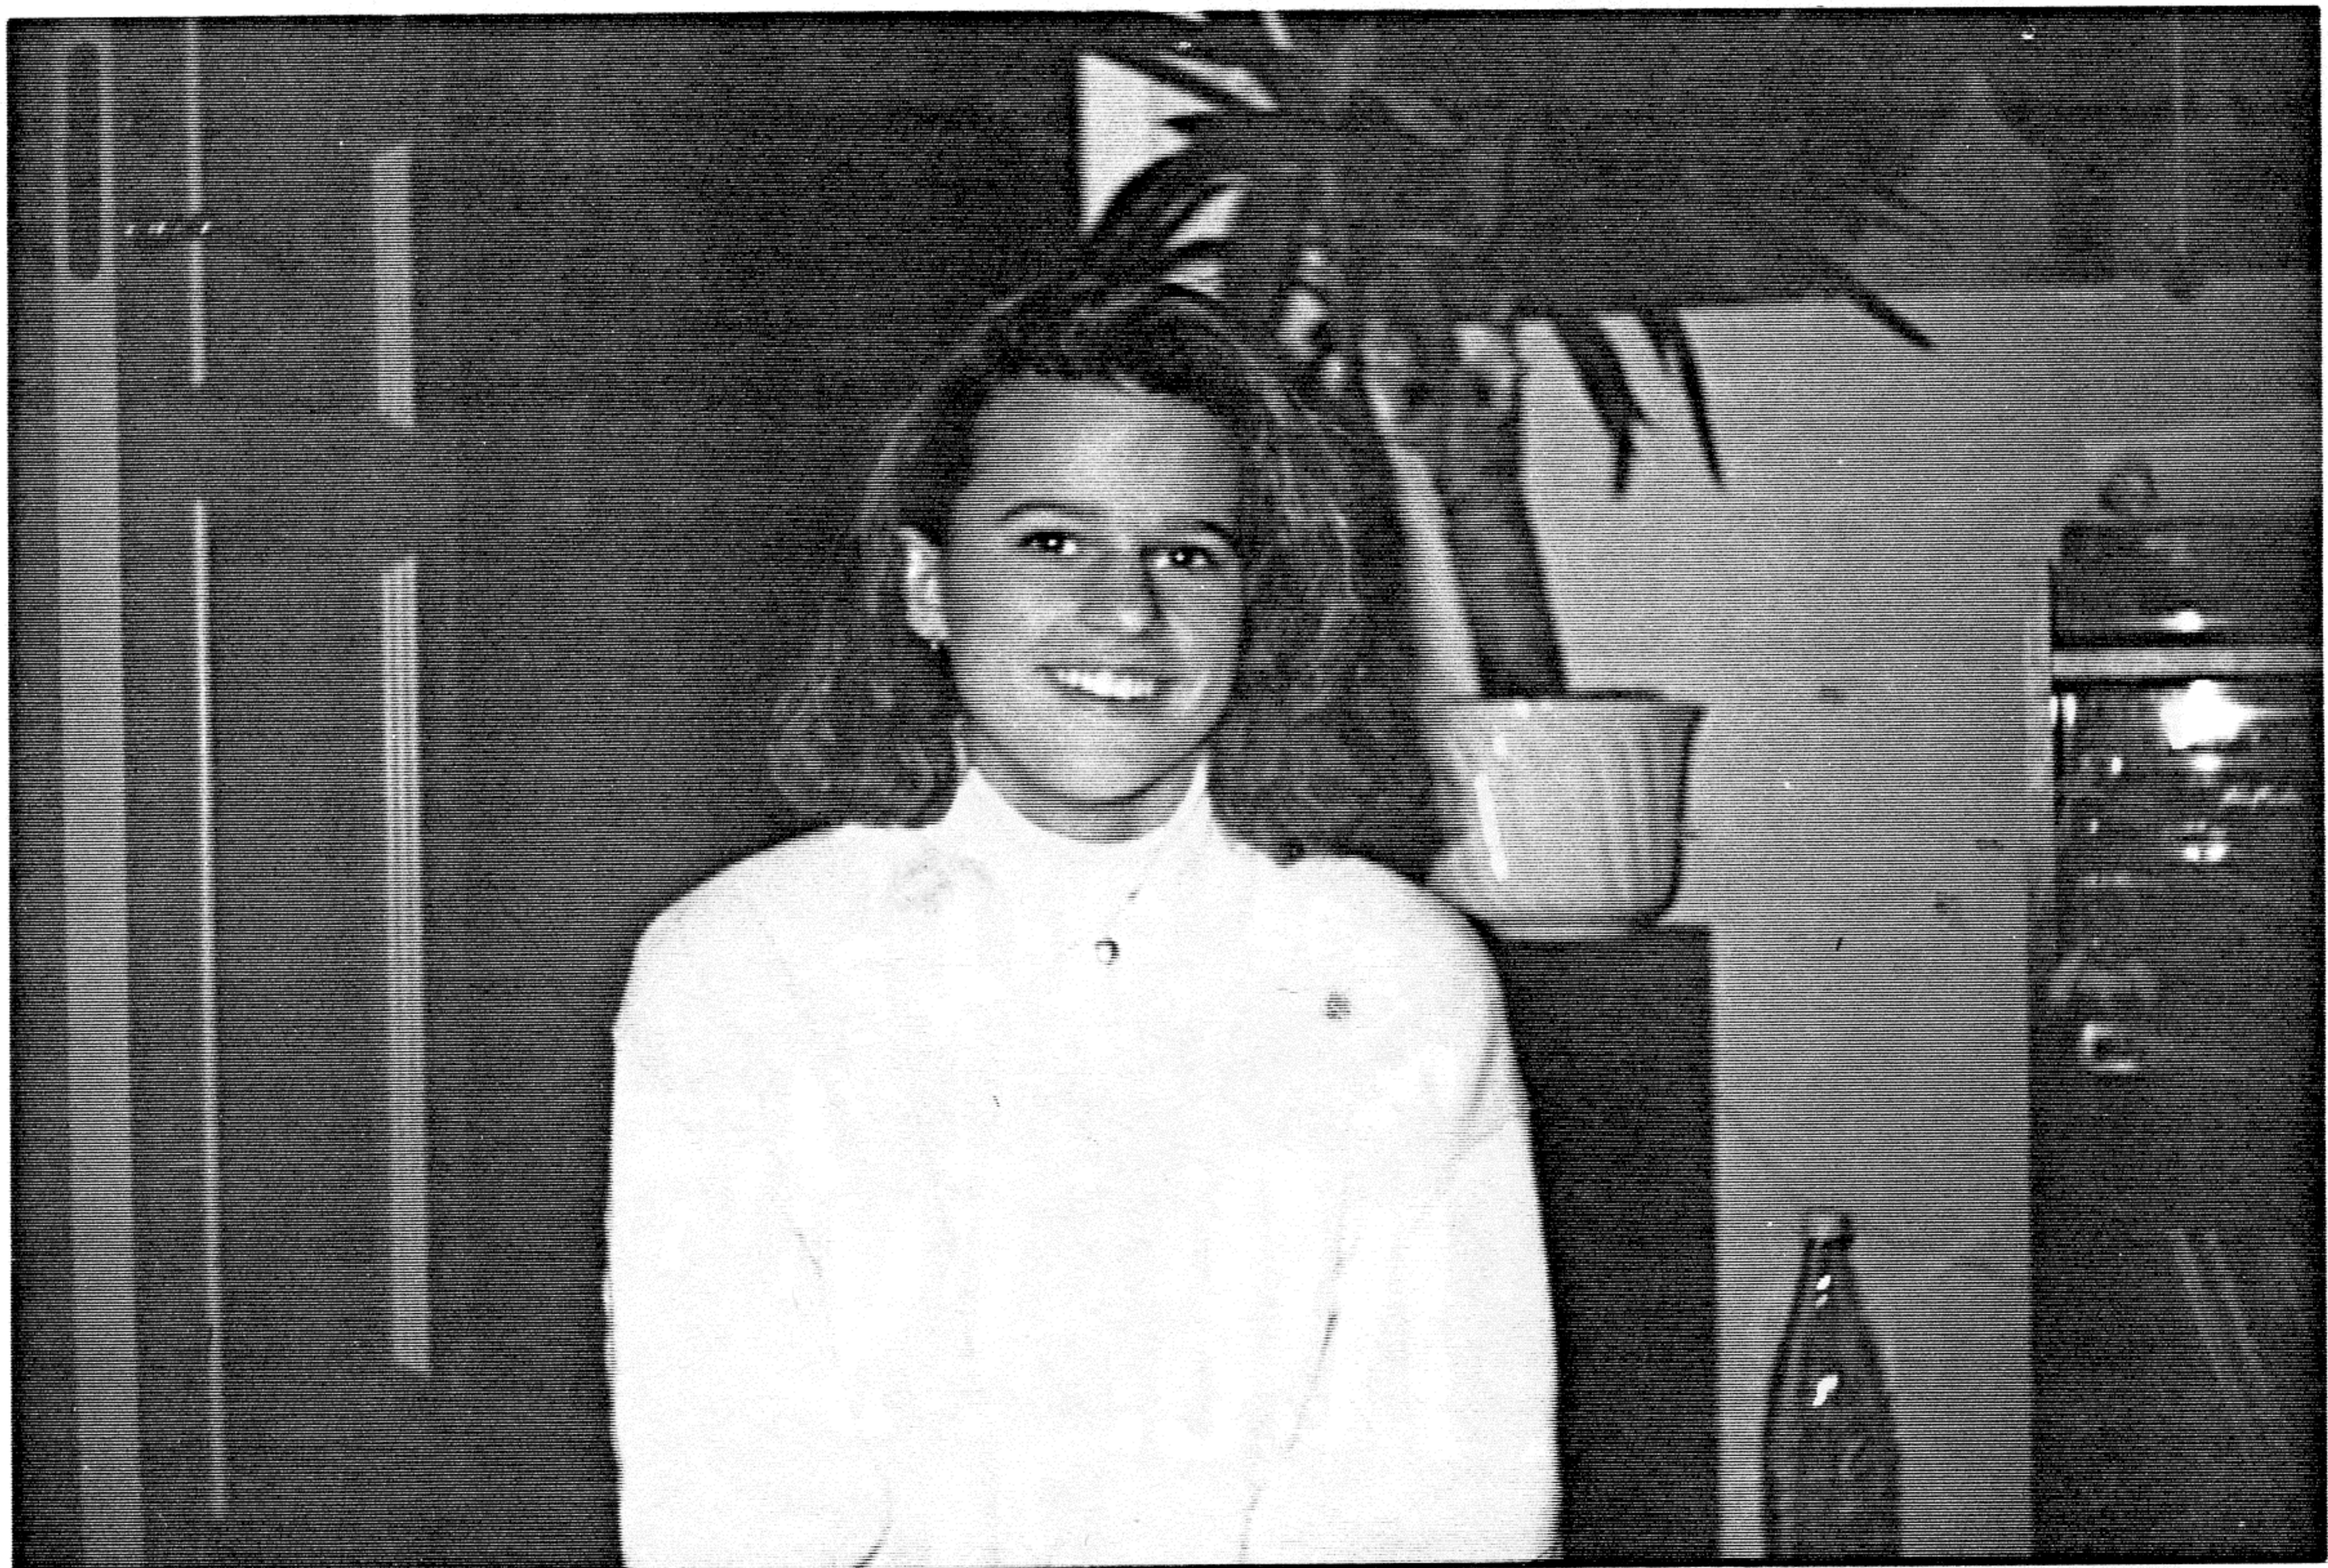

These raw dudes are from left to right SPIKES/DUNEX, RCS/LEGEND, IRON BOSS/BRUTAL, PANTHER/BRUTAL, SLASH/BRUTAL, TCH/BRUTAL and BAZE/BRUTAL all on the Venlo meeting in November...

This kewl dude is nobody else than the allmighty WEASEL OF ENIGMA. He looks quite okay, but he has no girl since his 20 years (sperm cord hardening ? Take it eazy man, he, he, he!).

This dude is D'ARC FROM TOPAZ BEERLINE. He is a really well known gix dude.

This nice dudet is the girlie from WALKER OF LIGHT. Her name is SOFI and she is 16 years old. Well I think she looks quite nice. Jonas, please send a better detailed photo, ehem

Normally I don't waste my time on lamers, but this time 2 nerds are really going on my nerves. These 2 lamers named KLF+EMF. They were kicked out of Spirit, coz of lameness and I hope that Sunrise will soon kick em also out. Okay now to the little history...

I think it was a wednesday afternoon, where I travelled to the post office in Carlsberg. Well no post for me. I was wondering, coz 2 dudes (EXULT/ACRISE and BOB/CENSOR DESIGN) sent for ages something to me. Well after I got nothing from the post I visited KLF to get a few discmagazines. After searching around in his disx, I saw a disc with the name 'CENSOR DESIGN' on the envelope. I loaded the dir and what did I see, in the header CD, a message from BOB, the newest SHOCK and other cool CENSOR wares. I said to KLF angry, you have stolen my disx and he said NO, NO, I HAVE NEVER STOLEN YOU ANY DISX. I asked him from which dude he got the sending. He replied, sorry I can't imagine. Well I said to him that I will call this night BOB and ask him what he sent to me. KLF said nothing, and I went home. Well the next day EMF told me that KLF stole my sendinx from the post. I drove immediately to KLF to get my stuff back. Well as I said to him that EMF told me that he had stolen BOB's sending, he said YES (quite cool eh?). Well and also he said that he got some GFX from an ACRISE dude (you see his GFX in the Bullet Proof). I went very angry and I said to him that he will be kicked soon out of Spirit, if this will happen a second time. He said sorry and I went home. Okay this was cleared now. After a few weeks I had a period where I got only 1 (ONE!) sending in a week. That was not very normal, coz I have 80 contacts. Okay I said to me, well the guyz have a delay, but after a few days STEP-PENWOLF said to me that EMF stole me a few sendings. I, angry like hell, went to this little small brain and kicked him on the wall and said to him that I want my sendinx back. He said NO, NO I HAVE NO SENDINX. After a few minutes the mother from the little lamer arrived and she saw that I kicked his son around. She asked, if I'm running mad and I replied yes. Well, I told her the reason and she said to EMF, to give me my sendinx back. After a while, I got sendinx back from METAL/SACRED NOISE (he sent me his newest musics which I am not allowed to spread!), photos from SOLAR/F4CG a sending from DERBIE RAM/DEADLINE and maybe a few more, but I'm not sure. I went very angry (who would be happy, when a local lamer is stealing his disx?). Well I kicked his ass and went later home. After a few hours the kids called me and said that they've stolen more packages. I said, I will come to get em back. This call was a trap. As I rang the bell, the door opened and I went up the stairs. Suddenly the kids jumped to me and sprayed me hair-spray into my eyes. Well the hammer was, that they know that I'm very sensitive on my eyes. 3 days before, I was 1 day in hospital to get a lil' laser operation on my 2 eyes. Also my eyes are very bad (you can call me the blind Dense). Well and the 2 kids sprayed spray in my eyes. Cool. Fuck em. Well after I saw that this was a trap I closed my eyes and kicked and punched around. These 2 lil' kids deserve every day a kick in their ass. Well than I went away and called immediately their leader ANS and asked him what to do. He said to me that he will kick them, if they will do again something against me. I'm a friendly dude and I like ANS (hey, I'm not a gay!) so I gave the lil' kids a 3rd chance. After a few days they called me up and wanted to stop the fight. I disagreed (the fight isn't over till now). After this, they sent a letter to me. I will print it down here, with all english faults and mistakes (my english isn't that good, but this is no english, this is ergs...). Well if you didn't believe me, I can send you the original letter!

Hello Dense... Hey Dense thiz is da last letter to ya who we said we will stop with ya da war. While ANS mean that is lame war in the scene and we have the selv opinion we ANS. I hope ya will stop with us da war. And when not than said it to yer best friend to time: Steppenwolf we hope that ya will stop we do it 4 ANS when not than said it uz fast that we can beginn with da anti demo together with Martin&Christian !!!!!!! That all... Yer K&E of the ruling Spirit crew... Well you will say what's that for a fuck. You can be sure, I forget no comma and no point and nothing else. I replied... lernt erst mal Englisch which means ist, learn english... You can make your own picture about these 2 creatures now. Well I forget the reason why they were kicked out. They tried again to get my post. Yes, they asked again under my password on the post. Well, the kids were in Spirit, okay, but don't think that Spirit is lame. They're now again a really cool asskickin demo group. The 2 kids were only a little fault from their leader. So try to give the new cool dudes in SPIRIT a vote in the demo charts. They really deserve it... Nowadays the 2 kids are spreading rumours about me, maybe stealing my post. I like em, ergsss... Well I don't care at the mo. Soon a anti demo will be blowed out... The name? KLF+EMF SUX !!!

Well, it was a rainy friday evening as we DR. DISK/LEGACY, his friend and I drove to Hannover, to met some other cool dudes. During our vaction to Hannover, snow falls on the street. It was such a bad weather, that I thought to made an accident. Stressed and totally nerved we reached Hannover and we tried to found our way to our meeting point. After a hard search we found it and met after waiting a few seconds TERMO, CRAZE, MR. PRESIDENT, STREET TUFF, ASLIVE, BENSON/HYSTERIC and MAJESTY. After a little small talk we drove to TERMO's home, where we did a bit modem trading. After a while a few guyz felt asleep and the other dudes played cards or talked a bit about codings and other fuck. At 5 am the hard crux felt asleep. At 7 am we woke up after a cold sleep. MAJESTY who felt very weak, puked before the breakfast in the toilet (he boozed nothing!). After a few cigarettes, we drove to the C-Bit and entered the large hall at 9 am. After paying our entrance fee, we searched the Commodore stand, but found it after 1 hour. Puuh the C-Bit was really large. After writing our names on the wall, we met BREGO OF TRIAD, DEATH OF HITMEN and FLASH/HYSTERIC. After a little small talk GADGET OF PHREAKERS VORTRESS and HOK/EMPIRE arrived. Suddenly somebody from the C64 dudes cried 'I found PARSON stickers, fuck he must be there', we tried to find him, but we had no success. Well, may be he went to the c-bit at 6 am, put his stickers on the wall and ran away, coz a lot of dudes want to lay their fist into his face. After a while NARC/LEGEND arrived and MAJESTY invite him to talk on a secret place (not the toilet, boyz). After the discussion was over, he gave him a confie PBX (was NARC afraid of MAJESTY?) and went later back to the other dudes. After NARC and I had a little small talk (I know now why he's ragging) I went back to the others. I grabbed the new excellent PIRATES who COMMUNIST/F4CG brought with him. After I studied the PIRATES intensive, I met some other guyz like JACK DANIELS/DOM, CHRYSAGON+PETER/ENIGMA, GOTCHA. Also PSYCHOBILLY, SKID ROW, SIR MANIAC and SKINHEAD/HYSTERIC arrived at the party place. After a little small talk, some Amiga lamers start fighting. After 1 minute the fight was over. The loser had a bloody nose and that's all (a pitty, only a 1 minute fight). After hanging a bit around, the Amiga groups sprayed their handles and group names onto the long wall. Some police men take some photos of the screaming crowd and also they took a video film from us (we are the criminals!). After the wall was totally overwritten, I had a look on the graffities and suddenly I saw some pigeyes onto the wall (yeah, really pigeyes). Hmm, funny. After a while 2 dudes from the NDR filmed the screaming posse for their report over the C-Bit. After this, the dude who brought the pigeyes, explained from which pigs the eyes are (very interesting, urgs!). After the talk, he tried to collect some balloons, to let them flew under the ceiling, but he had no success. Also AIRWOLF+L.A. STYLE/GP, GHG/SURISE+company arrived. AIRWOLF who was really doped this day, threw a ball into the screaming crowd and suddenly the officers screamed (not original) 'what the fuck you're doing, do you want to destroy evrything. All the dudes screamed YEEEEES, quite antisocial, he? After a while AIRWOLF wanted to spray something on another wall. Suddenly a fucking officer dudet went to us and said 'don't try to spray something on the wall or I throw you out'. CUMMUNIST replied like this 'temptation from people under age is criminal' and the crowd screwd and laughed after his reply. The woman went frustrated away. After talking about crax, codinx, blue boxing we decided to shoot a photo from the HYSTERIC crew. 11 guyz were there (only 3 missing), you can say it was a little HYSTERIC party. Hopefully the pic in the next issue. Than we decided to go out of the hall to eat and to drink something. Puuh, it was really expensive. 1 fucken sausage 2.50 \$ and a 0.33l coke 3.00\$. After eating those lame sausages, we went again in the hall and there I met THE SECRET MAN/INSIDERS and a few dudes from RAZOR 1911 and TRSI which I met on the CRYSTALS+BONZAI party in Denmark. After we talked a bit about the latest Amiga gossip, I talked a bit with PETER about Greenpeace (he wore a Greenpeace sweat shirt, but I missed his Birkenstock shoes, he, he, he). Than we decided to go home, cozed of no action anymore. After saying good bye, we tried to find the way out of the fucking big halls. After 5 hours we reached our homes and went extremly stressed into our beds...

Suma sumarum... It was a quite cool meeting (you missed something), there was a lot of action and also you met there more cool dudes as in Venlo. Well try to cume next year to this meeting. It was really funtastic...

Fast a list of the dudes who where there... CRAZE+PSYCHOBILLY+TERMO+BENSON+MR. PRESIDENT+STREET TUFF+SKINHEAD+SKID ROW+ASLIVE+SIR MANIAC+DENSE/HYSETRIC, THE SECRET MAN/INSIDERS, PETER+RYGAR+CHRYSAGON/ENIGMA, GOTCHA, HOK/EMPIRE, MAJESTY, GADGET/PHREAKERS VORTRESS, AYATOLLAH/FLT (send the pics, he, he, he), DR. Editorial	: Is very easily visable.	90P
Editorial	: Nice styled, cool written.	80P
3 Years...	: Text over the 3 year anniversary. Not my taste but a few dudes like it.	20P

3 Years...	: Graphs over the editon and how much sides.	20P
3 Years...	: Graphs over the devolpment of the editors.	20P

3 Years...	: Graphs over the sides each editor wrote. Puuuh.	20P
3 Years...	: Graphs over the length of the articles each editor wrote and how much they wrote. It was really not my taste to read 8 sides of the 3 years test. Also the graphs are very small.	20P
Mixed	: This side contains a little not good painted picture, a few cinema reports and a concert report. Well the pic was not good painted but it was funny. Again, throw the tests out.	50P
Charts	: Really cool, lotsa charts, no subjective opinion written under all the charts. Nice job.	100P
Charts	: Again the same like above. Also a nice style.	100P
Charts	: Really nice. Same as above. The charts have a minimum of 15 places and the longest chart has 25 places. Nice work.	100P
News+Comic	: Well the comic is really bad painted, but it was totally coool. I liked the comic. Fuck I must laugh when I see the pig comic. Also the news are for a papermag really new. Good job MIKE.	100P
Addies	: Well the style is not my taste and you can't read it that good. May be he must write the handles and the group names bigger.	60P
Addies	: The same as above.	60P
Reactions	: Well a half side addies and a half side reactions. Well MIKE that LOTU dude has for sure a worser english than my one (unbelievable, eh?) he, he, he.	60P
Reports	: From the Venlo January meeting and from the SCL party in Utrecht. Very new.	100P
Identities	: Really cool idea. Identities are little interviews. Quite interesting.	100P
Identities	: Same as above and really cool styled.	100P
Identities	: Same as above	100P
Cover	: A cover from DEATH/HITMEN. Not that good copied but DEATH painted it really cool.	70P
Reviews	: Demo reviews. MIKE tested a lot of demos but the test for each demo is not that good.	40P
Game Test	: A few game tests and LP tests. Nice style but not my taste.	40P
Identities	: Again a nice work.	100P
Reviews	: A few disc mags. But they wrote more text as in the demo reviews.	90P

 8 sides.But the good thing on this MILESTONE issue are the Identities.6 sides.
 interesting and informative.Cool.The GFX was lame painted,but it was really
 nice.The cover was really good,not so cool as Gotcha's GFX but it was good
 (logical eh?).Okay,now my points in my overall judgement...

Erm well some corrections to the last issue. That was not Jayce from Chromance on the pic together with BOB/CD. That was Jazzy-D. Sorry pals. And also that was not Baze from Brutal that was Scortia from Starion. Sorry I didn't shot the pics, but may be I was a little bit doped, don't know...
